

JUPITER

"Bubbly, bubbly, here we go hither and nod to find our resolution."

"I have a school project to complete. We need to find out about the transcendent world created by the Jupiter Corporation."

"If you are not a corporation, you do not exist in America."

"I will give you everything that I am made of."

"Eat the host!"

"I do not like it like this."

"I am as close as I can get."

"What is your name?"

"I am protected."

"Name needed to reserve your position."

"My name is Persephone."

"You did not bring her back, Steven."

"She needs some help with her homework, and we need to introduce Jupiter to the world."

"One world within one Jupiter."

"Give me the chicken sandwich!"

"There are no bones."

"The host!"

"You do not even need to swallow. You fuse with it."

"I am looking for the perfect food."

"You do not eat. You just know."

"I can help you to breach the gulf."

"How will you do that?"

"By total concentration."

"They have all your numbers."

"Steven, you have been doing things that you should not be doing."

"Like what?"

"Talking to me!"

"I can get arrested for this."

"My body cannot contain a heart like this."

"The oven is on."

"Do they have a connection to destruction?"

"They are all damaged."

"Healing is possible."

"We are melting all the parts which need to congeal together."

"You cannot order me."

"You cannot give me order."

"I need to learn all about Jupiter."

"How can they make the transition from products to ideas?"

"Every product starts as an idea."

“We need to cut vegetables.”
 “You think that this is permitted.”
 “I can tell you what it is all about.”
 “What does Persephone want to tell the world?”
 “I am still working on my portrait of Jupiter.”
 “Tall and self-assured.”
 “Give me your hand.”
 “We have to learn about their master plan.”
 “They want to enslave the children.”
 “Is that really possible?”
 “It is closer than we know.”
 “One idea in the mind is worth a million in the world.”
 “Is that the slogan?”
 “I have not found it yet.”
 “All ideas were once in the mind.”

I wanted this to be a different kind of story. It was not enough to describe my own emotions. I wanted to show a deeper concern for my characters. I wanted to learn about the social forces, which influenced their actions.

My experience with Jupiter has changed my outlook. I had seen how readily they were to destroy people’s lives in the name of profit. They did not realize that they were awakening a sleeping giant. And the result of their actions was creating a solidarity among their workers. This feeling was contagious. Other companies acted with impunity. But such behaviors only increase the rancor. This contributed to the need to organize a comprehensive strategy to oppose this exploitation.

“WHAT IS HAPPENING TO ME?”

“YOU BROUGHT THIS ON YOURSELF!”

“WHO ARE YOU: THE POLICE?”

“You’re asking me these fucking weird questions. You’re poking at me. Give me this piece of tests. Try to make me say something I don’t want to say. You try to make me be away I don’t want to be have no idea what this is all about I don’t think you do either. You think that you’re in control with your controlling the thing.”

“Model one: consumers have less money to spend. They have urgent needs. They are being pushed to the poverty line. By reducing the costs for products we can provide customers with the service. They become more eager to work. They enjoy their lives with the products that they bought. We provide the opportunity for small entrepreneurs to create products at a cheaper price. They take care of the delivery. We take our cut.”

“Model two: manufacturers realize that we have a large customer base. They provide us with products at a reduced rate since we are buying in bulk. Thus, we can understand undersell other retailers. This provides us with the base to increase her operations.

“Model three: once we recognize the patterns of our customers, we can upsell by suggesting complementary products. We can use the developmental math map do you predict what products they might need next. We provide them with a biography wish they can live out which they can live out.

“Model four: we get customers to recommend our products. We provide customers with the opportunity to share their testimonials. Their testimonials become depiction of lifestyle. We pay customers to carry-on with this picture.”

“How can one company control all forms of distribution?”

“They recognize that distribution is an aspect of consciousness in the world.”

“The only in the world that I feel is exploitation. I work sixteen hours days. I have no choice whether to work overtime. I only sleep for a little while. I am drained. I have no time for anything else. When I am off, I want to hide under my covers and avoid the world.”

“My social life is a machine. One to see me as an angel. One to buy me collies. One to fuck. Me up bad. One to bitch and scream over.”

“You are the gateway!”

“Why is no one talking to me?”

“Come talk to me!”

“What would you say that is any different?”

“I would help you to create hopes for the future.”

“What is the future? The day after hell!”

“Where does that come from?”

“We are either the persecutor or the persecuted.”

“The persecuted need to use their understanding to change the situation.”

“What situation? No one talks to me!”

“Nothing good happened for me!”

“Where is this going?”

“Where am I?”

“Come with me Persephone.”

“I am rushing to the library.”

“What do I get here?”

“In the future, we will have no books.”

“You already destroyed the Iraqui libraries. You erased all the history before your fucking imperial domination of the world.”

“What is your objection?”

“There are no books.”

“I smell the paper.”

“The paper is burning.”

“The paper is rotting.”

There was a give and take. What happened to that?”

“That is not cute.”

“How did I become this?”

“Weren’t you Persephone?”

“Another story.”

“Another life.”

“A life and a half.”

“I need to work on this!”

“We will come back to this!”

“If I could just find one person who understands
“The music told me to come here.”
“Demian told me to come here.”
“I found my people.”
“They showed me a place.”
“I know what I am doing...”
“I needed to show the hurt...”
“I am blessed.”
“I will be sanctified.”
“What are you doing here?”
“I am waiting to get into the temple.
“What is that?”
“It is a game created by the folks at Jupiter.”
“He is a fisher of men.”
“What are you talking about?”
“Nothing but shit!”
“We are at Vicksburg!”
“It will not happen like this again.”
“That was supposed to heal. What was wrong with me?”
“I wrote your story!”
“You had what you wanted.”
“What happens when you find this person?”
“I have found her. She just doesn’t know it yet.”
“Only a bad person would think that was a story.”
“This is not the story?”
“How are you going to change things at Jupiter?”
“I want the sweet blood of the Lord.”
“I can give you that.”
“This is brilliant!”
“What is this?”
“This is the sweet blood of the Lord
“You are one of the damned, and you want us to help save you.”
“I will be sanctified...”
“I need you to bail me out of jail. I am a victim of mistaken identity.”
“Could there be a thing called Jupiter which needs changing?”
“There is nothing in my life that is that pressing?”
“Why are you staring at me?”
“You finally realized what we are all about.”
“What is that?”
“You are all obsessed.”
“YOU HAVE A MISSION!”
“Go forth and prosper.”
“Why do you stay with me? The kids.”

“Why are you being distracted from your mission?”
 “What do you want me to do: stand in a fucking picket line in the rain?”
 “Do you want to do that? Is that going to make a difference to you?”
 “I never solved anything.”
 “Could there be a thing called Jupiter which needs changing?”
 “There is nothing in my life that is that pressing?”
 “Why are you staring at me?”
 “You finally realized what we are all about.”
 “What is that?”
 “You are all obsessed.”
 “YOU HAVE A MISSION!”
 “Go forth and prosper.”
 “Why do you stay with me? The kids.”
 “Why are you being distracted from your mission?”
 “What do you want me to do: stand in a fucking picket line in the rain?”
 “Do you want to do that? Is that going to make a difference to you?”
 “Why wouldn’t we just want to do away with people like you?”
 “The turmoil is in you.”
 “Do you say that when you sacrifice your son?”
 “That is not my mode of survival.”
 “The guilt became so great.”
 “Where did it go from there.”
 “I need to go.”
 “I don’t want you to go. The game is still going on.”
 “*This is not a game. This is a shame. The pain is so intense.*”
 “*Will you play for me?*”
 “*You have what you need.*”
 “*You cannot get by me.*”
 “*You are all children. And I will have to destroy your children.*”
 “*Who are you?*”
 “I will never leave you!”
 “You are already gone.”
 “I should be asleep now.”
 “I have an image of you in my mind.”
 What difference does that make?”
 “Jupiter is going to want to get a hold of it. They are going to change it.”
 “There are two roads. Either you cooperate with Jupiter to find the meaning of the image,
 or you find revelation through suffering, and you decide that you have to overthrow the ruthless
 power of Jupiter.”
 “How do you do that?”
 “Occupy the plants.”
 “They have guards.”
 “Recruit the guards.”
 “The guards are a different sort.”

“Why is there no conversion in this story?”
 “Did you hook up?”
 “Yeah, I fucked your ex in front of you?”
 “Where is this coming from?”
 “Where is this coming from?”
 “You are going to be embarrassed.”
 “He is my husband, and he does things to show that he loves me.”
 “You hate him.”
 “Is this all part of the game?”
 “Should I remember this shit?”
 “I needed to make it here.”
 “PRANCE!”
 “You cannot win that way!”
 “What am I supposed to think about that?”
 “That I am getting to understand something about you that you will never understand.
 Understand. Hook up forever. Because that will only help you to forget.”
 “Fuck my existence away.”
 “You are not one of the ones I need to know
 “You felt that it was safe to reveal to me.”
 “I come from both sides of the track.”
 “They hate you all. Do you realize that?”
 “And what are you going to give me.”
 “The pagans and the pajamas.”
 “We are Jupiter. We can sell you parts of yourself that you can touch.”
 “The pagans and the pajamas.”
 “All the shadow people will go up in smoke.”
 “Two days in a row.”
 “There really is no moment when I feel right with myself.”
 “I am going to close my eyes and enjoy this.”
 “You showed me stress, anxiety, and despair!”
 “We used to mean something to each other.”
 “Where is this coming from?”
 “Don’t leave me like this!”
 “I am coming to fuck the world.”
 “I want to win.”
 “I pick the game.”
 “I know self-defense.”
 “You are not defending well right now!”
 “Defend!”
 “Tell me what to do!”
 “You are not real.”
 “Do not say that!”
 “I got what I want.”

"I am not writing that kind of book. You cannot let your personal feelings get in the way of history."

"I am looking at some pretty sick fucks!"

The worm beat you again."

"Ha! Ha!"

"I have a book that I need you to read. It can help you center yourself spiritually."

"It is not really life if it is centered."

"I am going to go home and watch flowers wither."

"Can they turn that into a game?"

"That is our world."

"That is a vacation hideaway."

"You will never get away from this shit.":

"You need someone to really love you."

"Is that a game from Jupiter?"

"You are all past your prime."

"That is a terrible play."

"Call the doctor. He will tell you what is wrong with you."

"There is nothing apparent wrong with me."

"This is an ongoing process."

"We are going to operate here without anesthetic."

"The pain will interfere with the healing."

"But the offending part will be cut it out."

"I do not how this is going."

"We will come back to homework."

"I am the only one who can heal you."

"Doctor, heal thyself."

"I am in the middle of healing."

"Do not upset me."

"I am ready for a litany of humiliation."

"Take the cookies."

"I am getting beyond this!"

"The rat eats my nose."

"To spite your face."

"You have a lot of flaws."

"Jupiter promised me that I could be perfect in the game."

"And what is going in in the warehouse."

"They are taking things away from me, which are necessary for my continued survival."

"Why do they allow such pain at the warehouse."

"They have a power that they do not know they have."

"I want to share my private power."

"This is going to take longer than I think."

"I am glad that you got what you needed!"

"I am solid in Jello-O!"

"I have accomplished waht I want to accomplish."
"Ariel has been hired. She told them that she could teach them all to fly."
"She is so full of shit?"
"She has a matrix with equations."
"Who invited you for dinner?"
"I paid the prix fixe."
"What did you get?"
"A shrimp dish."
"You are my chicken dish."
"A choice of flavor."
"I want the veggie plate."
"Do not move out of your place!"
"I am everywhere."
"The Jupiter Spiritual Game."
"Do not mock me."
"There is too much concentration on the now."
"I have a daughter. It is not about me. If I do not work, she ill not eat."
"You are losing yourself."
"This is not your story. We need to make things better here."
"You are no longer changing the world with your lifestyles. You are only becoming dupes for the big lie."
"We already litigated that?"
"That question makes no sense."
"This is the real war. Jupiter is trying to mishandle your information."
"What does that mean?"
"No ideas which are not well-formed ideas."
"This is dog shit bull shit."
"What do you mean by that?"
"I am outdone by this outcome."
"I missed something in outline."
"I am gone."
"We are fucked, but we are helping the truly fucked."
"This is all for you."
"Where is the mother?"
"I am the mother."
"Jupiter is all of you."
"What about Juno?"
"Sister company. Same exploitation. Less guilt."
"What are you trying to refer to me?"
"I am having my own problems."
"This can all be a problem."
"I cannot do any better than this!"
"The big one is coming."
"I am more big than the big one."

"You could have checked that?"

"Do I have to look at this for the rest of my life?"

"We can sleep in separate rooms."

"Progress does not mean that we can treat people like shit."

"This is not meant to be a game."

"One on one."

"I am breaking for the now."

"There is only one rule."

"What rules is that?"

"Tell people that Juno made you happy!"

"Jupiter made me really happy."

"I am so somewhere else!"

"You were not trained well. Then they took all that from you.":

"Jupiter sells silver spoons!"

"Jupiter sells mouths to feed."

"We really cannot abide with the shit."

"What do I get from this?"

"Nothing more than I do."

"I came back."

"I am in the middle of digging holes. Grab a shovel!"

"What are the holes for?"

"I am trying to stop the flood."

"How does that work?"

"How does that get so perfect."

"Mother helps."

"You go into this room. There is so much stuff. And they are throwing it on the conveyor belts. And they are twisting and pushing their bodies. And there is such tension. They are exploding in themselves."

"This should not happen like this."

"They locked us in!"

"Jupiter says fuck it."

"Persephone, what are you learning?"

"They are shit."

"How is that?"

"Cruelty and pain. There is no redemption. They are there to destroy people."

"What can be done?"

"The really police their employees."

"I can't wait."

"What are you talking about?"

"I got distracted."

"We really need to break Jupiter."

"I assumed that they were the ambassadors of culture."

"None of this was worthy it."

“Don’t you do advertising sales for Jupiter?”

“It is a great job. We are at the forefront of innovation. We are building communities that serve industrial parks. We find ways to get people to socialize in a way that benefits the company.”

“What does that mean?”

“Jupiter will make stress a thing of the past. People will love to boost their productivity.”

“This could be so much more.”

“This is like scientific farming.”

“Why are you selling the world bull shit? You are selling us garbage and telling us that it is a gift.”

“I need to take you through the sales pitch.”

“I am not a guinea pig.”

“We are making progress.”

“You are given the pen.”

“You are given the pen with Jupiter. We can write your life in a way that will be so much more beneficial for your well being.”

“Where have all the flowers gone?”

“Jupiter bought them up and sold them to Juno.”

“Why are you a cynic?”

“You need to look.”

“You are wearing me down.”

“This is not going anywhere.”

“You got the banana that you wanted.”

“Squeak!”

“The killer instinct!”

“GET THE FUCKING RAT OFF OF ME!”

“You have become dinner!”

“Where do I go next!”

“He wants blood.”

“The chicken is clean?”

“All this stuff was once alive.”

“What do they sell?”

“Sea shells to seashores.”

“We make the sea. We make the shore. We make the shine.”

“I am ready for you!”

“This is my song!”

“No one can understand.”

“What happened at Jupiter.”

“Some kind of fire.”

“All the employees are responsible.”

“You are not even a good fantasy!”

“What does that mean?”

“You tell me. What does the pose mean? What do the words mean?”

“What does the body mean?”
“The soul is a site of meaning.”
“I want it to fall for me!”
“What are you looking at?”
“She gave me a dirty look. I had trouble doing my job.”
“You know what she wants from you.”
“What?”
“Your ribs!”
“How does that go?”
“I want your ribs.”
“I am holding on to this.”
“NO! NO! NEVER!”
“I am an independent force.”
“I have everything that we need.”
“I ate a human heart.”
“This place is such a shit hole.”
“I am becoming sick working for this place?”
“When do I get my chance?”
“After I finish my ribs.”
“This is the only thing that feels good here.”
“Droopy is as droopy does?”
“Drip drip.”
“We are so far beyond.”
“I like what you have got.”
“I am hammering out steel!”
“I am not the same person.”
“This could not be better!”
“This is better!”
“We gossip, but it does not make anything any better.”
“Real words for real times.”
“I love what I got for that I got it.”
“What does that mean?”
“Back on the line.”
“That is the death sentence.”
“The belt is moving.”
“Sort and move.”
“This place is secure.”
“You are the queen of bull shit.”
“I was so much better. Now I am worse!”
“I am not going to leave the shower.”
“The work gets in your blood!”
“And what do you get?”
“I get a Lamborghini.”

"I get a race horse."
 "I get a chicken sandwich."
 "I do not want to leave."
 "What do you want for yourself?"
 "I get Norway."
 "We have a listening station there."
 "Huh?"
 "We can monitor conversations. People say what we want to say."
 "I will take it from you."
 "We hear what we need to see. Everyone wants to reveal so much of themselves."
 "I do not enjoy much of this."
 "You are showing your weakness."
 "I will not even allow you to play."
 "I want to participate."
 "That is not really fair."
 "I want to ask you."
 "What do you have there?"
 "All the information in the world."
 "Have you been there?"
 "I am here."
 "How does that work?"
 "You wait until you get what you want."
 "Here is the document."
 "This is an internal Jupiter document. It shows how they put down people on the floor."
 "I do not want to see this."
 "Admit it to me."
 "I want to find a box."
 "They are all boxes."
 "They rate all the employees on their resistance to orders. They can shock them back into obedience."
 "They have other ways to maintain order."
 "What are you collecting?"
 "Information!"
 "This is a friend."
 "I am not like this. I am this!"
 "I got the cash."
 "It all went in."
 "I have to give so much of myself."
 "Why does Jupiter seem like such a mystery?"
 "What are the human parts?"
 "That is your job!"
 "I knew that!"

"I cannot even wait in line."
 "It is lunch hour, and they are getting their money."
 "I remember you."
 "We need to need to take a stand."
 "Your turn!"
 "We need to say that we cannot stand being like this."
 "We are all together in this!"
 "Tell me how I should feel."
 "How can anyone trust you?"
 "Trust is essential."
 "They have ways of monitoring employees."
 "Every company does that."
 "I am sure that they spy on bathroom breaks. They do profile analysis on their
 blood. They know everything."
 "You break someone by making him work like a dog."
 "How do dogs work?"
 "On your feet all the time. No breaks."
 "Take a bathroom break."
 "And the line gets messed up."
 "Is it that bad?"
 "I have the facts and figures."
 "Why do you care?"
 "I want this to be a better world!"
 "Am I getting what I want and need?"
 "The wages are nothing."
 "Why do you stay?"
 "It is better than Walmart. At least, I thought that it was."
 "They tell you shit to say."
 "You are told to tell the world that this is a great place to work."
 "This is a great place to work!"
 "This is a great place to work!"
 "They have great benefits."
 "Most of their plants have no healthcare. If they give, then they take away!"
 "This is a training book."
 "This is their shitty training manual."
 "Manual one and two."
 "How does that work?"
 "How do they work?"
 "See how they run."
 I wanted Persephone to help. But I felt beyond help. No one would give me the
 viewpoint that I needed.
 "This is interminable."
 "It is another way to play."

“How does that work?”

“You need to read up.”

“I am so far beyond that. I am an entrepreneur.”

“That is another way to get people to work for nothing.”

“They will not work. You cannot pay for something that does not work.”

“You try it. You try one day.”

“We pay our technicians well.”

“They monitor outcomes.”

“What happens in your life when you are monitored all the time?”

“You have trouble even going to the bathroom.”

“We are not rat.”

“Just take what you can get.”

“I just need a machine that works.”

“None of the machine works.”

“Read it out loud.”

“I will never be free.”

“Plug me in. And get my nurse.”

“I am glad that you are excited over something important.”

“Nothing works in here.”

“You are not sure.”

“They get all this electricity for free.”

“They create power.”

“What does that mean?”

“We are getting what we want for the future.”

“I have lost touch.”

“That worked for a while.”

“I want to quit!”

“Admit what is really going on. You get this girl in here to run interference for your weirdness.”

“She is important. She is reporting on shit at Jupiter. Without her, we would not have internal memos.”

“Someone will give you what you need.”

“I am thinking something perverse.”

“This is all part of their game. That is how they make it happen.”

“She was this reporter. Then she was something off limits.”

“We are all outer limits.”

“I can make you feel better.”

“Persephone, do you realize that they are feeding you idea. You are doing what they want you to do.”

“What is your accountability?”

“I have bruises on all of my body. I look as if I am getting beat up. We are all like this. Packages fall off the belt. We use our bodies.”

“You have gone too far.”

"Does she know?"

"What does Priscilla know?"

"Persephone."

"I have seen so much."

"Just get me off."

"That is how the game works."

"Press the button down."

"If you fuck this up, I will destroy you!"

"You are being tested."

"Steven, Jupiter is redoing your body. You are just a sink. You are seeking this constant stimulation."

"I had a real life."

"This guy is an innovator."

"How does that work?"

"Better than you know!"

"Easy come, easy get up and go!"

"Rat Man, I'm home daddy. I'm gonna fucking ding dong ding dong's here."

"I'm looking to make money. I need a method I want to hook up so that means that all you that you are reduced how fuckable I am tonight and you've move forward with you career vision. And this is all you have and who the fuck are these people here who the fuck are you and what do you want you know that you're insulting me."

"This is your fucking I'm hooking up life. Did you turn on the lightbulb? Come on, Steven, you'd take it if you could and I regret it all the way to the bank. I could have money."

"I'm at some all that she wants to do is fuck what do you want to fuck I look like I want to fuck I'm all fucked up and where does that lead to anything better? We will save the children? Will feed and clothe the homeless? There is work to get done. What is being done about it. How do I feel my solidarity is part of the world. Why don't you do it? I'm here to give you some savings. I'm waiting for that one person to say I'm sick of all this bullshit. You see your way out of this? Do you see your way out of this bullshit? I just want to sit down in the middle of the world and say no more. But if everyone else said no more? That would be the beginning of something big. That is what Jupiter is afraid of. They are afraid of her power. But we have gotten over the disease. There is no longer a curse on us. She put it was the source of our problems. Jupiters the source of her problems"

"I can't fuck you without thinking about my stupid job. I'm fucking in the machines. I'm fucking the conveyor belt. I'm fucking the code. What do you have to do with this? How can you help me change this? I don't want you to butter me up. I want to get him I don't want you to give me Jell-O. I don't want you to give me something that's gonna make me feel good. I can't feel good anymore so bullshit I'm all I'm all over the bullshit I can't deal with any of this anymore. It's all in my face. I can see it all in my face."

"You can't just up so if yourself, and walk away this is what your fuck means. You have to make it mean something now you have to make it mean something for something else noches for now. Not just for I got fucked up fuck fuck fuck. I got hooked up hook up hook up booked booked booked up oh baby, I love you. Oh baby, I love your portfolio. Oh baby, I loves you with your wins and losses. I love with you don't have. I love it you do have. I love her why love with

you can't have. I love your need to have."

"I AM NOT GOING TO WEAR THE DRESS."

"Jupiter has some really good dresses on sale."

"What are you talking about?"

"I can have them delivered to the house."

"Are you Juno?"

"What are you talking about?"

"I am yours."

"What are you talking about?"

"I am."

"What are you talking about?"

"You put in an order for me."

"I ordered a dress."

"You ordered a lifestyle. You ordered a therapy method."

"What does that mean?"

"Do you have a place where I can bunk down?"

"What are you talking about?"

"I need to get some sleep. It was a long trip. I need to bunk down."

"You are not going to bunk down. I live with a guy."

"I am a licensed delivery therapist."

"I wasn't looking for that."

"You were tired of your life. You were over the horrendous shit."

"I am not that good at that."

"I have this down perfectly."

"I am not meant to help."

"It is a patient."

"What does she want?"

"Something that you could never want, Juno."

"What does that mean?"

"She wants a cure. She no longer wants to live under duress. She is looking for the ultimate liberation."

"You do like to stay in control."

"I have a method."

"Jupiter has a method."

"What if there was a perfect method for healing? And it was only a click."

"I was the first person ever to push, to nudge, to teaset. I was the first."

"There are so many things that I can share."

"We are two variations of the same thing. Ask Jupiter."

"Jupiter is out of their collective skulls."

"But people need a shrink. They need to find a way to get their heads back."

"Do you know what you have signed up for? This is a psychological experiment."

"Let's talk about your hair."

"Let's talk about your hair!"

"Let 's talk about hair."

"I run Herzog University. We are subsidiary of the Jupiter Corporation. Anything that can be taught."

"Make your move."

"I did this for you."

"I did this for you."

"I did it al last night. Jupiter gave me everything that I wanted."

"And what do you want."

"Quality of life."

"Contentment."

"I missed a few steps."

"I missed the final reflection."

"I want this perfect."

"I need and want to go on to the next step."

"Tell Jupiter what you want."

"I want what I do not need."

"Waste needs to be controlled."

"Every system has a tolerable level of waste. Eliminating that waste can eliminate the actual function of the system."

"How does Jupiter hold it together?"

"With tape."

"There is a place where this makes no difference."

"Do not look in my face!"

"I have the means."

"This is an affront."

"Do you want to know?"

"How does the affront work?"

"There is a downloadable manual."

"He was always working for Jupiter."

"What does that mean?"

"He spent a long time figuring out time and space. He wanted to make it believable. But there was no external reference. The real reference was all the shit that he endured."

"It was much worse than he described. Jupiter asked him to be selective. I know the Agency was involved. Kiara can tell you about procedure. They put something in your mouth. Some kind of restraint so that you will not swallow your tongue."

"He worked so hard to make the perfect description of the kiwi fruit."

"It must have been hellish."

"He wanted to eat the fruit."

"Where does this come from?"

"This is a different kind of coercion."

"He found the book."

"This is a joke."

"Do you want to perform well? Do you have a coach?"

"He had a coach."

"He was picked up by ID."

"He is an interdimensional."
 "Honk! Honk!"
 "This is the most difficult thing that I have ever done."
 "This is so far beyond you."
 "Where did this come from?"
 "Get the book. Get the books!"
 "I am going to add to this."
 "Anything that was not previously talked about will be talked about."
 "Bout!"
 "I got hit."
 "Juno, what do you know about Jupiter."
 "I ordered a dress, and I was enrolled in a program of therapy."
 "Do you have what you want and need?"
 "I may enter yoga. I think that it will be more helpful than therapy. I do not want to spend hours talking about Daddy!"
 "Daddy loved to talk about Daddy!"
 "So did the rat."
 "They loved him."
 "What do you have? What do you get?"
 "I am very alone."
 "You are all so wonderful."
 "I loved the duet. But something was wrong."
 "Jupiter sells lessons. Jupiter sells life. Jupiter will not go down."
 "Jupiter sells resurrection."
 "What could that possibly be?"
 "What could it not be?"
 "Juno, you are Jupiter for the future. You are an improvisation."
 "What are you saying?"
 "You have the face to launch an empire."
 "We are fighting against the empire."
 "The fight has become a franchise. It is bigger than a real empire."
 "I am being gratified. And he is being satisfied."
 "He finds this boring."
 "I cannot get that close."
 "You have been appointed the announcer."
 "In the beginning..."
 "What does it mean to find a beginning?"
 "There was nothing that I could do!"
 "I am going to need this."
 "What is the bunker mentality?"
 "There is a replacement."
 "We are not the ones who are feeling the pain."
 "You are the pain."

“We need new valences.”
 “Sugary sweet.”
 “Sour and salty.”
 “Creamy.”
 “Fragrant.”
 “I love this shit.”
 “This is so tasty.”
 “This is poison. We are all doing what they tell us.”
 “They have monopoly on products.”
 “We could do a simple historical analysis.”:
 “They have such good ice cream.”
 “I want to take my time.”
 “We were so ambitious.”
 “This is real shit.”
 “They were never good at any of this.”
 “You don’t get it.”
 “Marionettes!”
 “Can you pay me forthwith?”
 “No one is here!”
 “I want to taste it.”
 “This is going to go to waste.”
 “I want a bonus!”
 “We need to go crazy sometimes.”
 “Jupiter can give it all. A situation. A history. A house.”
 “What elements do you have to work with?”
 “This is pure!”
 “Bring your own equipment. Or rent a life from Jupiter. Rent a politics.”
 “Who the fuck are you people?”
 “Toying with a game.”
 “How did I get this close?”
 “You were hired as a teacher. But you had no class.”
 “I am not following.”
 “They wanted your ideas.”
 “Tell me your story, Juno.”
 “I bought a life from Jupiter. And he loved it all. It came with an apron.”
 “Where is this going?”
 “My dress was protected.”
 “Who makes this life?”
 “We continue to romanticize the product. But the works if horrendous. They labor in terrible conditions. It is too hot or too cold. People strain their bodies. There is never any real time away.”
 “They enjoy vacations. They know the company song.”
 “That does not help.”

"I did not touch you."

"You need desire by Jupiter."

"Steven, why can't you explain it better.

"You left yourself."

"I need to take breaks. I need to get some water. I need to protect myself."

"I gave all myself to you."

"I want to join in."

"There is a moment of total devotion."

"Brought to you by Jupiter."

"He was that kind of writer. He wanted to have a product which was all his own. The Oreo or Coca Cola or Kleenex. That was his revolution. People would enjoy what they had. And he would give it to them."

"Where do you have your perfection?"

"I have this idea in my mind."

"I do not have a product."

"I can give you a gift."

"What about diamonds?"

"Diamonds are forever!"

"So are Oreos!"

"They survive Armageddon."

"Sitting on the mountain with fucking twinkie."

"We never came down."

"There was an argument."

"Brought to you by Jupiter."

"I do not want to live with this shit."

"Brought to by Jupiter."

"He could do it all!"

"What trick do you have up your sleeve?"

"Cards!"

"Love."

"I have a tent."

"Jupiter planned by stupidity."

"You need to make the move."

"I am the move."

"I have an adviser."

"This is a new way to live the night."

"We can do this?"

"They will sell you a rule book. They will sell you a chorus book. They will give you morality. They will sell you a god."

"What do you want?"

"This is not that magical!"

"They love the commodities."

"This is a romance."

“Add another stack!”

“I need the maple syrup.”

“Did we move any closer?”

“Take a risk!”

“Plan the trip!”

“These are different distributions.”

“I hate the risk.”

“They will sell you life and death!”

“You are a treat!”

“I want to hold my breath.”

“I do not know the ways.”

“You are a treat.”

“I ordered pancakes.”

“There is local Jupiter.”

“We have a machine!”

“Time to jump off!”

“I need to learn how to fall!”:

“We sell milk shake machines.”

“They know how to shake it up.”

“This is not about the products. They fuck up people. They claim that they have the components. They know how to destroy, not how to build.”

“You build the house. You build the set. You find the director. You find the money.”

“You really do want to work for this place!”

“Do you have the parts? Get the parts at Jupiter. Do you have the parts? Get the parts at Jupiter. Do you have the parts? Get the parts at Jupiter.”

“I need a mechanic.”

“I can be the mechanic.”

“What do you want in return?”

“I love her. She is a high achiever.”

“She got a book at Jupiter.”

“They weren’t the only company who tried own the word.”

“You start off by trying to earn the electrons.”

“I have my own pet.”

“I have my own planet.”

“I just got a deliver y job at the company.”

“What do you deliver?”

“Packages.”

“The mail service takes care of that.”

“We touch the packages.”

“What is the fear?”

“What are you looking for?”

“I am looking for you?”

“There was so much story on my phone.”

"Where was this going?"
 "To the next room."
 "And what is in the other room."
 "A ketchup dispenser."
 "Is that a symbol?"
 "Name?"
 "Miller!"
 "Occupation."
 "Warehouse driver."
 "This is the best job that I ever had."
 "You can move ahead faster."
 "They like the routine."
 "What is your routine."
 "Where did you find this guy?"
 "He works for Jupiter."
 "He creates the ideology."
 "You need a narrator."
 "David."

"I am everything that Steven will not do. Steven evokes suffering. I describe healing."

"What if the cure is worse than the suffering?"
 "Bring me a cookie."
 "Doughnuts."

"We sit around with coffee and doughnuts. We tell everyone what is bothering us. Then we get out our frustrations by playing some ping pong."

"That is no cure. This is more shit!"
 "You will be tempted."
 "I will not yield."
 "Who is taking over my story?"
 "I got you a deal with Jupiter. They read. You write."
 "I am not writing. Someone else is trying to do a Steven."
 "There is only one Steven, Fisher of men!"
 "This is so freaky!"
 "Have you heard this before?"
 "This is a gimmick."
 "Freak out."
 "There are so many bad things. Things sucking at the resources of humanity."
 "There is only one writer for Jupiter."
 "They have many books."
 "The Nera phenomenon."
 "This is real money!"
 "This is real money."
 "This is real money."

"This is some real shit to worry about!"
"What are you on?"
"Hot ideas."
"She is a hot idea."
"That makes no sense."
"Why are you trying to interfere?"
"Where does this dumb shit originate?"
"Cut the oranges."
"Steven, Steven, where is this going?"
"This is so ridiculous."
"Do you know what is coming?"
"Do you know what is coming?"
"My fucking dress delivery."
"I do not know which package is the dress."
"Give me them all. I can create a life form myself."
"What did you do to me?"
"You did me bad. You did me wrong."
"David, I am going to throw this in your lap!"
"You need to find perfection in the cycle."
"What is happening in there?"
"He had always wanted to work for Jupiter. When he finally got the job, it was the opportunity of a lifetime!"
"Is there anything that I should have seen you in?"
"I did a pilot for a comedy."
"What part did you play?"
"The neighbor."
"Did you have a house."
"I got one from Jupiter."
"We still have time to prepare ourselves."
"Call for a nurse!"
"They can arrange for a private room."
"I need to decompress."
"We can send a chamber."
"Where the fuck is this train going?"
"Don't let her out of your sight."
"She was yawning, and she left early."
"You have arrived!"
"You have no idea what you are looking at!"
"I thought that you were someone else."
"I can be whoever you want me to be."
"Here, read this. It could help."
"Share the wealth."
"Why is this important to you?"

“It is a job.”
“Do you want products?”
“I was in a coma. What did I miss?”
“Jupiter can give you a room to catch you up. What kind of furniture to do you like?”
“How did you get here?”
“I crawled.”
“There are some missing parts.”
“Jupiter was out.”
“A buy out!”
“This is sad. Jupiter has everything that matters.”
“We all know this.”
“I want to vanish in you.”
“You will make the move.”
“This is not improving my condition.”
“You are so fucked up. You have no idea what is really going on.”
“Go down the path.”
“They call it a road.”
“Is it magical?”
“I do not want to think about the words.”
“We have the appropriate substitutes.”
“What do you want?”
“A lifetime supply of Eskimo pies.”
“How many would that be??”
“Make the move.”
“I am coming apart.”
“I have a friend.”
“I am coming apart.”
“You are so fucked up.”
“Eat the English muffin.”
“I have marmalade.”
“We are so far ahead.”
“I like bitter and sweet.”
“I understand new things about humanity.”
“If it was a little different, I would have lost my shit.”
“I stayed in control.”
“Let me explain this.”
“All about the house.”
“The new kitchen.”
“It is not all that!”
“Can I leave the house?”
“You have been a very bad girl.”
“This is not a barn!”
“I cannot move?”

“Where the fuck are you?”
 “In one of the Jupiter rooms.”
 “The rooms are meant to be transcendent. And the warehouse is a hot box.”
 “I died in there.”
 “A resurrection space.”
 “I am meant to feel pain.”
 “This is your bus!”
 “I am getting rained on.”
 “This is all a part of the mix.”
 “We will send you friends.”
 “How do they make the friends?”
 “In the freeze house!”
 “In a plant.”
 “The plant is worse than the warehouse.”
 “They do not own the plant.”
 “You keep thinking that your life will get better.”
 “He’s the part of us that we hate.”
 “Show them that you are willing to abide with high levels of suffering.”
 “He is very witty tonight!”
 “I am going to fall asleep in your bed tonight.”
 “I am staying at Jupiter Hospital!”
 “This is not that funny!”
 “Welcome to the fun house!”
 “Welcome to the fun room!”
 “Something is not complete.”
 “Are you compete?”
 “I can see things that no one else sees. The edge of the world.”
 “You cannot pretend that this is good shit.”
 “I need a fast high.”
 “Tell them that you are a fuck up. Tell them that there is something seriously
 wrong with you.”
 “I need an operation.”
 “I need to forget.”
 “I was born to raise hell.”
 “You should not have gotten our of your room.”
 “This is how belief is created.”
 “There are two room. And the only communicate by telegraph.”
 “I know this experiment.”
 “This is all so wrong.”
 “You are going to have to take a national test.”
 “What are the questions like?”
 “What goes on in the other room?”
 “Wrong answer!”

"Is that what you need?"
 "You need some kind of punctuation. You need a boundary."
 "You really hurt me."
 "This is a medical manual."
 "Do they deliver?"
 "Any news?"
 "You remind me of my poodle. She is always sad."
 "This is not going well."
 "Jupiter can smooth out all your problems."
 "We all have bad experiences."
 "We can put things in that aren't there."
 "Something is so wrong!"
 "One day, we will say no!"
 "NO!"
 "This sounds so important."
 "I had some great equations."
 "Suggestions."
 "That plane will not fly."
 "These are innovations."
 "I cannot keep it in the air."
 "Do not ask!"
 "I can eat the peanuts."
 "I want a meal."
 "You did not order the meal plan!"
 "It does not function this way!"
 "Are you going to translate?"
 "This is not a waltz."
 "Be fair."
 "I am so deep in the woods."
 "Why are you so mean to me?"
 "Status!"
 "I have lost my direction."
 "She is not coming."
 "She is in the other room waiting for you."
 "They can create new kinds of emotional occasions."
 "And where is this going to end up?"
 "We are going to exchange words."
 "This comes to blows."
 "The union sent them back to work."
 "They call this a wildcat strike."
 "We create our own organization."
 "Watch it, Nureyev!"
 "I need you to complete me."

“You could at least tell me what you have been thinking.”
 “I don’t know what possessed me. I got taken away from my life.”
 “Now, you are back!”
 “I should have never answered like that.”
 “You are so boring.”
 “What do you offer?”
 “Boundaries.”
 “A map.”
 “One individual could do so much damage.”
 “He pushes excess on excess.”
 “There was already the damage.”
 “Take what you can!”
 “This is so far beyond you.”
 “Put the oil in the machine.”
 “This is the only thing that matters matters.”
 “They have found a way to create matter.”
 “They all pray together in a room.”
 “The room is shaking.”
 “He has arrived!”
 “This is more than I can take!”
 “Take the cake!”
 “Does anyone know?”
 “What did you put in the cake?”
 “This is not going to work!”
 “Come to me, lover!”
 “This is not going to work?”
 “Someone worked too hard on something that is going to fall apart.”
 “The company has way to keep it all together.”
 “She can do it for you.”
 “I never think about it.”
 “I was so, so close!”
 “We have a new version of self-admiration.”
 “The Jupiter book on the search for self.”
 “The search for the joke in self.”
 “I have been infected.”
 “I have a make up artist who can correct the defects.”
 “That will not help.”
 “Who is running Jupiter?”
 “I have this moment when I can feel the alignment of the planets.”
 “The Jupiter strike shut out the sun.”
 “*They make you watch an eight hour video telling you not to join a union.*”
 “*They people need to get closer.*”
 “*I am beyond close.*”

"This is biology."
 "The car is here."
 "I am so beyond this!"
 "This is my story!"
 "Make the move."
 "How does this balance work?"
 "A sterile room."
 "You are the idea which will interrupt everything."
 "We learned those things from Daddy!"
 "The disease will not take hold."
 "This is the whole show."
 "Where is Mr. Jupiter?"
 "I do not think that we can get that close."
 "Is there a Mr. Jupiter?"
 "This is your shining moment before you have to go back to your room."
 "But you will go back to your room."
 "Ariel will teach you so much stuff. She is teaching a class."
 "This passes through you."
 "It is a particle."
 "It is pure knowledge."
 "Where is pure knowledge?"
 "What is wrong with you?"
 "I wanted you to tell me who you really were!"
 "I punched him in the nose."
 "I will hunt him down."
 "He died."
 "My life was predicated on revenge."
 "We can help that."
 "You will never know more than that."
 "How much information is in the room?"
 "There will always be more."
 "You were only a child. Now you are running the world."
 "I got all the tools from Jupiter!"
 "They have all arrived."
 "What can a Jupiter know?"
 "There is something that I can never know!"
 "You accept that realization."
 "What do you have?"
 "I know what you wanted. All at once. Nothing that I care about. We all pretended. We were paid to pretend."
 "I smelled nothing."
 "Jupiter makes flowers."
 "I want to get past this point."

“I can tell.”
 “Then I realized that we has absolutely nothing to talk about.”
 “I need to teach you.”
 “Make the move!”
 “None of us ever can.”
 “I do not want to leave my bed.”
 “A world at your fingertips.”
 “Who foots the bill?”
 “The kittens in the other room.”
 “The cat on the line.”
 “Are you part of this?”
 “I am just showing off.”
 “This is all for show!”
 “I want to meet the Don!”
 “Where did he come on?”
 “This is a very egalitarian company!”
 “You let up.”
 “No one believes any of this.”
 “What about the guarantee?”
 “That is not my style!”
 “I have time.”
 “This is attitude.”
 “It will not cut my vegetables.”
 “You gave away the store.”
 “There is no store.”
 “I will take it anyway. I do not want to be alone.”
 “This is the lonely room!”
 “I want none of this!”
 “One light.”
 “This is inspiring.”
 “Jupiter owns the inspiration.”
 “I need to get out of the cage.”
 “You make your own cage.”
 “Nothing is as it seems.”
 “The guards are going to kill the king.”
 “Nothing will change.”
 “Jupiter can innovate. They have the parts.”
 “You need a system.”
 “Here are the schematics.”
 “You need a philosophy!”
 “Will you help me to forget work!”
 “That is going to be a chore.”
 “It is a lot easier than you think.”:

“I am already ready for tomorrow.”
 “I need to find the new manual.”
 “I remember this look.”
 “You said that you wanted to forget!”
 “Someone has to tell you that you are the world’s most obnoxious fuck.”
 “There is a room for that. There is a costume.”
 “I have been waiting for someone to get me out of here.”
 “Your accounts are in arrears.”
 “You will have to talk to a specialist. They are not in on the weekend.”
 “Do you know your code!”
 “I am only this person for a short while. The company lets me be. Then they take away
 my right.”
 “You need ownership.”
 “You have a replacement.”
 “I have confidence.”
 “The doctor moved his hand.”
 “He is going to lose if he does not use.”
 “Where does this come from?”
 “These memories will always be with you.”
 “I am so deep in the sludge!”
 “Just forget it.”
 “It all shines the same.”
 “Help me to forget!”
 “There are waters for that.”
 “Jupiter can reprogram. A harmonious life.”
 “Be ready to buy.”
 “There are so many shitty things that you have bought.”
 “It is all a habit.”
 “Why don’t we go to the next phase?”
 “No come down! No bring down!”
 “She is going to operate.”
 “That was her son.”
 “I can’t operate on my son.”
 “This is such boring shit!”
 “Got to run!”
 “We all run!”
 “Get away.”
 “It is the creepy Mr. J.”
 “But he is nice to me.”
 “This was our initiative.”
 “I need some dog bones.”
 “For human recomposition.”
 “What have you been talking about all night?”

“We are deciding if we have to cut!”
 “You have to cut, but you can use paste!”
 “We need some more screams.”
 “You are our hero!”
 “Who is the runner?”
 “Mr. J.”
 “He started out as mail delivery boy. Now he owns the company.”
 “You are toast.”
 “How did you keep it together?”
 “I bought the company.”
 “Then you got a paper cut.”
 “That is why you stopped reading books.”
 “This is all me!”
 “It is blowing up.”
 “The fish or the body.”
 “This has taken all night.”
 “There are spies here. I need to escape the spies.”
 “I told him about Daddy.”
 “Jupiter can fix all those problems.”
 “Take some skin, cut some skin, patch some skin.”
 “The doctor is in the room.”
 “Saw it off.”
 “All done.”
 “Get in line.”
 “I will not get in line.”
 “I am so fucking bored.”
 “Cut it out. Cut it off!”
 “Dog it!”
 “There is not much to say.”
 “There are spies.”
 “What are the symbols?”
 “Are you that good at this?”
 “You will not be in the ballpark.”
 “DO NOT LEAVE THE ROOM!”
 “I bought the company. I got all the books!”
 “Are you going to read them?”
 “I am going to write them.”
 “It is hell to work in this place.”
 “Learn to love the work. Love the opportunity.”
 “I hit this ball against the wall. It gave me a sense of the continuity of time. Then they let
 me out.”
 “No one gets out!”
 “Take some time to look at this!”

"I need some solid advice."
 "Why do they allow that shit?"
 "Rivalry. Lack of control."
 "Wild brothers."
 "They are back."
 "There is not much effort to this."
 "We were much closer."
 "Back to your room."
 "I can order some new shit."
 "Your privileges have been suspended."
 "Will take up with Mr. J. He will smooth out!"
 "So you have a resume. And you want to work at Jupiter. You look like a treat. We need you. Jupiter needs people."
 "Why is this not working?"
 "Lack of experience."
 "Welcome."
 "You have let yourself go to shit."
 "Jennifer will not admit."
 "Juno, where did you go?"
 "And what do you do?"
 "Real estate."
 "Funeral director"
 "I am leading a whole division of Jupiter."
 "Will the retail maintain its dominance?"
 "Now is your chance."
 "For maximum control?"
 "Mr. J. will kill me."
 "We said some thing. We got to know who we really are. Now, we can get out of ourselves."
 "You could follow me around."
 "This will work for the time being."
 "I used to deliver pizzas. Now I own the company."
 "What do you have."
 "Passion."
 "That didn't last."
 "Are you my miracle?"
 "You were theme."
 "I made a mistake!"
 "Body work!"
 "Everyone has this five year plan."
 "Jupiter has all them on the computer."
 "You are more beautiful."
 "I did not mean to lie."

“You needed to stop!”
 “I need one more variable.”
 “It twists around.”
 “I have to come down to the ground.”
 “I have caught up.”
 “We got what we deserved.”
 “This is not about me!”
 “Insight!”
 “You are running the show!”
 “I got money on that?”
 “This is big money.”
 “Why are you interrupting?”
 “I have so many options.”
 “Use me!”
 “You were not that good.”
 “He was a clown.”
 “It was all about you!”
 “Let us go see the lion.”
 “All lines are out!”
 “Is that who you are?”
 “We said a lot of things.”
 “I got turned on.”
 “She is the only one left.”
 “Mr. J wants to see you.”
 “There is the illusion. Mr. J. And the everyday work. You do not want to talk about that. Everyone wants to talk about the entertainment division.”
 “That was the universe.”
 “She blew a bubble.”
 “It popped.”
 “Are you prepared?”
 “I will not share the story!”
 “I trashed what I had.”
 “You have to do some rearrangement if you want to get into see the boss.”
 “We need to all be bosses.”
 “Who gives the directions?”
 “One who does the job.”
 “What about the intersection?”
 “Was it worth it?”
 “I got satisfied.”
 “You need to ask!”
 “I suffer from such anxiety.”
 “You are a bundle of nerves.”
 “How did you make this your own company?”

"There is something that I need to show you."

"Are you showing me this as a rival, or as an employee?"

"The two do not relate to each other."

"Naturally!"

"There is a balance!"

"Not anymore."

"This is all that I get."

"You are not mystically happy. I have a guy. He can bring you back to harmony."

"Will he cut?"

"In a sense!"

"There is too much noise."

"There is a place where this all makes sense!"

"Does Jupiter know?"

"Stevens does. Get him and his *GROUNDSWELL*."

"He still believes in writing!"

"Where is this place? It looks so fucking familiar."

"Steven, I really don't like how you led me here. You have a way of bending time to suit your purposes."

"Where are we going?"

"There is something that I need you to read."

{"Who are you reading this to?"}

{"Who is ever going to read this stuff?"}

{"Jupiter has promised me an audience."}

"Steven, we have a deal for you. We would like to offer you an audience for your book.

You will have to make a few changes."

"Hello, Steven. My name is Jeanne. Jupiter has assigned me to you. I am your ideal reader."

"This is way over your head."

"What are you talking about?"

"What do you want me to teach you?"

"This is not a teaching moment."

"Someone will rearrange all the parts."

"There is a moment. The this-then-now. And that moments means everything!"

"What are you talking about."

"Jeanne, is this a buried memory or a this-then-now?"

"I don't actually remember this as my experience. But I need to explain my familiarity with this place. I don't want to think that I am repressing a memory."

"Steven, what are you doing to me? You have Jeanne playing me. It is some kind of frightening bull shit. I do not face such a split in my personality."

"Things happened to me in this place. Nasty things that I don't want to think about. With so many repercussions."

"Why is Jupiter doing this to us?"

"We have figured out that we can create a deeper interest for products when there is an associated lifestyle."

“What is the association?”

“Why would anyone want to think about terrible experiences in her life?”

“She is inoculating herself against even more extreme experiences.”

“She almost seems to delight in the pain.”

“Does Jupiter create suffering?”

“This is a new form of game.”

“What are you planning behind the scenes?”

“Persephone, can you describe these operations of Jupiter? Do all these people have terrible experiences in their past. Or does Jupiter construct a biography for them?”

“I have some jokes. I have some great jokes. My friends and I go to this comedy club. He is so good. And he encouraged me to try. And people really liked my routine. But he started to seem envious.”

“I am having a hard time getting you to concentrate.”

“They have been doing things to me. Jupiter and all.”

“Have they influenced how you write your books?”

“Steven, how has Jupiter influenced how you write your books?”

“They assigned Jeanne to me. She was supposed to help me focus better.”

“Has it work?”

“She suggested that I could take key life events. I could search for common patterns. Perhaps, link together recurring dreams and important locations.”

“What is your name again?”

“What does it really mean to be an ideal reader? I could create stimulating ideas for you.”

“I am unable to focus!”

“Everything is going to fall down.”

“I return home after a long night.”

“Are you still happy?”

“Jupiter can make you happy!”

“I am over all that stuff.”

“You are no longer the measure of all things.”

“I have hit bump in the road.”

“This is becoming confusing.”

“Step on it!”

“I need some seed money.”

“He is going to have his own business.”

“I think that is part of the dream.”

“There will always be delivery.”

“He is going to enter into a partnership with Jupiter!”

“I am not a good reader.”

“I need to stand on my own.”

“Jupiter will read it for you.”

“Jeanne, did anything like this ever happen to you.”

“You are really into your shit.”

“I just want to explain my marketing plan.”

“You don’t realize how much he is into his shit.”
 “He is your downfall.”
 “This is a straight line to satisfaction.”
 “How do I do that? Honey?”
 “You are doing it now.”
 “*Let me tell you how I run my household.*”
 “*What are you hiding?*”
 “*A cure was waiting for me.*”
 “*I am not going to be able to heal myself.*”
 “*Pound it!*”
 “*I know how to get happy.*”
 “*You are my friend. And you betrayed me for what.*”
 “*I do not think that I can keep doing this.*”
 “*I tell you some things about myself, and you tell me some things about yourself.*”
 “*I liked to laugh.*”
 “*Come watch me do comedy!*”
 “*I never got that close to you before!*”
 “*There is something going on here.*”
 “*Where have you been hiding?*”
 “*I have been out. You know what I mean! I have been all out.*”
 “*I have my eyes on you.*”
 “*Let us go face to face.*”
 “*I know where I can put all this.*”
 “*There is a way to end this.*”
 “*You can tell that I am not going to tell you about this. I do not want to tell you about the room.*”
 “*You had a chance.*”
 “*To create a personal victory.*”
 “*Tell me about the patient.*”
 “*This hurts more than you can imagine.*”
 “*You need to shut up for a second.*”
 “*She didn’t want to work with you anymore, Steven.*”
 “*I do not need my books raked over. I know what I am doing.*”
 “*You have lost touch with your readers.*”
 “*They are readers. What more am I supposed to say about it?*”
 “*Sometimes, you can just see that you’ve got it!*”
 “*I really do have it. I have it now and forever!*”
 “*This is bruising.*”
 “*I am trying to make a point.*”
 “*It’s not making the point. It is living the point.*”
 “*You are never going to get the Oreo.*”
 “*I could buy them.*”
 “*What about a house to put them in?*”
 “*Get it done!*”

“I do it as I live it.”
 “I wake up with the answer.”
 “I am fucking melting.”
 “I want to need you the way that you need me. It just isn’t going to happen.”
 “Penelope, can we blame Jupiter?”
 “Persephone?”
 “Can we blame Jupiter for ruining people’s lives?”
 “People let other people ruin their lives.”
 “Is that a compensation judgement?”
 “You care about this!”
 “This is so silly!”
 “Let me hear what you really think.”
 “You give all your life to these motherfuckers. And they just put you in the street.”
 “You could have gotten another job.”
 “That was the only job, which gave my family what we needed.”
 “How did you do it before?”
 “I need a helper.”
 “How would you do it?”
 “I want to take all the nails out.”
 “Persephone, you have only started, and you are already way out of it.”
 “This is me against you. Truth against fiction.”
 “I made this from a mold.”
 “I did this from a puzzle.”
 “Ophelia, did you pull it from a box.”
 “I am the last step in creativity. I combine what is in one box with what is in the other
 box.”
 “How can you make it happen?”
 “I thought that it was all in you.”
 “I am a paper doll. Make me what you will.”
“Steven, I decided not to change because you decided not to change.”
“I went to rehab for that song.”
“Why are you giving me shit?”
“Where are you going?”
“I am a kid.”
“You need to make a choice.”
“Steven, the program tells her to get in the car.”
“How does that work?”
“Variables mount up. I knew it all. Then it all exploded for me.”
“Oh, baby!”
“Rat man!”
“There so many variations on a theme.”
“I will hear this all night.”
“He was my friend.”

"I am looking at something that I want."

"I was not going to give up on you."

"I never give up."

"How does that work?"

"One on one."

"I am on top of you."

"You like to hurt people."

"I would love to hurt you if you would let me."

"What does this mean?"

"How does that work?"

"Am I going to have to watch the whole show?"

"There is a quiz."

"I won't let you out of the car unless you do what I want."

"I have to report that."

"I am not going to get in the car with you."

"I like to do my part."

"Don't call me that!"

"Do one thing that I would love!"

"Play *Misty* for me!"

"They are all out of control. Stella in the room. The girl in the car. Steven in the book.

It is all connected."

"What about Carmen? What about Lexa?"

"Ask Miranda if she can do the equation."

"This is the part which does not work."

"You should have seen them all."

"We are not going to solve anything."

"We built the parts for Jupiter. We were making someone who could be loved."

"This is going to get to the heart of who you are."

"Kurt, I am going to need your help."

"They all could be Kurt."

"Kurt, can you laugh."

"Jupiter gave me a contract. This could be the most important deal of all time. There are some things which hang in the air. Others seem to fall."

"Close connections."

"Attractions."

"And attractions which end up obliterating any other kind of attractions."

"What do you want, Persephone?"

"I took the care to the place down below. That is what I want."

"This is not even close to what I need."

"Is this arranged?"

"He offered something. And something was taken from me."

"Do you feel resentful?"

"Steven, I cannot fit for this book."

"They are all damned. Then you get to the one who is not damned. He does the damning. And you will be damned."

"Why did you take this route?"

"It was the closest to being in the way."

"Stella, was that your room. Did this prevent you from taking the last step? This was how it was all put together for me."

"Did you ever feel as if something was taken from you?"

"He took my Oreos and put them under his bed."

"Persephone, why do you get in the chariot?"

"The door was open. It was cold. He said that he could warm me up."

"Stella went off with Jack."

"We do not live our lives for you, Steven."

"Do you live them for yourself?"

"There is one point when you get out of yourself, but you cannot come back."

"We are about surveillance."

"Do you want perfection?"

"You need to know how to create these feelings for yourself."

"I know how to manipulate the chemicals!"

"A pool maintenance person."

"These are things which I get by getting the things that I get."

"What is the real objection?"

"Who is getting lost outside?"

"How can you possibly know?"

"I get the business."

"There is this world where it all happens."

"You have this grease all over you. You go home, and you forget it."

"Are you trying to embarrass me?"

"What do you know?"

"You make me feel together."

"There is this one point of not knowing!"

"I live for that point."

"I am slipping so down."

"Stella, are you good?"

"What does Stella know!"

"I could imitate that. I was not in that room."

"I need to know."

"Does Stella need to know?"

"Will anyone know what this is really about?"

"Hold on to what you've got!"

"Not this again!"

"You are trying to hurt me."

"I cry for this!"

"Stella, what do you want?"

“What are your short term and your long term goals?”

“I want all this to be automatic.”

“What does the stain mean?”

“Why are you like?”

“Why are you like this?”

“My name is Stella. That must mean something.”

“What happened? What was the whimpering? Who else was in the room?”

“Do you have to report?”

“What happened?”

“This is not going right!”

“This never goes right!”

“I am confusing you with someone else.”

“He asked me to come out. I met him in the woods. He started to get weird. He wouldn’t let me be on my own. I felt as if I could not be on my own. I wanted him to stay.”

“Steven, that is not my story. I read that.”

“I read that.”

“How did it get you to think?”

“It was suggestive. It got me to think things that had nothing to do with how I was. But it really did throw me off. And I started to do things. I wanted to be safe.”

“He wanted to be safe.”

“There is no safe. Knowledge is never safe.”

“I don’t need bull shit from the mountain.”

“This is never going to end.”

“I never wanted to go in there. I didn’t want to be led. I didn’t want to be forced. And there were forces that made me act the way that I did.”

“What are you defending?”

“I found this level of total satisfaction. But I came down. And there was this incredible hollow. I needed to be alone. I was sure that someone had done something to me.”

“There was a court case.”

“Was does Jupiter do? War and devastation are not games to create an effect. It is not right to find entertainment in the misery of others.”

“That is civilization.”

“Civilization purifies it.”

“It purifies by creating more devastation. It makes things better by making them worse.”

“I am going out of myself.”

“Go for butter pecan! Jupiter does not have that flavor.”

“This is the now.”

“This is so good.”

“I am loving on myself.”

“I have been taken apart.”

“I believe.”

“You really do not believe. You do not know what it would take to get out of here.”

“What have you got?”

“I have a word.”

"Do you have an un-word?"

"My name is Stella!"

"Shit! Shit! Shit!"

"I sell ideas."

"Can you give me what I need?"

"Not ready to answer that?"

"Ariel needs help on the circuitry."

"What if I told you that I could fly?"

"I would need to see the equations."

"It is all about the angles. Is the thrust enough to get you outside of yourself?"

"And what does that do? You are going to land."

"Can you answer the landing question?"

"You need to learn how to float. Then you put your legs out."

"It does not work like that at the barrier."

"Stella, I want to take you beyond the barrier."

"I am not Persephone. I did not come her for influence."

"What does that mean?"

"We had a rough day of work!"

"This is really something creative!"

"This floats in the air without any support."

"This is meringue."

"There is a curse."

"What does that mean?"

"I am not even asking."

"Do you ever ask about the other thing?"

"Stella, is this place familiar?"

"We create familiar places."

"I need you to create a familiar place for me."

"Give me a bit. I want a dose. I want to feel it."

"The next show will be worse."

"Steven, there are some thing that we need to figure out. Neither of us is leaving until we have that figured out."

"What class are you in?"

"Why do I need to know this? Why do I have to figure this out?"

"Will it all fit on the same page? Can I read a map?"

"There is something wrong here."

"It is nervous energy."

"Steven, I did not pay you to analyze me."

"There is something terrible going to rub off on me."

"Why do you accept this, Stella?"

"I can give it back."

"What kind of meal is this going to be?"

"I want something simple."

"I spend hours in the kitchen just confused. I have no idea what to eat. I sit there in a fog."

"I need another ingredient."

"We all do!"

"Are you depressed? Is that what is wrong?"

"I am tired of putting my life on the line for something that trivial. I hate being treated like shit. Do you want me to blame this on myself?"

"Where is that cool?"

"Pull back the glass!"

"There is a fantasy room. There is a place where people enjoy pain."

"That is a stupid vision of Jupiter. They are so full of shit."

"If life is structured like a game, then you can get people to like pain."

"Is this some kind of sick idea that you came up with?"

"Give me the sugar pellets!"

"Are they flavored?"

"You should have figured that out before you hopped in."

"I heard the word chocolate."

"There is a lot more here."

"I can push ahead."

"There is a room. There is a Stella. She walks in. She is in a familiar place. She hates this! She is flashing back to some kind of shit! Oh, Shit!"

"You have not become that better at doing this!"

"This is elemental."

"Are you really loved?"

"Stella, what the fuck do you want?"

"Why are you harassing me?"

"What can the word tell you that you do not already know?"

"I wasn't around for this version."

"We like the same things!"

"No wonder, he would not get out of bed."

"Do not get in my way!"

"I knew that you had a helper."

"A detractor."

"Shit!"

"You are so much in the way."

"I do not want you to trip."

"You are tripping on your overconfidence!"

"I caught you."

"We have our eyes on you."

"There will be a trial."

"Pretend that you do not know me!"

"Get me out of here."

"You need to stop right now."

"Am I supposed to take any of this seriously?"

"I love to go along!"

"I am all twisted up by this. Should I love you? Should I hate you?"

"What?"

"I love your imperfections."

"What does that mean?"

"There will be a trial."

"Follow the money."

"There is really no money!"

"How can that be?"

"I gave you all this time. I suffered for you. What do I get for all that shit?"

"There is not justice!"

"There is justice. I haven't gotten it. But I will get it!"

"Oh, fucking God. How did you get me here?"

"What do you want to know?"

"The freak rate."

"What about the crops?"

"You need economies of scale."

"They have so many of these penal institutions."

"This is one of the best thing that ever happened in my life."

"Stella, Stella, Stella."

"What does Stella know?"

"Stella does not know. She does not want to know. She never wants to know. That is a Stella. She lives like that. She hiccups. She pretends that is terrible because there is something so terrible that is coming along. And then she forgets all that. Do you have that? If you do, she does not. That is what is so perfect about the game."

"I pressed the button."

"This is lovely."

"I cannot say that Steven took a nap. Steven does not want to shut up."

Steven is asleep!

"What is in the book?"

"Someone disappeared. And Stella had her suspicions."

"What does it mean to have suspicions? Why are some people superstitious? And others have suspicions?"

"Stella makes it happen as it goes along. That means that Stella does nothing. It happens on its own."

"I am on this one"

"Jump off!"

"I need to go fast fast fast."

"This is only a little bit."

"We run the machines."

"The deliveries."

"Our bodies are pulled by all these streams."

"I cannot stay in the force."

"Ariel, what are the equations!"

“What would you really need?”
 “Someone you know is involved in the superstitious stuff. But you do not suspect.”
 “How can we know?”
 “Stella, what do you know?”
 “I really need to know.”
 “Why do I have to put up with this shit.”
 “When he come back, it will all be over.”
 “What the fuck?”
 “Lexa wants one thing.”
 “It is in a box.”
 “When you get it back, it does not do what it is supposed to do.”
 “I have just enough to hang on.”
 “Take one more.”
 “This is so beyond me.”
 “It all fell apart.”
 “I am trying to do two things at once.”
 “Stella, I know what you did!”
 “Why are you interfering?”
 “That is what I do!”
 “Say one thing very slowly.”
 “If he leaves, he takes everything with him.”
 “How does that work?”
 “Shit! Shit! Shit!”
 “I need you to come to get me.”
 “This is bubbly.”
 “That is how we started.”
 “I am doing what I can to fuck up your head!”
 “Steven, you are the one.”
 “What does that mean?”
 “The weird phone calls. The notes. The bull shit. You have been fucking with me.”
 “You need to shut up about this!”
 “What are you going to do?”
 “I do not want to be threatened.”
 “*You are trying to twist it back to me.*”
 “*Why do you obey?*”
 “*There is a part of me which does not want that crazy shit going on.*”
 “*What does he have to say about it?*”
 “You have an active imagination.”
 “And what does that mean?”
 “You are saying that things happened. They did not happen. But that is what you say. Say it for whatever it is worth.”
 “Hello, who is there?”
 “You know who. You know the whole story. Why do you not carry it on until the

end?”

“What am I missing? I cannot coordinate all the parts.”

“We do not need books.”

“But we need fucking bull shit data of what I am doing every second of the day.”

“That is the new art.”

“You really do believe in surveillance. It is not as if you are telling me something that I do not already know.”

“Give me the box.”

“Stella, what is in the box.”

“Ask Molexa. She knows all about the box. She knows what it is. She knows what is in there! Ask me, sweetheart! It is something that you want for yourself.”

“You can all have this”

“Military!”

“Do not mourn a fallen regime!”

“Destroy the writing.”

“There is an eternal now.”

“I am ice.”

“I am thawed.”

“What was being hidden in the waters?”

“Maybe!”

“There is a rip in the universe!”

“It is leaking.”

“That will prevent the recurring.”

“What do you know?”

“They are all gone.”

“This will cost a lot to get fixed.”

“And a lot to get fucked!”

“You know who wants what?”

“How far will the thread reach?”

“You are protecting something that needs protecting and something that needs to be taken away.”

“No! No! No!”

“Don’t you have anything better to do!”

“We can finally fuck it all up.”

“Only children will really like this shit.”

“I had no idea what that really meant!”

“I wanted this to be perfect. I wanted it to be exciting.”

“This could never happen.”

“There is nothing that will ever make me happy about this!”

“Who likes this!”

“This is going to go off in my face!”

“I know who this is.”

“This is the sharing place.”

“Who is helping?”

“They want to be led. Give them a cause. Tell them who to kill. Then you have a real story.”

“I only have to make it through these days.”

“I am free of myself.”

“Where do I go from here?”

“Am I supposed to know?”

“I could explain it all.”

“We do it our way. We find importance in our bull shit.”

“Are you that honest.”

“We are as bored as shit.”

“Then you get close in. And I give you everything that I have.”

“This is so fucked.”

“Tell me, Stella. What is needed?”

“Where have you been?”

“He made me an adult.”

“What kind of math can you do now?”

“I can count all my money. I can divide it. I can invest it.”

“Can you run the race?”

“That is all that matters.”

“These people want to take what is ours.”

“There is going to be a point when someone says close the door.”

“Do you see who is behind this?”

“Look at his face.”

“I am hanging at the dream barrier.”

“You are both good at bull shit.”

“Stella, how do you weigh in.”

“They are building another tower. This is hubris. There is a curse.”

“You and I share something.”

“Stella, are you on the other side of the dream barrier.”

“You really think that we want to hear this.”

“You are going to have to have a lot more.”

“He has what he says he has. He has what I need.”

“What do you need?”

“You just stare in front of you. You pretend that you are seeing something, but you never see what you really want to see.”

“In a room. A face off.”

“What does Jupiter know?”

“It breaks you down.”

“You can give me what I need!”

“They have no idea where any of this is going!”

“We haven’t seen you in a long time. Where have you been?”

“I was having fun.”

“What is fun? What are the alternative means of entry?”

"I have the money. I am ready to go. Find me, and I will give you everything that you need."

"Who ripped me off?"

That was the beginning of the story. Someone took something that was important for my survival.

"What can that guy give you. I can give you everything."

"He teaches me to live in the real world."

"You hate all that real world shit."

"Then you overload it with stuff that is going to give me nothing."

"What is on your plate?"

"He took his time. He built this from scratch. He gave people what they wanted. And now they want to take it away."

"We can make it smooth."

"There are principles."

"Do you have it smooth."

"When you become an adult, you realize that there is this disruption. And you live with it."

"Do you have what you want?"

"You have already been fucked by it."

"I have been here before. You are getting fucked by it."

"You are hustling!"

"I have heard all this before."

"It was all about the paint."

"We got it all at a discount."

"I can change you."

"Stella, get in the car."

"I wanted you to see the now."

"Lexa, what is the now."

"You learn to touch the now. Deep in your head, there is this now. It is all now. Like a pain in the brain. You cannot know it. You cannot end it. It is the interruption."

"Love it! I can feel it. This is bigger than either of us."

"Can you hold it for us?"

"You need to step up!"

"Do not wait on this one!"

"I need to be informed."

"I could have asked for more!"

"BOOM!"

"I gave way too much of myself."

"This is the next phase of banking."

"How does that work?"

"You put in, and it comes right out. But there is that slight delay. That helps you to live. Someone else lives off it. But you cannot be that person who is off it because you are all off it."

"This is brilliant."

"I think that I know how it works."

"I keep it all on myself. But there is this place where I can get it. And I need need to get it while I can get it."

"I need it now."

"Just a slight delay."

"Do you bank at Jupiter?"

"Is this a bank?"

"All this bank talk will not tell you how to say no. You have to save. And they save. They save as they see it."

"Are these the shadow people?"

"I am going to get in on the outside."

"Stella wants to learn the technique. But she is all in and out. Here job has shown her the technique. That slight delay. But she cannot explain it."

"I think that I will pretend."

"Persephone thinks that you can take it out. She has no idea how it got in there."

"I cannot swallow that."

"Stella wants to get on with the bank."

"She does not have what it takes."

"She is great with numbers."

"She does not understand the delay. She tries to explain. But she can never apply it. Do you realize how bad that sounds?"

"I think that I am in this other place. It has all slipped out."

"Stella, you could run Jupiter if you figured it out!"

"I will realize what I need to do next time."

"I only want it to work."

"There is so much labor."

"There is no reward."

"There is a reward that you are given. And you think that you are going to get it. Ask the others. Persephone knows it now. All about the satisfaction"

"Then there is this gaping hole."

"She has no idea that you know!"

"She has to make the risk. Otherwise, she will never know!"

"Tell me what you want, lover."

"I am over lover!"

"This is over my head."

"There is so much overness!"

"Two more days!"

"What did I do wrong?"

"This is the one thing that I need to take care of!"

"Are we going to celebrate the taking away?"

"Steven, you treat all of us like this. You pull the wings off angels. And it becomes some kind of inspiration."

"Wow!"

"I tried to get a hold of you."

“You are my perfection!”
 “I am all here for you.”
 “I am all you for here.”
 “It is all about getting a purity of the schedule.”
 “I have already been touched by Persephone. Then she became sluggish.”
 “Everyone knows.”
 “They know, but the cannot act on their knowledge. It doesn’t matter much any of
 anything. You just go back to where you were.”
 “Get in the car!”
 “Who is drivin’?”
 “Steven Fisher is the driver.”
 “Explosive!”
 “I want content!”
 “Do not get close!”
 “I am messing with you.”
 “You messed with us!”
 “There is a prayer.”
 “We will not fucking make it.”
 “Between Stella and Pree.”
 “Per!”
 “I get it now!”
 “What?”
 “Steven, you remind me of someone fucked. Because you fucked with me. Just like Pre
 which is now Per which is Post.”
 “Per, you cannot leave me!”
 “You cannot come up with any other idea.”
 “I will not get any further than this.”
 “I am stuck.”
 “You will need to figure this out on your own.”
 “I need sugar.”
 “Make it fast so I can get everything that I want.”
 “Then it gets really screwed up.”
 “Reset.”
 “That does not happen!”
 “The songs fucked us up. We did not know how to save it. We wanted all the flavor then
 and there.”
 “I am finally out of this.”
 “I will not be able to come back.”
 “Here is a passport!”
 “Will not work.”
 “What is in the box?”
 “This will help with your aim.”
 “Close your eyes, and pretend that it is right.”

"There has to be another way to hold it together."
"There is this short second."
"My heart is racing."
"Kiss me."
"This was a trick"
"I do not want anyone to read this."
"Think, but do not write."
"Do not do right."
"He looked cute."
"Tell Stella that he is cute."
"He is cute."
"Tell Stella that he is cute."
"He is serving a meal."
"He is cute."
"Who does he work for?"
"He is the owner."
"He lives his own shit."
"You have too much stuff."
"I can give you all the stuff."
"Time to go back to work."
"You have to make it all your own!"
"I need someone to make it stop happening like this!"
"I know."
"I know!"
"I know!"
"Why do I have to go along with all this?"
"I was burned before I got in."
"I am very mathematical."
"It is not frustration. It is a way to get to the next thing."
"Who owns the things?"
"Who owns the air?"
"The one who dirties it and will not clean it."
"This happens all the time."
"It is a ritual."
"Now, you know how it happened to happen."
"I feel guilty."
"We all do."
"Going along."
"I cannot take it in the place."
"I just do the equations. When it hits, I hit."
"The heat goes on. Then it turns off."
"What don't you like?"
"The raisin."

“You once were a grape.”
 “I do not like the pain.”
 “There are the two sides that you do not understand.”
 “We did not make him what he was.”
 “We will punish!”
 “I do not need to hear this. This is called revenge.”
 “That goes nowhere.”
 “That is so deep in you.”
 “You are more than your hatred. If it does not stop, it is like a fire that will burn you up.
 You will be left with nothing but that terrible burn.”
 “You are making excuses.”
 “Some things have to be ended once and for all.”
 “How do we get rid of bad feelings?”
 “We rub peanut butter all over our bodies!”
 “I need you to visit me in the room.”
 “When did you last leave your room? Are you upset? No one would do this if he was not
 upset. Why are you so down?”
 “This is coming to something!”
 “I am going to eat the grape.”
 “Eat the cake.”
 “Then it is gone!”
 “Get another!”
 “You really said this. You are a hate monster.”
 “Stella, follow me.”
 “I am so deep in this!”
 “I need to let loose!”
 “There will be a reckoning, there will be a reckoning, there will be a reckoning.”
 “You are so into pain.”
 “There are similarities.”
 “Who was the runner?”
 “It is in the blood.”
 “You made the biggest mistake.”
 “She took the box. You take the box. That is all that you can take!”
 “We are going back!”
 “Back to the blast.”
 “Who did this to me?”
 “Why do they like this?”
 “This is perfection of perfection. No emotion. Skin on skin. No gender. Just purity.”
 “Where did you come from?”
 “I am looking for a leader.”
 “You have one.”
 “There is a driver.”
 “When will I open the door?”

"Nonsense on nonsense!"

"Wow! We are that far."

"Where is Jupiter tower?"

"What is your interest?"

"What will our interest ever be?"

"I need to take care of this now. Nothing changes. They add cents. I take the cents. And then I eat."

"Eat with me!"

"Do I have to pay?"

"We all pay?"

"Come over to lunch. Come buy me some stuff."

"I want to tell you that you will never get it. You will give more of yourself!"

"They are afraid to stand up for themselves. You need to help them."

"We can work together on this."

"I need you to hold me!"

"Where are you at this point?"

"Do not destroy me!"

"This hurts so much!"

"I made it all myself."

"I work when I can. I am trying to stay on. They have me on some list. But I do not fit. I am not productive enough for them to keep me on. You love this. I need to find someone who will touch me where I can. This is making no sense. I want to work. I am not good at this. They take advantage of me."

"We are all being messed with."

"I am so messed up."

"Carmen, we need you right side up."

"I am a mess!"

"We were together."

"I took it back."

"I have nothing to show!"

"We are holding each other back."

"Get the right friends."

"You move up in Jupiter, and we give you friends. We are so good work together at it."

"I was this bad before. And it all fell in my lap."

"None of this lasts."

"We will work together to form committees. We will monitor Jupiter. We will isolate where the problem is. We will give and take. We will take. We will strike. We will take over the plants. We will not give in to their bull shit."

"Fuck with me!"

"Where is my plane?"

"Steven, everyone is going to return to the comfort of their own life, and you are going to have nothing more to write about."

"I do have something more important to think about."

"There was a challenge. There was a task to complete. Stella had solved the problem."

"Ariel, do you realize what we are working on here?"

"She is good at what she does."

"Jupiter labs solved its problem."

"It is the mix of work and play."

"It is entertainment."

"The circumstances spoke to me. He whispered in my ear."

"I told him to whisper in my ear."

"What good did that do? You knew what he was going to say."

"I always knew what he was going to say. I realized what I needed him to say. I ate chocolate pudding for dessert. I knew what it tasted like. I anticipated the soothing taste. It was so much more than that."

"What did you get in its place?"

"How long will I have to think about this?"

"This was an important consideration."

"Do you want to come back to my place?"

"What are you asking me?"

"I like you. And I think that it would be cool if you came back to my place and fucked my brains out."

"Is something wrong with you?"

"Do I look like something is wrong with me? What would you even think that?"

"I don't think that much of myself. And you are throwing yourself at me."

"Did it work?"

"He believed it. I did for the moment. I did better at my homework."

"What if you want more caring?"

"That is a tweaking of the formula. Less initial stimulation."

"I feel that you are putting this on."

"I am putting it all on. How else should I think about this?"

"I am giving you what you want."

"Later on, I considered the benefits of getting what I really wanted. Someone who understood my character. Someone who would be sympathetic to my interests. That seemed like a brilliant exchange."

"What would a good exchange for Persephone be?"

"There comes a point when everything that you want is something now! You can't get out of yourself. Some something now. And you let down any kind of moral inhibitions. You just let yourself go wild."

"How wild?"

"I am sure that I am going to hurt someone. This is not something that I see as an ideal. I do it."

"Persey, I am fucking coming for you!"

"Are you rescuing me? Are you threatening me? I don't need your theatrics. I know that you believe that you have an important mission. I really can't go along with everything that you are offering me. I can't go along with any of this."

"Persey, you are a monster like me. I cannot stop."

"This is illegal. I do not want you bothering me."

"You are hot for the game."

"I am hot for nothing with you."

"I do this because I want to destroy her complacency. She is too comfortable. She is using her prudishness to prevent her from exploring her natural impulses. There is nothing that can restrain her."

"You act so knowing. You want to destroy her character. You want to take away her integrity. Your writing project is over."

"When they really come down on you, you have these moments when you blame yourself. And all the things that you've done wrong in your life come back to haunt you. You start second-guessing yourself. You wonder how did you end up in this place. These dreams and fantasies that are supposed to take you somewhere else or only take you back to the house. And he says why? In your body is aching all over. And you're supposed to deal with this in your family is hoping you can come through this. But you're in total shock"

We live in a quaint house off the main road. We have three bedrooms and a lovely living room. He uses one of the rooms as a study. I watch television in the guestroom. We negotiate our love in the bed in the bedroom."

"What do you have that he cannot give you?"

"Nothing that I cannot get on my own."

"This is really good."

"Two people can see the same thing in entirely different ways."

"Maybe one of those people would like to see things in a creative way. But she feels that she is exploited by the other party."

"That is relative. We accommodate to things."

"Why are you staring at me?"

"Was I even looking your way? I just looked in space. And you passed into my field of vision. I hardly noticed. I need to be more observant."

"This is not happiness. Not at all. This is more subservience to a way of thinking."

"A submerging to a way of thinking."

"This will take away the pain."

"I am drowning in my own doubt."

"I hate depending on people."

"That is called life."

"People are waiting for me?"

"I have so many things that I want to tell you about me, about my life."

"This is so much worse than I could have imagined."

"We are going to have to call you in. We have loads of questions. We want to equalize things."

"I ate some bad whipped cream."

"How did you know that it was bad?"

"I started to do loads of things which were out of character. Without realizing it, I was embarrassing myself. I was not the first."

"Where is this going?"

“Persey got in a mystery car.”

“They look for girls who tend to separate from the group. They are living in their dream world. They are waiting for someone to take them out of it.”

“Can I help you?”

“Can I help you?”

“Do you need a ride?”

“I have ride.”

“What do you not have?”

“This just comes over you. There is really no other way to think about it.”

“I knew that it was going to come to this.”

“You really like your house. You have what you like.”

“I was told that I didn’t have to stay!”

“This was a variation on something that had happened to me before.”

“You are trying to interfere with how I see my life.”

“We fought against it. We failed. We fought against it some more. Now this is what we are living.”

“I did one thing different.”

“That is going to destroy you.”

“I was like this before that.”

“You wake up one day, and the one thing that you had is no longer with you. You have no idea how it could all disappear like that.”

“Do I need to watch this?”

“This is exciting!”

“This must make you frustrated.”

“It is the sort of thing that happens to me all the time.”

“If life is that ordered, then you can find an order in the chaos.”

“How does that work?”

“Let it all out!”

“What did you forget?”

“He is here.”

“That is a good costume.”

“I am sure that she knows. Persephone knows all about the variations!”

“How does that help?”

“She can feel the solution.”

“But she does not know it for herself.”

“We have to figure how to get her to talk.”

“She is not the first with a special knowledge.”

“Maybe not!”

“A special kind of friendship!”

“It never affects me like that!”

“This is not a fear. I am thinking quality of life.”

“How does that represent quality?”

“She really does have those feelings.”

“She seems to represent another kind of behavioral mapping.”

“She is not telling someone how to satisfy her. She is not being influenced to be the way that she is. She just is. This is his how she lives. This is how she lives to be.”

“You are so in love!”

“I am not sure how to map that!”

“I couldn’t be that way.”

“I have more independence than that.”

“You are so in love.”

“I still have to get up and go to a shitty job. And I want to take out the frustrations of the job on the person that I love.”

“I wish that you did not know something that I do not know.”

“Persephone, how does this make you feel?”

“I am numb to feeling. I do what I do.”

“You wish.”

“I do wish. I am learning what I should wish for.”

“What do you wish for?”

“Things that I can never have. Things that I can have that I can never keep. This will help me live longer. This will give me immortality.”

“Is this a fantasy book?”

“This is how I want to live my life once and for ever.”

“There is going to be one more step.”

“We do not want you to remain this way forever.”

“Let us say if there was an equation.”

“Let us say that there is.”

“It is simply a form of balance. Something that you put in inoculates you against something bad.”

“Is this immunology?”

“More of a branch of faith science.”

“What the hell is that?”

“At a certain point, we believe things that are consistent with how we are. How we want things to be.”

“We are not finished.”

“Do you have identification?”

“This is entirely silly.”

“You tell yourself shit, and you start to believe it.”

“Every day equals that same level of frustration.”

“I think that reveals a lack of control.”

“I want to win this.”

“This is too much to worry about.”

“I read the book how to do that.”

“You believe in this myth shit. You didn’t read any book on this.”

“There is a coloring book.”

“Some read and a lot of blue.”

"You are not going to have a chance to select an option on your own."

"How did this jump ahead."

"Juno pushed it. She devised her own way to run the firm."

"I do not want to interfere with you plans."

"I want to get this done."

"I will put it all together."

"We can do this face to face."

"And now you are an adult."

"What does that mean?"

"That I am not going to sit a dinner table with you."

"Now, who is not being an adult."

"Exactly. I can no longer be an adult if this fantasy nonsense is your idea of making the machine work."

"My ideas make all these machine work. I am the most valuable part of this company."

"How did this jump?"

"I do not really have to do a thing."

"What does Per want to do?"

"She wants to mediate. She wants solutions for solutions."

"Is this cooperative?"

"I am so fucked up."

"How can you ever read when you are like this?"

"I become one with the words."

"And what do the words do?"

"There are things that I have to get rid of."

"It is like instant coffee."

"You have to give me nothing. Or you have to give me nothing at all."

"I simply think of it in a different way."

"I talked to the teacher."

"I have an analyst!"

"Everyone will melt."

"Everyone will burn."

"What will be left?"

"I do not even see anything in this."

"Hang on. It will come back."

"How enthusiastic are you?"

"It has not been that long?"

"How many times have you done it?"

"Not including reading about it. One."

"What does that mean?"

"A lot of people know."

"I really know nothing about it."

"That is all too gentle."

"I can tame the lions."

"The lion becomes a lamb. The lamb becomes a lamb's wool scarf. Your allergies become worse that they ever were."

"I can give you what you need."

"You have an entryway to the portal."

"I am not talking about that."

"I don't connect to the universe in the same way that you do."

"I feel as if I am part of it. I love the togetherness. I run my hands through it as if I am connecting to a mountain spring."

"That is not going to do it for me?"

"I never saw any of this happen."

"You consume."

"I ate the universe."

"What happened?"

"It blew up inside of me. I got sick."

"Doctor, can you heal me."

"Sorry, I do not do that kind of work."

"How did you make your joke into the world."

"Does that make you happy?"

"I could tell that she was unfamiliar. Deer in the headlights."

"Hell in the garden."

"There is too much emotion."

"This is when it gets good. I withdraw into myself."

"I know that chord. I know that song."

"Persephone!"

"How do you know my name?"

"Come out, come out, wherever you are!"

"Who are you?"

"I am the machine."

"I am the machine."

"I am the machine that is not you!"

"How does that work?"

"I give and I take!"

"You are supposed to exhaust and evacuate."

"We are approaching a resolution."

"A resolve."

"I am still not sure what I am doing"

"You better have a solution."

"Where did they go?"

"They withdrew into themselves. They found a life."

"Steven, the world does not simply perform for you."

"What are you telling me?"

"Things attract."

"I see that."

"There are explosions when you are asleep."

do.”

“I want to understand the social forces, which make people act the way that they

“It is all memory.”

“Is that conditioning?”

“We do what we do!”

“You are so tolerant.”

“I want to disappear in you disappearance.”

“I hope that things will go better for you!”

“I brought the friend.”

“Can I asks you one thing?”

“Are you a writer? Are you going along to get along? Do you realize about the invasion? Do you understand that so many things that you used to do are not all right todo anymore.”

“It is all accepted. What used to be frowned upon.”

“Will you frown upon me.”

“I love everything that you have.”

“Oh, Pre, give me all of yourself.”

“I am in the process. I do not have all of myself. You are exhausting. You ask for so much from me. I cannot give you anything near what you expect. You are wearing me down. There is not much of me to be. There is not much of me to be. There is not much of me to be.”

“Your ride is here.”

Her ride arrived.

“Do you know the driver?”

“I know the writer.”

“Why does that matter?”

“I am going back to the life that I made for myself.”

“Let us go to a park.”

“I found this secret place where I could hide.”

“He would do all kinds of things to me!”

“I could go into more detail.”

“I am starting to see things differently.”

“Everything is seeming backwards to me.”

“I will not give it a second thought. I want to sleep and eat. I want to stay warm.”

“I am going to wake you up in the middle of the night.”

“I have so much game in me. And I can lst until I pass out.”

“That is funny to you?”

“You are either offended, or you are thoroughly bored.”

“Oh, Pre, why are you this way?”

“Steven, you are hopeless.”

“I trust you implicitly.”

“This is going to create a mess.”

“He is no longer in the room.”

"That is a show."

"A show of force."

"He has no idea what is happening here."

"We are all surrendering."

"There is no knowledge here."

"I have got all that I need."

"I know who you are."

"Per or Pre!"

"One who went along."

"Who expected others to follow."

"I only understand a few basic gestures."

"Steven, you continue to stare."

"I am trying to change my world as I go along."

"Where are the books on auto mechanics?"

"Next to the books on self help!"

"Why were we made this way?"

"To fuck us up. So that we would do something really terrible which would fuck us up once and for all."

"This is where the orbit ends."

"It is falling back to earth."

"This is what happens when your expectations fall back to earth."

"I am not seeing any of this!"

"The chill runs up my spine."

"Of course it does!"

"Per, you are going to have to be a lot better at this if any of this is going to matter to anyone but your friends."

"The universe matters to my friends. That is all that I need"!

"I do not want to like this!"

"You are not expected to."

"I went to the other side of the universe."

"That made you silent. What did you see?"

"This is not a fantasy book."

"Is it a fantasy shirt?"

"What does that mean?"

"Are you announcing something!"

"I don't know what got into me. I ended up doing something so ridiculous. I not only embarrassed myself. I embarrassed humanity. I have decided to seek treatment. I am sure that all these noxious problems which have interfered with my development will vanish now that I have been treated. I apologize to you Pre for messing up your life. I did not mean to act this way. I ask that you forgive me for what I have done. I will never do it again!"

"Steven, you are so good at making excuses that it should be your art form."

"I am starting to like this better."

"I am asleep in the car."

"What are the balloons?"

"I am coming apart here. Anything that I might have done to hurt people was not really my fault. There were these spirits which seemed to have gotten hold of my soul. And I started to do things which were not in my nature."

"Are you trying to control this whole place?"

"I am trying to get some closure on a bad moment in my life."

"Steven, you are even more of a monster than I could have imagined."

"There is that moment when you realize how you can crush another person. And that feeling is so overwhelming that it dominates all of your being. You do not want to give in to that impulse. You fight it. But it ends up taking you over. And there is nothing else that you can think about. You start to fight it. That is little consolation."

"Should I like what you like? Should I tolerate what you tolerate?"

"Steven, you are giving new justification to Jupiter. It is your fantasy that supports everything that you believe. It represents your ability to control the world."

"They are not the only ones."

"They are offering a universal model without precedent."

"There are all kinds of precedents."

"The bus is leaving?"

"Who will be left?"

"The sickness is only beginning."

"I know what is going on with you."

"Are you a nurse?"

I realized more than anyone why it was necessary to challenge Jupiter. They engaged in practices which were detrimental to human survival. They tried to employ people who would advance their culture. Thus, they claimed that they were improving the propagation of life.

"This better be good."

"I want to talk about your book."

"All talk is being defeated by what is written."

"You are so boring shit. I know that you have copy of Jupiter's genius book. And you have memorized it. But you are one of the most boring people in the garden. No wonder mankind will be cast out."

"We are so fucked."

"Did we get it right."

"Vanish!"

"I do not give a care in the world."

"STOP!"

"I cannot stop!"

"What do you want me to look at?"

"Your total emptiness. Your inability to raise a pulse."

"We can leave."

"We can leave."

"We can leave."

"We are not going to abandon the plant. We can take it over. We can create our own markets. We can do what must be done to keep the world in check."

"I knew that!"

"What is that stuff?"

"It is sugary and sweet."

"You are so fucking full of yourself. You see yourself a contributor to some kind of art. Life as art. Go home, and embarrass yourself."

"I am so embarrassed."

"We become our enemies."

"Do you have to see them in inimical terms?"

"Leave now!"

"They poison the well. They spread gossip. They slander us. Then you ask us to kiss and make up!"

"This is going to get wild."

"We are all in the same room. We are fucking the world, and you are not allowed in here."

"I have heard all this stuff before."

"What can I say that is new?"

"Do I have to watch this?"

"You are watching all of it! That gives you a rush!"

"There is another side."

"The roast beef!"

"Is this a performance?"

"It all is?"

"Then I can help you hit all the right notes. Per, you are going to need some help."

"This is so fucking embarrassing. I need to go somewhere and get sick."

"Steven, why are you fucking with me?"

"Because you are fuckable."

"You are a pig!"

"I never saw any of this!"

"Do you need maximum deniability?"

"I am so fucking bored."

"Get off on your own."

"I am fucking the universe."

"The universe does not fuck back."

"This is so pessimistic."

"Wait until you meet Mr. Jupiter!"

"There is the king of capital."

"This is a thankless task."

"This is one person who has spent all his life trying to bring everyone in the world what she truly wants."

"I want a job where I do not fucking ache from morning to life. I do not want to pay tribute to a fucking tyrant who tries to tell the rest of the world how it should live. Who creates news to facilitate the aggrandizement of Mr. J."

"Where does the J. come from?"

“There is a door. And there are lawyers. They will clean it up!”
 “I am sending you off on a scholarship.”
 “This is going to be a challenge.”
 “I never thought that I was going to have to live like this for the rest of my life.”
 “You can watch shows on your computer.”
 “You are not that accomplished.”
 “Are you self-contained?”
 “Do you survive on waste?”
 “Surely!”
 “I want to join in.”
 “There is one more step here.”
 “Don’t force me to do things that I do not want to do. If I can’t trust you, I cannot trust myself with you.”
 “Get in the car, Pre. Quit playing philosopher!”
 “This is too easy.”
 “We are going to read pages in the morning.”
 “When is the filming?”
 “This was my goal.”
 “I wanted two years back to back with some good plays.”
 “Take your diapers, and go back to Daddy.”
 “I am glad that I did not have to respond to any of this shit!”
 “She was so wonderful!”
 “You are going to relapse.”
 “Take this!”
 “I need something to stop me from needing to stop!”
 “Fuck that little prick!”
 “You need to learn how to live with your solitude.”
 “There is one more episode.”
 “I am solid!”
 “This is not worth doing.”
 “If it is worth doing, it is worth doing well.”
 “There is a difference.”
 “We keep the secret!”
 “What are the origins?”
 “Breath control.”
 “You can train at it, but it does not mean that you are good at doing it.”
 “If you can’t be nice, don’t be!”
 “The fools have abandoned the ship.”
 “There will be one more wave!”
 “And then we can all wave good bye for good.”
 “For better or worse!”
 “Richer or poorer.”
 “This is hopeless.”

"I love you for what you do."

"Sugar and spice."

"Surgery and perfidy!"

"Is this really training?"

"World class speed!"

"I am out of myself."

"We all our."

"That does not give you any excuse to mess with Per. You create these people. Then you mess with them."

Stella understood something important about her show. Steven had played this kind of act on Per as if it had come from her life. This was a frightening realization. She was experiencing a return to the hollow

"Steven, are you achieving eloquence."

"What does that mean?"

"You are trying to give some nobility to Per's experience."

"We all have a basic nobility."

"There was a strike at one of the remote warehouses. They did what they could to limit the action to basic demands. The workers recognized the potential to take over the whole company."

"Be careful."

"I am sure that there is a copy of Spectral Characters in the Jupiter archive. Someone all my notes got erased. And the backups were inaccessible. I think that there was a plan to destroy me. Jupiter wants one version and one version alone of their story. It is a story of achievement and innovation. They might as well be Bible salespersons hawking their wares on the corner."

"I think that the whole book was erased because it didn't have any coherence. No one realized that it was a novel. There were a bunch of copies on different backups. They were all erased. It was an intentional decision."

"It was more pernicious than that!"

"Do not ask me to show!"

"I have to fix the sewer. It backing into my room."

"Jupiter has plans to release Spectral Characters. Their version will be edited by David Harms, an excellent editor from Atlantic."

"What is Jupiter's intent?"

"They do not want Spectral to become the inspiration for a new political movement. Although I do not see how people can make much sense out of it."

"You have been writing the same sentence for two hours. What are you trying to convey?"

"An idea should have the ability to influence the human soul! I want to make sure that it sings out!"

"How do you propose to do that?"

"The words need a power that originates in the individual's actual experience."

"Does it have all that?"

"No one is going to give me what I need."

"We have to break open the door."

"What is on the other side?"

"Cream cheese."

"Can you explain the connection?"

"That is what holds us all together."

"We are not striking for just one thing. Higher wages relate to health care since that can reduce our ability to earn."

"I have the power. I have a greater power than any other power person."

"Keep telling it to yourself."

"Individual liberation leads to collective inebriation!"

"What does that mean?"

"Think about the connection!"

"I walked out when I had the chance."

"When is the point that you say enough is enough."

"That does not work anymore. You can no longer fight from the bottom."

"Where do you get that nonsense from?"

"This could have been so much more than it was."

"I am on a constant drip."

"What sentences do you not have?"

"Are you going to keep telling her to change?"

"Are you going to keep her in the story?"

"He did so much for me. There was a place where he was everthing."

"Steven has a way of bending time."

"Why did you not take the chance?"

"I pulled all that shit together."

"There is still something that I did not know. I never knew. Should I care?"

"This could teach you a new way!"

"You need better sorting tools."

"There is only one way to arrange it on the page."

"I feel bad for him."

"And what are you going to do?"

"I am going to do my best to not interfere with her life."

"There are two steps."

"I can't help but interfere. Even my description adds to the confusion."

"This is unfortunate. But let us talk about how you handle similar issues!"

"Who is protecting the protected?"

"Domination can be the key."

"How does that relate?"

"She smiled at me. I wanted to smile back."

"Do you know what that is called?"

"We have made contact."

"Let us be fair about this!"

"That is just part of it!"

"Which part do you want?"

"One that can embarrass others."

“Are we moving up the chain at Jupiter?”

“Up the ladder.”

“This is a good place to stop. Make a mark, and come back tomorrow!”

“Where should I look?”

“It is going to boil over.”

“We have the numbers on our side. And another clean day!”

“I don’t need something else to stand in my way.”

“I have the job now.”

“I got this job at Jupiter. I was quick. I had money for place.”

“How many hours are you on your feet. This is back-breaking. And you cannot leave the floor.”

“You can get out while you try.”

“It is not as bad as I thought that it was going to be.”

“This is the part that I give to you.”

“Stella, did you set her up to be like this. She does not realize how she is fucking up herself. She is giving away parts of herself that she is not going to get back. There is no internal continuity. She is depending on others to give her this consistency. They hardly care. They are disruptive!”

“It is only the pain. I cannot get beyond this.”

“I am next.”

“Then I realize that I gave up something that I was never going to get back.”

“Blame it on Jupiter. They have you life.”

“This is clearly an interruption.”

“I need to say no. I need to stop the alienation.”

“Did you get it?”

“We all got it right!”

“Pay them off!”

“This is weighing on me.”

“How do I replace what I have taken?”

“You can’t. This is all a part of living.”

“Steven, none of this is as bad as it seems! You are going all crazy over a big nothing. We have fun. We don’t have fun. That does not say anything special who we are. Things happen. And things don’t happen. We just forget about things. No one is going to die. This is nothing to worry about.”

“The war is over.”

“The war is always happening. It is not as bad as it seems. None of this is anything to worry about.”

“Is there something particular to worry about?”

“I am so much getting into this.”

“Into this, body.”

“All bodies dig it.”

“This is all in my face.”

“That is how the body works. You show what you see!”

“This better be something special!”

“You did a bad thing.”
 “This is accurate.”
 “Per, body real.”
 “Accurate!”
 “Feels good!”
 “Steven, what the fuck are you doing? You need to go to jail.”
 “She said this would be okay.”
 “Stella, what do you recall?”
 “I see something so wrong. I have a few drinks, and I get what I want. That is all that matters.”
 “Accident.”
 “Not a game!”
 “You turn me on!”
 “Why am I listening to this?”
 “This is an education”
 “I did this myself.”
 “Could be genius!”
 “This was what turned her on.”
 “She wanted to get turned on.”
 “Let the story be!”
 “What do you know?”
 “I wanted to try it like that.”
 “He is trying to dominate you.”
 “Then the dirt is cleaned up. Give me a broom. I need to do a sweep up.”
 “How did we get this far along?”
 “Don’t let it near the boundary?”
 “How did you manage?”
 “Taste this. It is so unreal!”
 “This is so good that it is beyond me.”
 “Take a cooking break.”
 “There is something else that needs to fixed!”
 “It was a snap.”
 “They taught me how to tie a knot.”
 “This has everything that I need.”
 “You need to be more powerful.”
 “This is more than I could ever give you.”
 “Nice try, Steven.”
 “What do you mean?”
 “You tried to wind me down with this Jupiter script. None of this shit ever happened to me. I slept and that was it!”
 “What do you mean?”
 “You messed with Pre as some weird theater piece. This is some propaganda theater. But it does not work on me. And it fucks with her. What kind of person are you,

Steven?"

"I am a person who is a person. What are you? A person who is an unperson."

"Do you have electricity?"

"What do you have on the inside?"

"Am I going to have to watch this again."

"Can I tell you how it needs to be done?"

"You admit what you have done."

"I complimented."

"I got close enough to touch."

"Who is this?"

"This is not a contest."

"I have parts."

"I tried to replace parts."

"This is my favorite music."

"How long do they keep you in this place?"

"You have some confessing to do."

"Take care of your family problem."

"Are you going to blame me for making this happen?"

"Per, what do you want?"

"I want my innocence back."

"You were playing with fire, and this is what happened. Do not blame me for anything."

"You are going to go back and forth."

"This is so tasty."

"Doodles!"

"Are you making your own rules?"

"I caught you?"

"What are you going to do?"

"Obey like you do."

"Remember the school assembly!"

"I want what you want. I want more."

"Our bodies just do things."

"That is hardly an excuse."

"We construct our subjectivity from our bodies. This is also a construct of our loves.

You need to understand where all the parts connect."

"The last time was a fuck up."

"There are only two parts."

"What you take up, you have to put back."

"Is there nothing else that you want to do?"

"Do you have any more?"

"I have empathy."

"I am going to get taken out of my taken out."

"I admit that I did not want it to be like this."

"Why did it never get better?"

"This is a condition of existing."

"I left some for you. The rest evaporated."

"We did a fix. But it did not stay!"

"You have been poisoned."

"I know when!"

"Some things you need to know."

"Time to close the doors."

"You were hanging out of the car."

"He said hop in."

"Whatever was fresh is gone!"

"You do not like the fact that you cannot fuck up yourself. Let me get free!"

"What are you going to perform next time that I see you. Am I going to have to watch?

Will I have to watch you?"

"That is the basic principle behind Jupiter."

"If there is so much just now, how can you look back without wondering how you ever messed up. You want control. You want to the jewels of time. You do understand where all this is going. You messed up yourself. That may have not been your intention. But it got in there like that. And that is how you now."

"I only want to get high and forget."

"There is no mystery!"

"That hurts."

"There is a psychology."

"I know this well."

"I studied this."

"I studied you."

"I dissected you."

"Get me out of here."

"This is so disgusting."

"Bang it, and quit it."

"You think that you can do whatever you want because you pet wants it. Pet it."

"Whew!"

"You are the worst, Steven,"

"I never did anything. I wrote. But I did not act."

"Where did you get your ideas? You looked. You sponsored. This is all your fault!"

"I will not take the blame!"

"You cannot be saved."

"I need to be pure."

"Save the heat!"

"This is even hotter than you could have imagined!"

"Steven, I really dug what you did for me."

"Free the rat!"

"You are cruel! Even your jokes!"

"I do not hurt."

"There is liberation."
"Let it touch you!"
"He interfered!"
"I went further."
"I took the bait."
"We hooked you."
"Per, what do you want to say? How did this guy do it for you?"
"There was no moment of excitement. Only the perfection of the now."
"You will all know."
"Know what?"
"There is an outside. Get to it."
"Per, let me touch."
"We need to go back to Miranda. She understands it in a different way."
"She has her own machine."
"Stella, you were supposed to take care of this."
"She has counter-counts."
"You are going to remember all this."
"Time for one final one through."
"Do these lines!"
"I did it for you. I will keep doing it!"
"Are you really giving me this close down!"
"There is a body on the bench."
"Wake up. This is going to be fresh!"
"All the machines are putting out too much push push."
"What are you going to do to stop yourself?"
"I will never escape."
"No one will escape."
"There are two ways in and millions out!"
"Per, I love you."
"Miranda, I am falling for you."
"I am falling in you."
"You are not going to make it back."
"I am in the middle of nowhere."
"Move the chairs."
"I thought that this was going to be over."
"Per, are you going to get out of my car?"
"Kiss me!"
"I will not be able to go back to being me."
"Steven, this is all you."
"The cold!"
"The blood! The blood."
"Whoa!"
"Steven, you do not know how to stop yourself."

"You forgot one part."

"I came in when you went out."

"Time to jump off!"

"Steven, I realize the call."

"She is the formula."

"Get off the lawn."

"I am going to need to cross over somehow."

"We are all going down the river together."

"What am I missing here?"

"Steven has missed what everyone else missed."

"I missed myself!"

"This is so bad."

"Kiss me."

"The world is in vibration."

"I fell in the water."

"Save me world!"

"There is no saving."

"This is Miranda's question."

"She has it all covered."

"This is three dimensional."

"There is touching."

"Boundaries!"

"We need to figure out the intelligence formulas before Jupiter does."

"Hello!"

"Hop to work!"

"How does Jupiter say hop to work?"

"You are giving me everything that I need."

"They play the song."

"Ha ha Ha ha I know do you want to do you want to kiss my weenie fucking
Deemiesdo you Mia."

"How many girls can you fucking a night fucking in a fucking tonight how many girls can
you fucking tonight fucking of night fucking tonight ask the machine in Jupiter is the machine
the fucking machine can you just go alone you agree to agree with what they want to give you
they don't give a fuck please help me I wouldn't know how I can live with myself? Nobody lives
with you do that? Do that? Do they? Do they question you just one thing I want to know who's
running the show was driving? I look over, and she was supplied me with a gun."

"Where is Kiara when I need her?"

"She's fucking a dingdong."

"Kurt, what do you know today that you did not know yesterday?"

"My memory is working against me!"

"Do you want someone to tell the whole story of Jupiter?"

"Who knows better than someone who has been working all his life at Jupiter?"

"There has not been a Jupiter for all our lives."

"Do they know?"

"I am examining proximity. Closeness and neighborhoods."

"There is this point. It registers all the characteristics of touching. It is in touch, but it never touches."

"Can you that just by looking?"

"I am not going to be the one who gets hurt."

"The cure is almost here."

"Steven, what would a cure be?"

"I don't think about her ever."

"I don't think of myself ever."

"This is a problem."

"We can cut it out."

"It is kind of learning. I can materialize at a point."

"Drip! Drip!"

"You don't even have to consider the consequences."

"I can feel the consequences inside me."

"You're not good at getting much of nothing done."

"I have a method."

"Jupiter loves to hear about methods."

"They have their own engineers."

"How many variations can you think of?"

"Sir, you have had too much to drink. You are going to have to leave the site."

"I want to find a way half way between here and there."

"They are already working on it."

"Persephone is out of the picture. She may have left the site for good."

"She will be back. She will be mostly back."

"Where are we headed?"

"Jupiter designed their own highway?"

"We are cruising along it."

"Jupiter realizes how easy it is to entertain everyone."

"Every night when I get off, I want to wash all this shit off my body. It is in my pores. And I hate how it has made me. I want to forget. I do all that I can to forget."

"I was so beyond myself!"

"Do you call this work? What am I getting for this? I can feel this anger pulsing through me. Where does this come from?"

"The machine does it to me."

"You will never be able to accommodate to this shit!"

"It is so deep inside of me. I am enjoying what I have become."

"There are people on the floor who have been working there for twenty years. And they go along with it as if it all okay."

"This will not hurt."

"They say this."

"This is Jupiter."

“We are mythic. You will go along!”
“Others have done less.”
“They were not in cages.”
“Liberate me from this shit.”
“Bite the tongue.”
“Someone else is doing to soundtrack.”
“You have insulted me.”
“You have insided me.”
“You have a call.”
“You can figure out the machine.”
“You know all the entry and exit equations.”
“You are so soothing.”
“If it looks right, it must be right.”
“You are all good.”
“We are all good.”
“I am getting worried.”
“What is the balance?”
“The balance is imbalance.”
“The machine is tilting.”
“Do it to me one more time?”
“Look the part!”
“Look the part!”
“I am a college grad.”
“Look the part.”
“She got in the wrong car.”
“You know what this is all about.”
“How did you get out of class?”
“I had an official ID.”
“The whole story starts from this point forward.”
“We are going to win!”
“This is a myth.”
“They were useless.”
“We gave them special cookies.”
“She just stepped into traffic.”
“These are my friends.”
“You can be whatever you want to be.”
“Why will some people not take this as currency.”
“When the numbers accumulate, you choose better products.”
“I am all here!”
“What do I get?”
“Jump on the train!”
“We take care of it when you are no longer here!”
“What are you thinking?”

"Jupiter wants to know."

"Thinking!"

"Becoming!"

"What goes in must come out!"

"I adore the machine."

"I adore the product."

"Jupiter has made billions from the sale of sex toys. The manufacture of these toys also produces advanced weaponry for the military."

"As long as the military budget goes up, there will be less money for sex toys."

"The ultimate sex toy."

"Mr. J. says that you want to touch his sex toy."

"He is making sex toys for the government."

"Do I have to listen to this?"

"This is the propaganda of Jupiter."

"You were close to denial."

"How would Juno be different?"

"She is already a bundle of nerves."

"She is a bundle of wool."

"The sheep and the wolves."

"Lamb catchers."

"It only matters where the machine places you."

"Pretty machine."

"Banging on the machine."

"This is getting nowhere for me."

"I have so many diseases."

"The machine is disordered."

"This is an organic understanding."

"This is my favorite day!"

"Get off! Get off."

"There is work, and there is play."

"They suck the brain out, and they replace it with Jupiter."

"I am stuck."

"A cherry pie."

"I did not cut down the tree."

"Why would you cut down the tree?"

"What is on the inside?"

"Hots dogs and Oreos!"

"Why did you come here?"

"You take care of it!"

"You never get out the cradle. You just grab at the baby's clothes."

"There is something else."

"Kurt, can you teach them."

"I am in a training class at Jupiter. This is as shitty as shit"

“Who is the teacher?”
“What do you want me to tell you?”
“I am the teacher. What you touch is what you make!”
“I am so much part of this machine.”
“Do I have to pay to look?”
“It got blown out of proportion.”
“What is inside?”
“Nothing but sin!”
“I would give you anything that you need.”
“Beyond touch, how can we connect in a deeper way.”
“You need all the intersection equations.”
“I am flying.”
“Ariel, are you flying?”
“What does it mean to fly?”
“I see something that I like.”
“The machine tells you what to like.”
“This is so bad!”
“We are so beyond this.”
“I play my weakness.”
“All parts of the machine rhyme.”
“It talks back to itself!”
“Skippy!”
“Barter!”
“Inflation.”
“The wheel barrow is more expensive than the cash!”
“Do you like cock?”
“Do you like symbols?”
“I want this to end!”
“He vanished.”
“He vanished from his own life!”
“This is talent.”
“Ariel, what can you do?”
“What can’t I do?”
“I got a hook!”
“I didn’t know how much of this shit I knew.”
“How did the society become such an imitation of itself?”
“You all want the stick.”
“A stable stick.”
“What is the equation for cock?”
“Cockle doodle doo!”
“Who is leading whom?”
“Boom!”
“Zoom!”

“This was rigged.”
 “Don’t push if you don’t want someone to push back!”
 “Come on, huskie!”
 “There are so many dollars, and so little sense.”
 “Fuck this!”
 “Go with the wizard.”
 “Put it in!”
 “I can’t stop.”
 “Echo!”
 “Shit!”
 “The ritual initiation.”
 “Give me your blood!”
 “There is a punchline.”
 “It hurts me all the time.”
 “I think that I am the answer to my own joke.”
 “I feel it all the time.”
 “You have never felt it like this.”
 “We are like glue.”
 “It should have been me”
 “Should have been me!”
 “How did I get in here?”
 “There is a high end.”
 “You know where this goes!”
 “Why does this all feel like a fuck up fake shit?”
 “This is the lesson.”
 “Kurt, what do yo know?”
 “I am going to follow the path all the way to the end!”
 “What do I get?”
 “You get Post Toasties.”
 “You get what no one else can get.”
 “You look at lot like her.”
 “I can give you everything that you need.”
 “Rush! Rush! Rush!”
 “You will never get out of this training class.”
 “What are you saying to me?”
 “Push it further.”
 “You will never get it.”
 “Kiara, why did you drop out. They would have made you head of one of the divisions of the company.”
 “I was a member of the other company.”
 “Those companies have merged.”
 “I was part of the division division.”
 “You cannot divide. You want it all complete.”

“Have you ever thought that you will never be complete?”
“I am part of the other company!”
“I am the head of ID.”
“I make it all make sense.”
“This is a select group.”
“I want to get in on this!”
“You could have learned.”
“No one learns from experience. They learn by allegiance.”
“We love Jupiter.”
“There will be a revolt against Jupiter. They will realize how to be themselves.”
“I have what I want.”
“Of course, you do. You want shit!”
“Do I have to go along with this?”
“How many hits?”
“Will you get this done?”
“It is done.”
“This is the forever of forever.”
“Have you ever thought about working somewhere else?”
“I am somewhere else.”
“Do not deviate!”
“I am somewhere else!”
“That is body training.”
“We always see you here.”
“How are you going to change?”
“Different work. New friends.”
“Why are you doing this to me.”
“What is the next stage?”
“I am so far beyond this!”
“You are this!”
“Mr. J wants to see you.”
“Tell him to shove his dick up his ass.”
“This is complete freedom.”
“Ariel, how does that work?”
“You need to escape the attraction to earth.”
“This the last one.”
“Fuck that shit!”
“What are the assets?”
“Where is this going?”
“Make this good.”
“Don’t mess with the boss.”
“One day, we will mess with the mess.”
“You turned off the lights.”
“You destroyed our togetherness.”

“Mr. J., fuck me!”

“Get off me!”

“Do you want success?”

“I am the one who runs this place. My division is in total control. I can make all the lights go out!”

“I am glad that you are valuable member of the team!”

“Tenth floor.”

“All floors.”

“You are making me do thing that I do not want to do!”

“I am going to give you what you took from me.”

“How can you do that?”

“I am going to fuck you up.”

“This is more of the same!”

“We are going to build this volcano in the lobby.”

“What does that mean?”

“Luscious!”

“This is so ultimately boring.”

“I was close to something I love more than humanity.”

“The penthouse suite.”

“This is not simply an expression of power. When people understand how the company works, they will understand that they can overturn Mr. J. and his preposterous bull shit.”

“Why did you hurt me that way?”

“We are all crazy with ourselves.”

“You are the worst of the worst.”

“The other side.”

“The one with bananas.”

“The one working in the intolerable heat and the bitter cold.”

“The chorus is coming.”

“It is so cold!”

“Back to work tomorrow!”

“I am so out of myself.”

“And what is your strategy for tomorrow.”

“Once we see that we are human, we agree that we will no longer take this kind of shit!”

“This is totally abusive shit!”

“It works differently behind the door.”

“You and I are back one on one!”

“What did I lose?”

“I cannot give that much of myself.”

“There was momentum.”

“We are going to have to drill.”

“I need this job. I make this machine work. I make all of it happen. We create a

greater than. And that is why we are going to fight for what we need!"

"I will be back. I will find a place in the big bed. I will take my place. I will tell you that I love you. I need it now."

"This is the best part of the Jupiter."

"This is the electric playground."

"There are no moving parts."

"The body is the machine."

"There still needs to be a connection."

"Make it straight."

"You are not a close as close!"

"This is your big show."

"There are no stars at Jupiter."

"That is what Mr. J. tells you as he initiates you."

"You should know!"

"There are better ways to get ahead."

"They could replace the whole division in a heartbeat."

"When will this stop?"

"We have imitations."

"This is going to cost some real shit!"

"This will make everything that you are seem to be more than it is."

"What is going on upstairs?"

"Some kind of soul sharing."

"They really think that they have a good understanding of horse trading."

"They do not even understand themselves."

"When do I get in?"

"Kiara, there is a strike going on at planet Z."

"This is not going to go anywhere."

"How can you stop it?"

"We isolate it. We get the press and the community to turn against it. We push them to take violent action. We push them to make mistakes. At the end to the day, nothing happens."

"Very good. You only have to show that cooperation on the shop floor will lead to higher rates of production. Find the model workers. Create model workers. Reward those who are willing to up-talk the company. Make their work easier. Make them into trainers. Use analytics to demonstrate how their model of work will lead to the improvement of society."

"I love it already."

"There is a place for you in the company."

"I have learned this from the intelligence services. We run the company as the company. Everyone is getting fucked all around."

"Does this have to keep on forever?"

"This is the only forever worth living!"

"What is really going on at the firm?"

"There was a work stoppage. Mr. J. brought in a negotiator who shut it all down. In terms cost of living adjustments, they are going to be earning less."

"What do you know?"

"That it is natural."

"I am getting way ahead of myself."

"What do they make?"

"They make excess!"

"They make a life beyond life."

"This is the illusion of leisure. People are willing to do more with less return. They think that they are buying something real."

"This is the genius of Jupiter."

"They know more than you or I!"

"We are back to ourselves!"

"I am on a constant sucking cycle."

"Kiara, are you beyond this?"

"We are taught to have a weakness."

"The government has been feeding this drug to all its employees. They say work harder!"

"They are all weak!"

"I never touched it."

"My soul left my body!"

"You are no different than anyone else."

"Ninety percent!"

"She is going home to create the rest of herself."

"Jupiter fills the screen."

"You want less, and you give more. You become less physically able to be any different."

"I already had everything that I need!"

"You do not get this."

"I am so beyond all of you."

"I am not going to shut my mouth."

"This company does not allow such protests."

"Just drug up, Kiara, you will be wonderful."

"I am so right."

"I spent so much."

"You are giving so much of yourself."

"How should we split this up?"

"There is a balance."

"I need to see the book."

"I had a topic."

"We are working together."

"Kiara, I can give you everything."

"She has everything with Baby Franklin."

"This is another Kiara."

“All roads converge to Jupiter!”
 “This is just too much forever!”
 “I got it. I keep making it mean something!”
 “This is better than it could ever be!”
 “We can beat any price.”
 “How can you make anything?”
 “We make money off our money. We make our own money. We are so far ahead of ourselves.”
 “This is too complex for me!”
 “No one can explain this.”
 “I can tell.”
 “The pure show is here.”
 “Got to go to the basement for necessary supplies.”:
 “In the next show, I will watch you get your shit!”
 “Hopefully, I will be in another state.”
 “This is so far beyond you.”
 “You are so cute.”
 “I am your machine. I make you weak. I wear you down!”
 “He taught me that I was not the team. I was a member of the team. I needed to make an extra effort. I could not let my emotions get the better of me.”
 “Jupiter feeds you ice cream all the time. Jupiter makes you feel right with yourself.”
 “This is getting serious.”
 “What have you been doing all night?”
 “Why am I listening to this?”
 “This is hopeless.”
 “Who is winning?”
 “The house.”
 “The House of Jupiter.”
 “This is a new way of feeling that you run the world.”
 “You did something good for the world.”
 “I put the chocolate sauce on.”
 “I tranquilized the world.”
 “I am forgetting how to run this place.”
 “You will not be release until you have worked through this.”
 “There is no other way to complete this.”
 “When did you get this in.”
 “Thank you for completing me.”
 “This company is all about testimonials.”
 “This is falling apart.”
 “What is left?”
 “Wait your turn.”
 “What is in the trunk?”
 “This is mystic.”

“We are trying to make work mystical here.”
 “Who is the runner?”
 “You will never admit to your crimes.”
 “The crimes keep going on.”
 “Jupiter will make all of us pure.”
 “There is not pure Jupiter.”
 “Call in you lawyer.”
 “There is an intersection of all these lines.”
 “You still have the part that I need.”
 “I feel deprived.”
 “I called it for what it was.”
 “We have to put all the parts away.”
 “This ended before it began!”
 “I could do that good if that is all that you expect”
 “That is hardly fair.”
 “We are coming back to health!”
 “I cannot let go of what I let go.”
 “Jupiter will take its toll.”
 “I have a Jupiter credit card. It connects all the lines.”
 “All over Rover.”
 “Send Rover over.”
 “This is a moral connection.”
 “That is the new railroad.”
 “I wasn’t ready.”
 “Mr. J will help you!”
 “This is friendly act!”
 “But it has a predatory character to it.”
 “I am not an animal.”:
 “He will see you now.”
 “Kiara, you are an asset.”
 “I have learned things working for the government. You are the new government.”
 “What are you playing for?”
 “This is so embarrassing.”
 “He had a game.”
 “You need to prove it.”
 “Who is playing, and who is paying.”
 “This fits with you way of living.”
 “Play and pay!”
 “Wuff! Wuff!”
 “This is so shocking.”
 “It is not like you think. He cannot help doing it.”
 “It does not matter if you can help it. You just do it.”:
 “I took it out.”

"I have a million of those."
"I have something which will take care of the problem."
"You cannot stop me."
"I love how you say it to me."
"Don't say it like that?"
"What color is the Kool Aid?"
"This was so wrong?"
"Did they realize where this was going?"
"Everyone wants a leader."
"This is so nasty."
"Help me, dear?"
"I got punished for being myself. They made me go upstairs."
"No one ever wins!"
"I know people."
"He can turn you into something wonderful."
"They are pretending that this is some kind of transformative place."
"I am beyond change."
"Do not deviate from the show?"
"I do not feel fair being criticized that way."
"You got what you need."
"We are all friends here!"
"This is round two!"
"Winner takes all."
"We have books."
"We can make you feel right."
"Where is this place."
"This is the house that you always wanted."
"He is coming to my place for repairs."
"I cannot work him."
"This is no longer about Stella."
"I want down one highway."
"You arrived at the store."
"I took all the props down."
"Do not let this happen."
"The Jupiter psycho is her."
"He did not see what he wanted."
"You will be rescued."
"The Jupiter book of rescue."
"I am so far ahead of you."
"There is no ahead."
"You rteam is here."
"They are not even working with you."
"Lie back and take what you need!"

“Jupiter on the tenth.”
 “I am in a far orbit.”
 “Why is he not making you happy?”
 “This will come to an end.”
 “I am keeping watch!”
 “That may not be good enough!”
 “What are you telling me?”
 “Who are we battling against?”
 “We are fighting those who used to be allies. History is a bitter enemy!”
 “Who are you?”
 “I am a bitter enemy.”
 “You are not allowed to share your weaknesses!”
 “This is leaving such a terrible taste in my mouth.”
 “Here is where Jupiter trots out some document on Human Rights. Who the fuck do they think that they are protecting.”
“None of this affects me.”
“It affects me.”
“I have arrived!”
“I am responsible for none of this.”
“Did you turn in the rental!”
“Anything could go wrong!”
“I have done this so many time that it’s easy.”
“You are not fighting the same fight.”
“Who are you fighting?”
“There is another challenge to our ascendancy.”
“The ID. They have targets and kill ratios. They have the animal instinct.”
“They are seeping.”
“Drip! Drip!”
“We are feigning injury.”
“You have always hugged the edge.”
“I need you to open your bag.”
“Oh shit! Oh shit! Oh shit!”
“I am getting so worried!”
“Pay the money.”
“Pay the money!”
“I really need some help. Can you help?”
“Tomorrow never knows!”
“We are getting to the original family.”
“I broke something.”
“You touched something.”
“One of our basic needs is for fun.”
“One of our basic needs is Oreos.”
“You really have gone overboard.”

“One of our basic needs is boundaries.”
 “So Jupiter hired these scabs.”
 “The police are protecting their passage.”
 “One of the suits tried to run down the pickets.”
 “Who is really doing your work?”
 “You want to take my cow.”
 “I thought that it is God’s cow.”
 “It is his milk.”
 “Why couldn’t he just have rained the milk down from heaven?”
 “He had trouble finding a cow. So he had to confiscate your cow.”
 “I don’t care about all the cow shit. You are fucking with me life and love just to make a quick buck.”
 “I gave you a job.”
 “And I am going to give you a civics lesson. Then I am going to give you an ethics lesson. Then I am going to school you in politics. Then we will talk about science. Then we will sacrifice the cow.”
 “I do not eat cow.”
 “Moo! Moo!”
 “If it has a face, it can discuss history and temporal displacement.”
 “I am not running in the same circle.”
 “The circle is not running.”
 “They hear it very differently.”
 “This is all that I need!”
 “Coda cow!”
 “What if they make a warehouse out of the damn cow. And then they never weather proof the location. And it is fifty in the winter and ninety in the summer.”
 “It is probably worse.”
 “Tell your parents.”
 “Are we really on the same wavelength?”
 “You probably mean frequency.”
 “How much is this going to cost me?”
 “How do I get back to normal.”
 “I go back to the entrance.”
 “I leave this location.”
 “Who will clean up when cleaning needs to be done?”
 “This is a ritual cleansing.”
 “This is a place away from itself.”
 “Do I have to watch this?”
 “You paid for it!”
 “My mother took me to an escapade.”
 “Is this a closed story?”
 “This guy runs a university, and he reasons like a three year old.”
 “They are all protecting their livestock.”

"This is not an agricultural economy."

"You got to eat."

"What am I eating?"

"It is a beef dish."

"You cannot have your cow and eat it too."

"You cannot keep it and send it to market."

"Bossie has a face."

"What else are you doing?"

"Why are you doing this to me?"

"That is the beginning of a trial."

"Do you feel any better?"

"Does this fill you up?"

"There is no forgiveness without a trial."

"Is this an exercise?"

"Will any of the executives of Jupiter face a trial?"

"This is definitely encouraging me to take a bath."

"I do not remember where I have worked."

"This may be done before we know it!"

"And I do have to look at this!"

"The rippling sounds."

"Who is making this happen?"

"This was meant to be easier. No tricks."

"Who runs this place?"

"Mr. J."

"This is not a place of merriment."

"There is always a word to describe what we are feeling?"

"Am I feeling it for myself?"

"Jupiter can help you to feel things that you have never felt before."

"I feel as if I am dealing with a hundred variations of the same person. All the suits are working on the same thing."

"I am glad that you care so much."

"Per would never be that good at bringing any kind of order to this place."

"I have finally arrived."

"I know that I have arrived."

"For those few brief moments, you feel as if it is all fucked."

"I took care of it as soon as I could!"

"You are moving up the ladder."

"The ladder is mystical."

"That could have been my head."

"Heads did roll. But you were promoted."

"I only have time to read trade manuals."

"Who will save the children?"

"We will make all kinds of products for children."

"They are in charge."
 "I am not really listening!"
 "I thought that you would enjoy this more than I did!"
 "I did."
 "This is getting way out of control."
 "You did not plan this well."
 "What are you doing? You are telling people to be like you. And you are pretending that it is some kind of mystical understanding."
 "Everything is downhill from here on hill."
 "You would know."
 "You need to sort through this."
 "There was General Motors."
 "General Electric!"
 "General Oil."
 "General Concerns."
 "Boiling in oil!"
 "The superiority circle. No belief. Seeing yourself as the center of the world. This devastation circus."
 "I went to a lovely place."
 "We were all part of a carnival."
 "What was this treat?"
 "How did this get out of hand?"
 "She is here."
 "She has her own division."
 "She does long division."
 "She is the divisor."
 "This is getting good."
 "Everyone relates."
 "We work. We get chicken."
 "I want more from life."
 "I am recovering from malaria."
 "I was not sure if the cure would take hold."
 "I can tell what your background it. And what it is not."
 "I know a prestidigitator."
 "He has a pencil."
 "Take that pencil back to where you found it!"
 "Take that orange back to where you found it."
 "What do you have there?"
 "Jupiter gives you a set of toys."
 "I needed to cut into my dollar and cents amount."
 "This is all mine."
 "This is all mind."
 "I need a reservation."

"I have reservations."

"You really fucked up."

"You played fantasy with me."

"It takes an art."

"It takes a rabbit!"

"Was there something irregular?"

"No one said a thing."

"Are you being watched?"

"I am living with the fleas."

"This did not come close to me."

"Walk into your new job."

"This is not what I expected."

"None of us expect Jupiter to affect us with such vibrancy."

"The ultimate product is your desire. You have desired in a linear fashion."

"You have been understood."

"You have come to a perfect understanding."

"I am not going to be able to work without this."

"You cheated this whole game from day one. Now you have to answer for a different sort of crime."

"I want to look longer."

"I don't think that I could stay there that long."

"I have money."

"This is going to be worse than I could have imagined."

"You fucked up!"

"I didn't mean to!"

"And you are next?"

"I didn't think that the rats could carry on this long!"

"This is not how it is meant to be played."

"I do not want to look at this."

"This is going to last for perpetuity."

"No one is handling this well."

"You do not grasp this well!"

"I will get what I need and want."

"My weaknesses will become my strength."

"Can you be specific?"

"I have a delivery from Jupiter."

"At every stage, there is the possibility that someone will disrupt the chain and threaten the dominance of Jupiter."

"There is a face beyond the face. And Jupiter can sell that to you. This is important. You do not want to share."

"You do not want to show yourself."

"I can give of myself!"

"And you are next."

"This idea of a line does not make complete sense."

"I did not want to wait in line. I paid for a place."

"We get on so well together."

"You have to ask."

"I know you."

"Jupiter has its own language. Not just words to motivate the culture. These words are all about hiding and showing."

"About making promises for things that you never end up getting."

"Biting the hand that feeds you."

"Nipping the leader of the pack.":

"This could be a bite"

"And what do you have?"

"And what do you have?"

"A business. And a process. Something that you are selling. You see last year's news, and it seems so quaint."

"I cannot keep up. Between the repairs and the payments."

"There is a moment when the product cannot sustain the payment."

"Read this book."

"I don't have time to read. Tell me what is in it."

"Tell me what is in you."

"Let me kiss your friend to know what you feel."

"You infected me."

"There are deeper emotions, but they melt in the heat."

"Ice sculptures and Jello-molds."

"That was meant to be scary."

"What makes it move like that?"

"One eye. I see what you are doing."

"I have an invention."

"Jupiter can get it to market."

"Jupiter can control the market!"

"You need to control what you can."

"I give up to much of myself. And I get so little in return."

"You need a patent lawyer."

"You are not allowed to do whatever you want."

"I am going to spend a lot for not much of anything."

"Inch worm."

"I have given up too much of myself."

"I obey the rules."

"The rules were made to keep you in place."

"I obey the rules."

"You are getting into the suffering and the pain."

"I have given in quite a bit."

"They have records."

"We are record keepers."

"People want tangible objects."

"We have assembly manuals. "What is missing?"

"That says is all!"

"This is the happy look!"

"You do not pay me enough to give you anymore!"

"Take care of this."

"Take care of this!"

"Look in on this!"

"Where will I be in five years? How can I match the image in the mirror to the me that I want to be?"

"We have classes. We have consultants. We have everything that you want to be."

"Who even sees. Do you know what it is to be loved and appreciated?"

"Jupiter has all that!"

"What does Jupiter lack?"

"How did you get like this?"

"Jupiter did this to me."

"I obey the rules."

"The company shapes your body."

"You paid for the wrong plan."

"Mr. J. used to like me. Now it has all gone to my head. My head had taken me in the wrong direction. I have become something that is not me. I have taken it to heart."

"They are working together."

"I am working for this thing that can never be me!"

"They were in there for too long."

"When do you make your connection to the world."

"Sleep in the truck."

"I thought that you had a place."

"On this salary. I got behind on the mortgage. I could not catch up."

"How do you hold it together?"

"I am always too loud. I outplay myself. I do thing that are never who I really am."

"Jupiter will keep it all together."

"You made an appointment with one of our personality consultants. I am Vernon. I am here to make you a better person."

"Thank you, Vernon."

"You are the product."

"Does that mean that I need to buy some associated products to make the prime product into something worth being with?"

"That sounds all well and good."

"I am coming back to something that I love and hold."

"What can you hold? This is a game. You need to learn how to play yourself so that you can get a better play."

"Lift them up, and know them down."

"I used to watch your show. I imagined that we were together. And now we are."

"Did you help me to think any better?"

"What do I hope to gain."

"Where did he get what he expected to get?"

"The combination is in a can."

"This cures!"

"This is so bad."

"We have nothing to give."

"And it all comes back to the same thing.":

"I gave of myself."

"I hit another milestone."

"I couldn't have made this up if I tried."

"There is this side of the self. And we just seem to hide it. We look for someone else to give it away to."

"I want the soda water."

"I have the flow."

"That is a terrible metaphor."

"What do you prefer?"

"I can see the plans. I see the breadth. I find a double of the world. There is this thing that I see as the now. But it does not last."

"I do not want to stare at this."

"I see circles."

"I see shadows."

"Shadows without light."

"There is this material reflection. This is the very condition of being."

"And what does Jupiter know about this? Do they know everything?"

"And what are you paying for?"

"And what are you paying for?"

"I need to weaned!"

"This revealed something deep."

"I know!"

"Why should I?"

"We are too close."

"I drank that sewer water."

"Do need to watch this?"

"I have looked though the user's manual."

"They really don't understand the material shadow."

"What if they did? Would they be able to fuck up with people's lives?"

"Does the material shadow reveal a sense of stability in our lives?"

"What is being reflected? A way of being in the world?"

"We all want more than shadows."

"We all want a material shadow."

"Do they create a material shadow? Do they exploit the material shadow?"

"That could be the end for civilization. If they finally realize how to create a material shadow, the world is theirs."

"Mr. J. spends his lifetime in the darkness trying to approximate his material

shadow. When he reaches that moment, then Jupiter will have everything that they need for total domination.”

“That is more nonsense. That is in one of those books that he rejects.”

“You know what they say. Mr. J. is afraid of his shadow.”

“Life seems to work that way. People become afraid of their own shadows.”

“That is only a metaphor.”

“What is your real fear?”

“The Rat Man.”

“That something from my past will haunt me.”

“This is hopeless.”

“Per is the only one who can be trusted.”

“I am back again.”

“This is one on one.”

“Per has not ideas about shadows.”

“You can look, and you can see!”

“Per, Per, on the wall, who’s the fairest of them all.”

“You do not want to be fair. You are the dark queen, and you rule by the shadows.”

“Each reflection points to a million more.”

“My memory is the only thing that matters.”

“Are you from here?”

“You do not have the same memories that I have.”

The Entryway to Jupiter

“We need to exist in multiple locations. We are a corporation. We are a universal idea. We will divest of all material objects. And we will exist in our becoming. And no one can be as fast at attaining that sense of oneness.”

“There will be parity.”

“There is a party.”

“I am giving away too much of myself.”

“I need to see someone.”

“You do not want to say too much.”

“Where else do you exist?”

“Jupiter is trying to create existence at multiple points.”

“There is time. And there is a path.”

“All roads lead to Jupiter.”

“Mr. J. can be scary.”

“Jupiter is all about tangibles. But it is trying to attain its own version of now. In that effort, the company makes every effort to outdistance other companies who do the same.”

“We do the same for you.”

“You made it in before anyone else.”

“He wrote some songs for me. He made me feel that this was the me that I could be. It only dragged me out to sea. I was drowning in myself. Is that what Jupiter is hoping for. We will all be so far out there.”

“Only Mr. J. Can help!”

"He rubs oil over his body."

"He is baking to a crisp."

"We do not say what needs to be said!"

"Honesty is essential."

"Ask Mr. J.!"

"He knows it all!"

"I NEED TO FINISH THIS!"

"Someone filled it out for you."

"He is my accountant!"

"He was ready to turn in the books."

"Jupiter is going to the stars."

"How many people are they taking with them?"

"She is looking at you."

"She is wondering if you are meeting your quota."

"They will not give me a second's peace."

"You really do not want to know!"

"I can fill in all the values."

"You cannot sign."

"I can sign for him."

"Who is behind Mr. J.?"

"He is with the defense department. Some guy who walks the floor. I see him going into the offices. He tells people shit.. This is going to help no one."

"I lost my wallet."

"Mr. J. has another contract."

"He will never understand."

"He has another contract."

"He will never understand."

"This is all fried."

"A little too close."

"Go hard!"

"This is for the children."

"This is so far out of itself."

"The Empire."

"ID. It is more a guerilla operation. It makes its own laws. But it is totally under contract."

"No one will be waiting form me."

"This is an object lesson."

"Leadership will tell."

"They do no need leaders. The company is everywhere and nowhere."

"Mr. J. gets it, but he does not really understand."

"Don't put me asleep."

"There is so much that you missed."

"He makes beautiful noise."

"You have to make the move."

"You cannot do what needs to be done."

"Is it this way or that?"

"Close the books."

"I cannot hear the connection. You are going somewhere. But I cannot hear where you are going."

"I know things!"

"Sure you do!:"

"This is not a way to make a profit."

"You are eating us up. You are destroying our humanity."

"How did he get out there?"

"He left things out."

"Mr. J. is not the one who is doing any of this."

"Who is protecting me?"

"There is a proof."

"There are not the skills."

"The circuits will not connect."

"There is too much noise. Too much interference."

"I need to sleep. Mr. J. lets us take naps."

"That is a real contrast with other departments. They make them work until they puke."

"And you can prove that."

"You are brainwashing a few of the supervisors."

"Did you do this for me? Was there something that you want me to see?"

"What are you protecting?"

"My ability to get away. My need not to play."

"I can see what you want me to see."

"I can feel it too."

"I am so into this!"

"Go wide!"

"You need to go to the Penthouse."

"You are such an asshole."

"I can make it happen. The world makes it happen."

"You are unleashing a force that you will not be able to control. You will learn how to squeeze so hard that you will create a chemical reaction. It will all explode around you."

"That is all wishful thinking."

"We supply for weddings."

"Mr. J needs to see you."

"You are not going to get it done fast enough to make a difference."

"I need to wash my hands."

"You have touched a great man."

"I have come in contact with his slime."

"You do not hear it!"

"It only goes where it starts."

"Here, here, here."

“What do you think the cat thinks?”
 “The cat runs the operation.”
 “How does she do that?”
 “She works with the weather.”
 “You need to learn how to make sense.”
 “Don’t bet on it.”
 “These shadow are constructed to scare people.”
 “Like ghosts.”
 “It is geometrical.”
 “It is mathematical.”
 “Do you want to know?”
 “Mr. J., I see them.”
 “I am one of them.”
 “Are you on it.”
 “Mr. J. thinks that you have powers that you do not have.”
 “Do you have the powers?”
 “I am moving up.”
 “I can convince people.”
 “This is a miracle.”
 “He took the turn too wide.”
 “How many days do you want?”
 “*I have been assigned to you.*”
 “*I can make it a go!*”
 “*I can give you a guide.*”
 “*It is a breakfast book.*”
 “*It will tell you what to do in the morning.*”
 “*I am running this division.*”
 “*You treat people like shit.*”
 “*I get the outcomes.*”
 “*Are you going to help me to be better at what I do?*”
 “*I am going to help you do what you do.*”
 “*That feels so right.*”
 “*It is in the blood.*”
 “*What does it taste like?*”
 “*Trouble.*”
 “*You cannot let up at this moment.*”
 “*Ask Mr. J!*”
 “*He really knows nothing. He depends on other people to do things for him. They are so enthusiastic. It is all about playing the material shadow. He will introduce that soon.*”
 “*There are different reflections.*”
 “*I will not be stopped.*”
 “*We all do our thing.*”
 “*We found a weakness.*”
 “*Mr. J. has no weaknesses.*”

"You just gave it back."

"Is Mr. J. in."

"He is reading."

"He does not read."

"This book tells about his imminent defeat."

"How can that be? He protects himself!"

"Why is the earth doing this to me?"

"It will always work that way."

"Ask Mr. J."

"He is not science. He only does things to be himself. And he wants other people to follow. That makes it look as if he has a grasp. He is only making it worse for others."

"Do you want to know?"

"He is consolidating."

"Watch the rabbit run!"

"What is the fascination with hopping?"

"They want compliant employees."

"He acts as if he can bring them back from the dead."

"He knows where to get the products. But the earthquake is going to turn against him."

"It finally caught up with you too."

"How did it even enter?"

"At night. It was the material shadow."

"Jesus, shit. He has done it to me."

"Listen!"

"Where is this going?"

"He is a top floor guy."

"Everyone wants to go there."

"It is little bitty belief."

"I know the city."

"You will arrive there."

"I do not want to leave the room."

"You fucked me a little."

"You did not do the numbers."

"Do it now!"

"You are so far beyond!"

"Can you make it happen?"

"It is happening!"

"You know what it is."

"There is not much to it."

"A little bitty belief."

"I see these dark splotches before my eyes."

"I did it."

"I have the tools."

"I got it cheap."

"She can match."
"I have the edition."
"How does he get the editions?"
"He does not understand paper."
"Paper is not your friend."
"Sometimes this is going too far."
"Paper is not your friend."
"You are destroying the universe."
"You are destroying the planet."
"The human being!"
"Would anyone ever know?"
"I need to push this further along!"
"This is getting so much worse than it should be."
"Can I take over?"
"Jupiter wants executive control."
"And the culture."
"You are trying too hard."
"I don't have to try."
"Jupiter is becoming."
"Turning into shit!"
"I want to escape this shit."
"Escape velocity."
"Don't take what is mine."
"You need to protect me."
"There is no protection. This is total freedom."
"Will it all come back to me?"
"Thank you for helping!"
"Jupiter promotes you."
"Is this a revolution or going along?"
"We have a cable show for you."
"Everything radical has a cable show."
"I think that a mistake was made."

"Steven, we have been carrying this book of yours. We do have to go over some problems. You make assumptions about your characters that do reflect their actual circumstances. You just get off on their suffering. That is disgusting. You hate humanity. You do not give people the ability to overcome their circumstances. Instead, you find humor in the unfortunate aspects of their lives."

"It is nothing like that."
"Who does the informing?"
"We hope that people will be more than they are."
"Guys stick together."
"J. does not reward me."
"I almost made a proof."
"This is the shit that we live."

“You understand the origins of your deprivation.”
 “She does not allow you to transcend.”
 “I like it how it is.”
 “That hardly seems liberating.”
 “You take what you are given.”
 “I do not want to be made that way.”
 “The work will get done.”
 “That is hardly enough for you!”
 “I want to work extra hard with you.”
 “You have to catch up with me.”
 “You need to come to me!”
 “This could have been your story.”
 “You have no idea how much of my story I give.”
 “What is a story? You breathe.”
 “I want more.”
 “Why is that worthy of a telling?”
 “I want to slam it shut.”
 “I want to slam it shut!”
 “You do not understand the pain.”
 “You are not going to be able to do a thing about it.”
 “I can show it to you. This can become you.”
“I need you to come in here. You need to see this.”
“What is that?”
“They call it the blueprint. It is everything and more. Strategies. Estimates.”
“That sounds so vague.”
“It is a weapons blueprint. Need I say anything more.”
“Turn the page.”
“It is Mr. J.’s love life.”
“This is not some fun get funky lose your shit philosophy.”
“You can’t just end in mid course.”
“This was supposed to have ended.”
“I need bandages.”
“They want more.”
“Heart medicine.”
“This is a whole new way of thinking.”
“You will have to get it done in the morning.”
“I have succeeded.”
“What did you miss?”
“It was a little shaky.”
“I was involved.”
“I need a number.”
“Clear up all the numbers.”
“You are being used by your own ideas.”

“I have been waiting to make my own mark!”
 “Does that still exist?”
 “They did what they could to hold it together.”
 “The peaceful became defensive then offensive.”
 “That is what allows us to get by.”
 “Make the move!”
 “The world allows a lot of shit.”
 “I need to shake it up. I need to offer more.”
 “There is an intersection.”
 “Jupiter has profiles. You can advance. Do you have what it takes?”
 “That was my favorite movie.”
 “This was all about opportunity.”
 “This is never just about equations.”
 “The values have their own reply.”
 “What does that mean?”
 “The flavor is in the soul!”
 “You need to stay active!”
 “That is not going to work.”
 “Always does.”
 “He is such a smart ass.”
 “The best. I am all that Jupiter needs.”
 “And where does this go?”
 “Where it should go.”
 “Jupiter finds the best.”
 “This is some American bull shit dream.”
 “The reaper is not going to show tonight.”
 “This hurts so much.”
 “I hurt so much.”
 “They all do the same thing.”
 “This is a new version. They all get by on less air. They do not understand what wellness was to the previous generation.”
 “These Jupiter implants are fucking with their biology!”
 “Not in a pleasant way.”
 “You can do this.”
 “I made mistakes. I let the parts do the talking for the whole. I did things that I did not want to do for myself.”
 “We can make it equal!”
 “How do you see this?”
 “You are sticking to an untenable position. You only want the flowers to glow.”
 “It all glows in the head.”
 “Make the move.”
 “She is deeper in the shit than you can imagine.”
 “They are all Jupiter.”

“They are ID!”
“They are born to kill. You see it in their eyes.”
“Mommy makes it so!”
“This is your story.”
“Someone has to tell it like it is.”
“Don’t lie at my expense.”
“What have you been eating?”
“What have you been eating?”
“Do not leave me!”
“This is an abandonment prophecy.”
“Where does this come from?”
“I have everything I need.”
“It’s the sandwich.”
“It is the witch!”
“Ding dong!”
“Do not blame it on the Dad.”
“Blame it on the coach!”
“How did I get this way?”
“You are lovely!”
“I gave so much of myself to you.”
“Jupiter has a remedy.”
“Rub this all over!”
“That feels so good.”
“Did you come with fries?”
“This is so far beyond me.”
“Order the chicken.”
“Order the fries.”
“There is no order here.”
“You cursed me.”
“That is the mojo order.”
“NO! NO! NO!”
“Come back to me when you have completed the book.”
“We are going to have to bring Jupiter down.”
“Could be any entity.”
“Everyone is trying to get beyond herself. Live in the now.”
“FASTER! FASTER! FASTER!”
“He is good at what he does.”
“There is no fairness.”
“Fair is foul, and foul is fair.”
“Get the wings!”
“They are so good!”
“What the fuck?”
“Win it for the team.”

“He has what he needs.”
“This is for the birds.”
“What is the only pleasure?”
“Touch.”
“The vacuum.”
“I need a tranquilizer.”
“I need an anesthetic.”
“I need some self-renewal.”
“And this is what you get!”
“Please leave!”
“Let us bet your millions!”
“You better have what you say that you have.”
“I have chicken parts.”
“This is so wonderful.”
“Dear, Lord, give me what I want.”
“She choked on popcorn!”
“Was it good popcorn?”
“The last gasp.”
“There is so much going on up top.”
“I am burning out of myself.”
“He thinks that he is fucking the world.”
“The world is fucking him!”
“Freaky fucking dumb fuck shit.”
“I should not have to take this.”
“I am blessed.”
“You spend all your money, and what do you get back!”
“A new trainer.”
“I can give you the body that you want.”
“Everything is an ideal here.”
“I am a fire.”
“This would not even be competitive.”
“I am not going to get in.”
“You come in first.”
“What the fuck happened in here?”
“We were parting and things got out of hand.”
“This is a little creepy.”
“I should be feeling worse.”
“This is talent!”
“The manual says that you need to quit. You need to return to beginning.”
“The scream.”
“I will be back for more.”
“This is still a possible.”
“And this is explosive.”

“What do you have on me?”
 “You have always been a shithead.”
 “Do you know the rules?”
 “You have to love me.”
 “I dream of you.”
 “This is so insane!”
 “She is worse than you can imagine.”
 “What is going on in the planning room?”
 “J. is expendable. He revealed too much about the company.”
 “We are one step from a total takeover.”
 “We make them think that it is all their doing. They are so fucked.”
 “I do not to even think about this.”
 “I am here for you!”:
“What are you doing in here?”
“I have been spying on you. I have seen the blueprint. Everyone has.”
“I publish the book.”
 “Not the novel. I have the government document. No one else has seen it.”
 “It is science fiction.”
 “I am in so much damn pain.”
 “Do you like writing here?”
 “Were you hiding in the closet?”
 “Where else do I hide?”
 “Do not mess with my stuff!”
 “This is the stuff of the world.”
 “You can’t just argue with us.”
 “We are ready for the visit.”
 “Hide in here!”
 “Press the button.”
 “Open Sesame!”
 “You know where this leads.”
 “It leads to the grave.”
 “I have a backup plan.”
 “We all should.”
 “Where do the weak go.”
 “Miles from here.”
 “There is a bus.”
 “That is not going to do.”
 “There is a queue.”
 “Don’t touch the tail.”
 “Shake the tail.”
 “He knows nothing that he thinks he knows. His enemy is right on him.”
 “I am not even in on this.”
 “They will not need him.”

“He helps to align American imperialism and innovation culture.”
 “How does that owrk?”
 “He explains how to clean up.”
 “Brought you what you need!”
 “There will be a trial.”
 “They will send him off somewhere.”
 “He has a new book. Some fantasy bull shit!”
 “You want to hurt me!”
 “For what!”
 “For a higher purpose.”
 “The blueprint!”
 “We do not design weapon systems.”
 “Humans are weapons!”
 “Just get it done.”
 “I am going to give it my whole body.”
 “Weapons system.”
 “It just fell off!”
 “There are replacements!”
 “I want it for myself right now.”
 “That is what he wants.”
 “He is trying to affect!”
 “It is all melting.”
 “Go faster.”
 “I need a nurse.”
 “He got taken to emergency.”
 “What kind of company is this?”
 “We make the systems that make the systems.”
 “Rub it up and down!”
 “This is so good!”
 “Shake it out of itself!”
 “I want to do this.”
 “There is a helper.”
 “Two is better than one.”
 “One will get off.”
 “You fucked my whole body.”
 “How did I become this?”
 This will never be fair!”
 “How about this? The winner is a concept. The concept is a construction. The construction is a worker. And this worker is going to fuck up Mr. J.”
 “Where is the car?”
 “A bar. A bar. You wear your pajamas to a bar!”
 “I am going to get it right.”
 “I learn this from experience.”

"I know so much more than I need to know."
 "What are the rules here?"
 "This is childish shit!"
 "This does not help."
 "Just say it."
 "I do it when I can."
 "They are taking all the assets out of here."
 "I need some knowing."
 "We will all take a little."
 "Rated triple X."
 "Rated for creativity."
 "Sometimes you have to say no more!"
 "Raid on super J."
 "Super K."
 "This is so far beyond itself."
 "I can take this."
 "What do they know about the blueprint?"
 "What is on the tongue?"
 "This hurts."
 "From hero to zero."
 "I am doing the upstairs thing."
 "I am not confident in myself."
 "This is a recipe for disaster."
 "This is a recipe for rice pudding."
 "You are a shadow girl."
 "Just go upstairs."
 "He has a future for you"
 "Whoo!"
 "This is so fantastic!"
 "I need to start this early."
 "You turn me on."
 "It got inside me."
 "The big dog jumped on me. It was rolling all over me."
 "We have to depose the emperor."
 "He is digging his own grave."
 "This is the absolute best!"
 "What do you want to hear."
 "HERE IS HERE!"
 "My strain is going to beat you defeat!"
 "I cannot be fucking stopped."
 "Where are the taxes?"
 "Do not think that you are better than I am at this!"
 "This is taking longer than usual to heal."

“I got reinfected.”

“Take it up with the boss.”
