

LUNAR AWAKENING

We were working together on the Lunar Awakening. And she was kidnaped and given drugs by intelligence services. Even after her rescue, she still craved the effects. She was no longer interested in the Lunar Awakening. My efforts had come to naught. She was immersed in this world of confusion. How could it be otherwise?

"I am not going along with this."

I have spent my time in a deep freeze waiting for the right time to thaw.

"Why is my dream being taken from me?"

"You are too philosophical, Steve."

"Tell me about Beth."

"She wondered if she could no longer participate."

"I was groomed to host the perfect barbecue. And the sauce was dripping from the ribs as I slid them on the grill. This was going to be a moment for celebration. This was not me. This was not who I was supposed to be. And I did not feel that happy about acquiescing."

"Are we going to return to our happiness of yesteryear?"

"I kept thinking that I was going to get back with me ex from high school. That made no apparent sense to me. But I felt as if it was expected from me."

When they recruited us for the service, they asked us all kinds of random question. I thing that they assumed that this would be the foundation of our loyalty. If we could respond positively to these questions, there would be no reason to wonder about our overall commitment to the cause. They quizzed us about popular songs. They tried to peel back the layers of our history. Silly things. About microwave dinners. Did we laugh at our own jokes? Did we hide things from our parents?

"This guy still won't shut up."

"I wonder if he thinks that this is some kind of plus to his advancement."

"I hate to say it, but this kind of shit has worked in the past for him. It's a template for his behavior in the future."

They even wondered about family pets. They were interested in our silly nightmares.

"He started to press me about personal matters. I could sense that he was digging deeper. And I was feeling less and less like myself."

"He is an accomplishment in his help."

"What does he really know?"

"What did he miss?"

"He has attention to detail."

"Hedging and accounting."

"What do I have that you do not have? Do I need to make more effort?"

"This is all my responsibility."

"I had pitcher of ice coffee waiting for me. I left food for the dog. What had I forgotten?"

"It gets me every time."

"I like it when the rat catches the ball in his mouth."

"He loves the doughnuts."

"They are going to kill him."

"He knows that. That is his conflict."

"I need you to get me out of this place."

"You are showing too much interest in me."

"You wanted drain me of all my energy."

"You are easily pleased."

"There is no awakening."

"I am constantly asleep."

"I have waited all my life for this."

"I have to calibrate every one of my moves to yours."

"This became the motivation for the invention. He was trying to accelerate the production of the machine. This was the machine keeping track of its track."

"Did the invention exists a seed that was already planted, which was waiting to grow."

"What is the great fear?"

"Tez, the seed could take us in a different direction. Our progress could detour us to some kind of hideous dystopian future."

"I would welcome even welcome the dystopia if I could somehow survive in the future. I would love to participate in whatever was the result."

"I threw a stone out my window, and I calculated how quickly it fell."

"There was a flying squirrel that made the perfect landing."

"How do we get rid of these rats?"

"He keeps talking."

"And keep distracting."

"When you leave the protection of you childhood home, you awe that anyone could live differently than you."

"Put your vibrator on stun."

"That feels so good."

"Are you going to use that dryer?"

"That did not work. You are back in a fuck up world."

"I brought the coffee and doughnuts. I need you all to talk about your experience."

"Steven, you have forgotten the influence of Khalif. I am surprised that you have not talked about him before."

"And what have I missed."

"Becca and her crew, Ally, all of them know him. He can work miracles."

"What is so particular about him?"

"He can make things come back to life."

"Where is the space?"

"He lights up the room."

"I think that I am more dazzled by the sun."

"Steven, this is important for your book. You need to consider how this one guy can have such an effect."

"I am writing about the effect, and there is not much effect to be affected."

"Anise, are you telling me that I need to adopt the charisma of Khalif?"

"What would you prefer?"

"I still don't see how he is critical for this story. He makes them believe that there is a purpose. But that is all short term."

"This is even more terminal."

"They are all terminal, and they know it."

"He is like a special kind of doctor. He can offer them the cure that they seek."

"The cure becomes an addiction."

"When you realize that the cure is not an end, then your story becomes an eternal return."

"Hug a nurse."

"Do you want to talk about the miraculous cure?"

"Physician, heal thyself."

"I am doing a wonderful job."

"The emotional hug."

"I am so good at this."

"Will this go on all night?"

"Just call it respect. I just call it respect."

"The leaning tower is the answer."

"It brings me back down to earth a little quicker."

"I am so attracted because of the pull of animal magnetism."

"There are so many shapes of scientific progress."

"I want to live my years in a cabin and express the freedoms of my culture."

"Whatever that means!"

"We know her secret!"

"Cucumbers."

"Do you want me to wait on this?"

"This is ancient history."

"Always ends bad."

"You challenge the gods of the hearth."

"Does that make you a special hero?"

"Epic!"

"You need to find your wave and ride it. It will speed you across the universe."

"How is that going?"

"I have seen too much of this?"

"There is this place where you can float."

"Everything will be perfect."

"Do you have a loose screw?"

"Honey, you can tighten it for me."

"That is not all that I am going to tighten."

"Have some of the honey goat Gouda."

"There are so many surprises awaiting."

"We could make a fondue!"

"Where is this going?"

"Another state."

"A different time."

"I need a ride."

"You need see the wave."

"These are vibrations that are inside."

"They describe the composition of matter."

"Is this essential or inessential?"

"I can't even look at this."

"Is this an epic story?"

"You have to wait for your epic calling."

"I am going off on my own adventure."

"And where is that going to take you?"

"I want to link up with the universe."

"There is a dominant rhythm."

"Are you telling me that you are not like that?"

"You are telling me a lot of things."

"This is not going to work."

"What is wrong with the wave?"

"It is taking me somewhere else. I no longer know how to glide."

"She was in our midst."

"That is not going to help!"

The Lunar Awakening made so many promises.

"How do you deal with the tragedy?"

"I need to make quick work of this."

"You do not even know where this is going?"

"What do I see here?"

"Everything that you want to see."

"I am seeing more and more of what I am seeing."

Steven recognized that none of this had anything to do with him. He could observe all the variations. He was quite varied."

"Steven, your spectrality will not go anywhere."

"Turn the lights on high."

"What am I looking at?"

"Where does the mirror take you?"

"To doubt. To the shadow."

"How long can you subsist in the shadow?"

"You go to a more marvelous view of the self."

"You have to use one to figure out the other."

"You had no idea what it would look like!"

"I am face to face with my shadow."

"There is nothing to worry about?"

"What is the source of the division?"

"My childhood."

“How I branched!”

“Where are the branches?”

“That is a lecture in itself.”

“You are all over!”

“You can never form your identity from this.”

“You are destroying yourself.”

“I have enough stuff not to destroy.”

“This is the give and take.”

“Emerge!”

“This cannot work.”

“Khalif can make it work convincingly.”

“We are going to give you everything that you need.”

“I need that to lift me up.”

“We are getting there.”

“We are working together.”

“She is spying on herself.”

“How does that work?”

“She sees herself, and she spies on herself.”

“Some people want a little bit of nothing.”

“How does that function?”

“Look straight ahead and question nothing.”

“So you question, and you get your financial reward.”

“You are gratified.

“You are very gratified.”

“Kiara, you cannot manage this.”

“I could go somewhere else.”

“This is a special weekend.”

“I could go somewhere else.”

“I am there in the morning.”

“I was not going to bother.”

“Bother!”

“Get this!”

“I have a request.”

“We do not request.”

“If you are going to collaborate, do not ask me for assistance.”

After being freed by the Interdimensionals, she started to adopt their ways of thinking.

“She always thought like that. Entertainment.”

“Some people are easily entertained.”

“Is this going to happen forever?”

“Press play!”

“What am I missing?”

“This is a story about profound changes in behavior. What is the cause? Influence

from the stars. Changes in neurochemistry.”

“How can you do the math?”

“This reflects the shit in your life.”

“I am out of here.”

“You need to collect the payout.”

“I want this more than anything I could ever get.”

“I want to play along.”

“Join in!”

“Join together.”

“You need to know the shadow to emerge.”

“Kiara, what did she know.”

“They gave her a manual. And she transformed. She was not that good of a reader.”

“I will take that.”

“And that and that and that.”

“Why worry about anything more?”

“Extended fantasy.”

“This was so simple.”

“Left door, or right.”

“Why did Kiara not radicalize?”

“She did. She went to the other side. That was how the ID worked.”

“They made good food.”

“They fought for what they deserved.”

“Was that what it was. You realized what you deserved.”

“These are two versions of the same thing.”

“Steven, how can you claim that I was not that good a reader. I was a great analyst.”

“You knew how to break things down. But you were not able to synthesize. That is how the agency works.”

“You never know what you know.”

“Surely, you know!”

“It was a long vacation. The meaning of work changed.”

“You are a participant in a non-participation pool.”

“Why do you just hate this kind of distraction?”

“It is all like this.”

“This is how the Interdimensionals work. There is nothing appealing about their behaviors.”

“Those are the only behaviors. They are in touch.”

“How many operatives do you need in one room at one time.”

“What do you have there?”

“All my clothes!”

“What is this celebrating?”

“Things that manifest. Things that you see.”

“Things that you have seen.”

“Are you going to shock us?”

"Are we easily shocked?"
"Read the manual."
"Steven, I am the manual."
"Why is there an explanation?"
"Make the move. There is no theory."
"I see it all."
"Like a hedge fund."
"This is all shit."
"What are you celebrating?"
"I have a window's eye view on the world."
"I am watching you."
"Let me see your portfolio."
"This is the devil's company."
"You need to follow this from the beginning!"
"We had good people working on this. Why did the company tank?"
"You wanted it to fail."
"Do not say anything, and he will not know the difference."
"Do not look!"
"I am not an analyst. What should I be looking at? Labor statistics."
"I will make it home first."
"Wait for me."
"I cannot make the same thing work two days in a row."
"No one can."
"Lightning child."
"This is certainly a con."
"Kiara fell for it."
We were driving home on a barely lit street. We were dodging the pot hole.
"Steven, I need to get in your car."
"I can feel the presence."
"I can pick you out of a crowd."
"Solid shadows."
"He fell on my care."
"We are preparing you for this."
"Look straight ahead."
"Did anyone tell you that you were a total shithead?"
"I have to do these things."
"And Kiara, you go along. This is pain."
"This is darkness. They all feel pain here."
"There is the house of suffering."
"What does this mean?"
"They talk about a life after life. This is redemption."
"This is our revenge."
"There is only one thing that worries me."
"I work hard at this."

“Where is this going?”

“This is perfection.”

“I believe.”

“How do you believe?”

“I have the stigmata.”

“I am wearing this.”

“What is that?”

“A forgiveness necklace!”

“We are sharing so much.”

“You can help me.”

“What are you really afraid?”

“The United States of Fuck Me Where It Does not Hurt.”

“Why do you accept this shit?”

“I dish it out so well.”

“And what do you have in return?”

“You don’t have to look.”

“You are a winner or a loser. I am winner.”

“I can smell it!”

“It is gasoline.”

“I am going up in this!”

“What if you say no.”

“Steven, it is nonsense that we are spying on anyone. We do our jobs.”

“Then you get the warrant. Then you do not need a warrant. Then you are showing it all on television.”

“No one is watching.”

“No one is watching.”

“No one is watching.”

“What if I say no!”

“Kiara, that was when we stopped trusting you.”

“I do not have to bother.”

“This is where the dinosaurs came from.”

“I am feeling so self-destructive!”

“I have been called on!”

“I am totally calm.”

“This is not affecting me in the least.”

“Kiara, I am watching you.”

“They all are.”

“I am reviewing your files. You collaboration.”

“None of this matters.”

“This is enshrined in stone.”

“This is enshrined in ice cream.”

“Please move out of the way.”

“Claire knew things. Chloe knew things.”

“Steven, we have won. There is nothing that you can do.”
 “You have no mythology. It will not last.”
 “We can destroy what we do not have.”
 “You are eating yourself alive.”
 “It is all about us. Not you. Steven, you are the essence of irrelevance.”
 “I love your weakness.”
 “It is adorable.”
 “Who trained you? Those who hated you loved you!”
 “This is even and odd.”
 “They are not going to return.”
 “Steven, who is the new editor.”
 “Wyndham does not want you to talk about any of this shit.”
 “What does Wyndham want?”
 “He is doing an accounting?”
 “I love your weakness.”
 “Who comes after?”
 “I am bouncing back and forth.”
 “You do not know where this is going.”
 “They will be in your house.”
 “The windows are going to crack.”
 “Stop!”
 “I am having problems!”
 “Break this apart!”
 “This is not working.”
 “Ask Walter.”
 “Is that his name?”
 “He had experience at the agency.”
 “This impresses you because you cannot know the real thing.”
 “I give you what you give me back.”
 “I never had a chance to be myself.”
 “I see a target.”
 “You have no idea how this will end.”
 “Steven, you cannot really call it brainwashing. We like the wash. We want to go
 along.”
 “What kind of vibe are you giving off?”
 “Electrocution.”
 “There are so desperate with their electrical signals.”
 “I see blood.”
 “I see red.”
 “I see purple.”
 “I am not seeing anything that agrees with what you see.”
 “Who is next?”
 “I have committed myself to a fair result.”

"I offered you an opportunity."

"You are a disturbance."

"You hope after doing something really stupid that it is not going to wreck your chance at another chance."

"Who is next?"

"Who is paying for this?"

"No one is paying."

"We are trying to shock you."

"Not shocked."

"This is your realization of realization."

"Do I have to look."

"I am trying to ditch all of you."

"Jump into this care."

"This is going to be a long chase."

"I am seeing all of it."

"No one is surprised."

"You are my excess."

"I want this."

"I do not want this."

"This a great way to end."

"How fast was that car going?"

"Want to know something. You are never the show."

"And you."

"I am carrying Kiara's manual."

"What kind of manual?"

"What is being said?"

"What is missing from this picture?"

"A blood test."

"We have too much blood."

"A path to transcendence. "

"We like it a it is!"

"This is way beyond you."

"More exaggeration."

"I need to see it all."

"I had a great day."

"An Abel move."

"What?"

"You blow it up. Then everyone else knows. And then you put it all back."

"You are not going to know this in a million years."

"The sons will know."

"Steven, I am proud of you."

"It is not going to make an ounce of difference."

"This was my show."

"I know that it was."
 "You still have a little more to say."
 "I am going to have to come back to this."
 "There is a lot less to see."
 "This is all seen."
 "I know."
 "How can we see the unseen?"
 "Make it match what is in the world."
 "You need to do it much better."
 "You have abdicated."
 "Why bother?"
 "Then the angel of death shows up!"
 "The exterminators."
 "The ID."
 "Why are you collaborating?"
 "There is a major disagreement."
 "This is a system that is going to rip itself in two."
 "We have been there before."
 "It is shaking me up."
 "Steven, you can't do anything to stop us."
 "You have promise so much. The only way that you can deliver is by fucking up other people. But that is only going to fuck you up."
 "We are all working on this together."
 "This is what I really want."
 "I am not a merchant of death. There was poetry. There was creation. Now you are all merchants of death. This came from the root. You buy and sell in multiple forms."
 "What are you saving?"
 "What are you protecting?"
 "There is no middle ground."
 "This is so bad."
 "The bad went to worse."
 "You are on top of me!"
 "We cannot breathe."
 "The occupational forces are going to destroy you."
 "Where does it start?"
 "Where it ends!"
 "I don't even work on this "
 "This is the wrong day?"
 "I cannot look at this."
 "You shit on the world, then you tell the world that you had nothing to do with this."
 "Please return zone to one."
 "I was there from the beginning."
 "I need your help up here."

“Who fucked up?”
 “I do not want to hear any of this.”
 “Take care of this.”
 “He has been harassing people all night.”
 “What is wrong with Walter?”
 “This was something important for me.”
 “I gave so much of myself.”
 “This is more than I want to see.”
 “They are cooking the books somewhere out of here.”
 “Cook the cooking.”
 “I am terrible at this.”
 “What Amendments?”
 “There is only one?”
 “This is something that hurts more than hurting knows.”
 “You went off on yourself.”
 “What are you protecting?”
 “Walter, I am protecting you?”
 “I had a bad day. Here is my license.”
 “We were not looking for you.”
 “I need someone to look.”
 “You are worth your weight in gold.”
 “And then it is all over.”
 “I found somewhere else to call home.”
 “It is pretty much the same.”
 “How do you bottle that?”
 “It is all the alcohol.”
 “It is the increased heart rate.”
 “How do you make it go?”
 “This is never going to stop.”

Kiara could only hope that she had a geo-political understanding. But she went along with the agency. They had a way to creating their own reality.

“Do you mind if I interfere?”
 “I am beyond the agency. The ID is a total creation.”
 “We have collaborators.”
 “What do you want?”
 “I do not want to look.”
 “I return to the scene of the crime.”
 “You are not going to show any respect to the dead.”
 “You are not going to offer anything to the living.”
“Steven, can you help to surpass.”
“No one is watching.”
“We were both going through the same thing.”
“It became hotter and hotter.”

"The same thing."
 "I have been working at this."
 "I made a now . A breakthrough. All the products in boxes."
 "They will spend more."
 "They will spend much more."
 "You are part of the excess. You suck all the energy towards nonsense."
 "I need to forget."
 "What can you do to help me to forget."
 "The same thing that they all want."
 "Kiara, you can promise is all. Now you have to live with the shit!"
 "I am so full of surprise."
 "I know what you like."
 "Steven, I can distract you."
 "Carson, not for long."
 "When will this end?"
 "It is not all what you think."
 "This is something that we are making out of steel."
 "The man of steel."
 "I am breaking in two."
 "Turn up the heat."
 "Fuse these parts together."
 "How much longer do we have to do this?"
 "Who is going to turn the lights on?"
 "All the lights are blaring."
 "What is in your eyes."
 "This is a great way to end."
 "This was not meant to last."
 "This is pain."
 "This is not meant to last."
 "We can correct you."
 "I will take that."
 "I can make you feel so good."
 "I need discernment."
 "This is the next stage."
 "You are teaching us to hate ourselves."
 "This is horrendous!"
 "Pass me your manual."
 "I want to take a peek at your notebook!"
 "Thinks he is good."
 "They make you feel that way."
 "Where will this end?"
 "This is the worst mix."
 "Work is getting to me."

"I hate all these noises. And the discomfort."
 "Take this. And go back to work!"
 "You do so have many problems."
 "The apple never falls far from the tree."
 "Do not touch the people who work here."
 "I will get a second chance."
 "Do not touch."
 "I need more than a performance."
 "I am still pushing."
 "I will try later."
 "We are closed today."
 "Will you do the business?"
 "I am the business."
 "Everyone knows that you have it."
 "There are many ways to make this happen."
 "I do not want to be walking around with this."
 "I do not even know what I have to do with this."
 "Give it all to a friend."
 "Send me a teddy bear."
 "Sent me a rat bear."
 "I like it that way!"
"What do you want to tell Ally!"
"Get involved in the community."
"This is my community!"
"How do I do that?"
"We have one rule."
"Do not hurt."
"This will never end!"
"This will never work."
"Never!"
"I am so stretched out."
"Ally, he does not understand you."
"The book is waiting for you."
"More pleasure through more pain."
"There is no mystery. There is no I dunno'. There is no I feel so fucked. All is

now."

"I got cat food."
 "Dead rat on a skewer."
 "Human food!"
 "Two dead rats."
 "I do not eat meat."
 "I am going downstream."
 "Swim upstream!"

"What am I? A fish."
 "This is liquid."
 "I can progress."
 "Start as a fish; end as a dish!"
 "We all fiddle with a little."
 "I am all wet."
 "I was born liquid."
 "I worked myself back to a concept."
 "You could end up anywhere."
 "What do this started?"
 "Did you bring your costume?"
 "What is in the bag?"
 "All my medicine."
 "Lab on a chip."
 "We are in the middle."
 "Middle numbers."
 "You need to act."
 "I need a plan."
 "You have so much credit!"
 "What good is that if y ou are not going to pay?"
 "They have already decided not to pay."
 "More pleasure, and we can make it worth so much more."
 "That is how it all started."
 "We have a definition."
 "What do you have that I do not have?"
 "I have a plan to end destruction."
 "From the destroyers."
 "There is no reason."
 "Do not hurt me,."
 "Let me share more of sharing."
 "I can pretend."
 "Who is talking?"
 "The last good person."
 "This is not you."
 "Steven, what do you want?"
 "Just show me everything."
 "You have to ask.":
 "I can remember this."
 "What did Daphne say? What about Hajra?"
 "I have a new movement!"
 "All the fun is gone."
 "Nowhere else."
 "Why me? Why here? Why now?"

“It is too late for any of us.”
“I gave you what you asked for.”
“This is what you deserve.”
“You came back for me.”
“This is the revenge of the night.”
“Take care of this.”
“I need to see the map?”
“Where are we?”
“Christine, where are we.”
“We are in place where revelation does not lead to more revelation.”
“I am seeing everything that I need to see.”
“A new enactment will not make it better.”
“We need to review the map.”
“This cannot last.”
“This really will work for me.”
“I know this!”
“Was I right?”
“I was right.”
“No one makes it out of this place. They give and give and give until they give out.”
“Then they give out of giving out!”
“Can you figure this out for me?”
“Make claim.”
“I own all this!”
“What follows.”
“The sacred.”
“I am glad that someone is going to finish this for me.”
“You really fucked up more than I could know.”
“What do you know?”
“I will pay and pay and pay!”
“The witch got them all.”
“Do you know where this is headed?”
“Are you trying to lose?”
“Christine will always win.”
“This is a cast of a million.”
“Last until the end.”
“What kind of shit are you trying to pull?”
“No one can know.”
“The manuals were already shipped.”
“Move towards the light.”
“You do not want to see.”
“The last thread.”
“Walter will give you body and soul.”
“This is the law!”

“What is a violation? What is a variation? A commitment to all that is now and then!”
 “It is made of brick.”
 “The whole place was shaking.”
 “I do not want to be there during destruction.”
 “This now passes for news!”
 “Who bothers?”
 “Not someone who thinks much of anything that matters.”
 “The mammals were shipped.”
 “Why are you treating us so badly?”
 “You claimed that you had nothing to do with this. This was all your manifest destiny.”
 “It never is as here as here.”
 “Something that retreats from view.”
 “I want to taste that!”
 “This makes you look better.”
 “Kiara, this makes you look better. You might as well be the warden. You have created your own hell. Now, you can wash your hands.”
 “They are already clean,”
 “I made this nothing into a forever.”
 “I cannot catch up!”
 “She breaks from the group.”
 “No one is protecting her.”
 “I do not like how this is going.”
 “I need allies.”
 “This is not going to turn out right.”
 “I can love you.”
 “That is how it is all meant to be!”
 “I win.”
 “You are a monster in thought and deed.”
 “What did Nera have to say?”
 “I can make it last.”
 “This has nothing to do with you. You have given so much of yourself to another pursuit.”
 “I forgot about it.”
 “Call back!”
 “What happens when I ask for something else?”
 “You have nothing else to ask for.”
 “Do you know what to ask for?”
 “A different kind of dessert.”
 “Rice pudding.”
 “Clarity.”
 “I want to let loose.”
 “I wasn’t even looking.”
 “We can complete the story.”

“Do not yield?”
 “What do you have left?”
 “The good accounts.”
 “You have nothing to do with any of this.”
 “The bad accounts.”
 “Let me see the solutions.”
 “I cannot solve anything.”
 “This is supposed to seem more complicated.”
 “I can make you make mistakes.”
 “Steven, it would be easier for all of us if you stopped now.”
 “You make it look better than it is!”
 “There is another show here.”
 “The card game.”
 “I have it all.”
 “I have it all in my hand.”
 “You are bluffing on me.”
 “How do you want me to manifest?”
 “Who is here long enough to figure it out?”
 “There is only one measure.”
 “Let me see your cards.”
 “I have nothing to show!”:
 “I cannot even look at this!”
 “I need another chance.”
 “Close it down. War crimes. Whatever you want to call it.”
 “None of this matters.”
 “No apologies.”
 “Apologize, shit!”
 “Do you mind if I stare?”
 “What are you looking at?”
 “There can be nothing solid here.”
 “This is what you living everyday. The Georgia book. You read her book. This is now
 you.”
 “I have it so good.”
 “Yes, you do. Kiara, we can help with career enrichment.”
 “How does that work?”
 “Cover all the bases.”
 “I am a doer!”
 “Of course, you are Kiara.”
 “The game is done!”
 “How did you get in here?”
 “I made myself small.”
 “You are all late.”
 “We heard that it is really great here.”

“You here all kinds of shit.”
“Who ran.”
“Kill it as it moves.”
“It is on top of me.”
“I cannot make this good for any of you.”
“This is not going to crate a solution.”
“I cannot be solved internally.”
“Declare your jailer.”
“What did I miss?”
“Is that a deal?”
“Let me get you in here.”
“Is that how it happened?”
“There was an awakening.”
“Things did not happen as they were supposed to happen.”
“You are getting ahead of yourself.”
“This life is ahead of itself.”
“Keep out.”
“We are all out.”
“Kiara, you are hopeless, you have not plan.”
“Kiara had an excellent plan.”
“What is this about?”
“Bake the file in the cake.”
“Break me out of myself.”
“How do you conceive of yourself?”
“No one wants to watch.”
“How did you get him to believe?”
“He ate the dog full of mustard and onions.”
“You are free.”
“The food shall set you free.”
“You have nothing to show.”
“I can twirl around the room.”
“I want to believe that you are all respected.”
“You are respected.”
“Is this going to last?”
“I know what this is.”
“You don’t have enough to make much of anything.”
“This is concentrating on her too much.”
“It is not about her at all.”
“There is a story.”
“There is a story.”
“Tell me, dear. Tell me Kiara. When did the agency take over your brain?”
“You were all ID.”
“And the others.”

"Not even registering."

"No light."

"You were abandoned to yourself."

"And what do you bring?"

"I hear noises."

"Do not move!"

"I hear noises."

"How does this work?"

"Who is leading the alligator?"

"The destinator."

"I can make magic."

"Everyone is giving too much of herself."

"He is among us."

"Kiara, you have been touched."

"You cannot escape."

"Never to escape."

"Never!"

"I have this set up."

"He followed the principles."

"There are no principles."

"You should have prepared for this."

"Was it worth it?"

"The ghosts are in session."

"Kiara, now you can live the American dream. You can stay all day in your room with puppy one and puppy two."

"Some things do not disappear on their own."

"Guilt? Shame?"

"Steven, this is not your story."

"What are you telling me Kiara?"

"We know things. Things that you will never know."

"Are you kidding me? You were the one who missed the Lunar Awakening. What do you know? Central Banking."

"I can make something come out of nothing."

"You can for now. Claire knows things about you. So does Chloe. You have no courage."

"Why do I need courage? I have what I want."

"I hear barking."

"I have emotional challenges."

"Blame the world. I do."

"I rich, and I take vitamin supplements."

"Bark!"

"You are not good with people."

"I am people."

“This is going out of control.”
 “I do not remember. No one remembers.”
 “You have waited all your life for this.”
 “One on one.”
 “I need a canvas.”
 “I will be there for you”
 “Everyone has a flaw for a flaw.”
 “Puppy logic.”
 “You had a form of belief.”
 “It barks.”
 “I cannot be saved.”
 “Take care.”
 “Who is left?”
 “Why are you so lost in memories?”
 “I can play, but I do not like to play.”
 “We could create another Kiara.”
 “She would use here wits about her. She would find a way to reveal without revealing herself.”
 “What do you know?”
 “There are things to figure out.”
 “Can I have what you have?”
 “I want your cake.”
 “This is all her for me. But I cannot help.”
 “Where can I go.”
 “I need more.”
 “I am going to get this done.”
 “Tell the puppy to get the rat.”
 “Some things do not get done.”
 “There are balances.”
 “Not everything gets eaten.”
 “They have to retreat.”
 “I have a license.”
 “You like to hurt people.”
 “I am a hurter.”
 “You really push yourself.”
 “I might see you another night.”
 “He is rolling on the ground.”
 “I remember someone else.”
 “They are playing in the same show.”
 “He confesses.”
 “I need to stop you.”
 “What are you defending?”
 “Expressions. Freedom. Jokes.”

"None of that matters."
"Fans."
"I cannot end this."
"She fans."
"I am going to make contact."
"Take a piece of chocolate."
"That is going to make me feel wonderful."
"There will be another solution."
"And what is that?"
"It will all work out on Saturday!"
"I do not want to touch any of this."
"We all try that shit!"
"Kiara, go back to your room."
"It was my office."
"You are still a prisoner. We tried to free you."
"The only person who can free someone is her own self."
"There are forces influencing you that you cannot control."
"I like being a mother fucker."
"None of this will amount to a hill full of beans."
"I am not creating mountains out of molehills."
"We do need a procedure."
"Mother always cares!"
"How does that work?"
"Get it done!"
"There is an ending!"
"We are only going to get better at this."
"How does that work?"
"You will find a way!"
"What happened?"
"She's a membrane. She is something that people pass through."
"Your battery has run down."
"I am done."
"Have a cracker."
"With cheese or peanut butter?"
"The peanut butter is for the rat."
"This is a redemption version."
"You are obsessed with these animals."
"I have come face to face with myself."
"This is so bad."
"Tez, you look like you could take kids out in the wilderness."
"If I took them in the wilderness, they would all die.":
"There are so many bears out there."
"The bears are saving."

"I need to ask a question."

"Ask?"

"How many bears?"

"How can you know if it is really a bear?"

"If you do not know, you are going to get really fucked up."

"I am running for my life!"

In Du did Xa a mighty place of hedonia did declare.

'How I got here, I don't know, and where I'm going, I don't care. I hope that it is hot as hell! Hotter than I can ever be!"

Thus, she established a mathematical puzzle, which would assail her for the rest of her adventure.

"I need to come down."

"We all do."

"How does a reality founded on pleasure fail to achieve social liberation?"

"Steven, you are letting your reality project founder on the rocks."

"I've got a scheme that no one can get over."

"I think that I understand what the problem is."

"Buy me a pizza."

"I no longer eat out of a bag."

"I only earn 27,000 a year. I need money for a car emergency."

We found our subject passed out in the doorway of our building."

"What are you talking about, Kurt?"

"We set him up. We gave him some money. We showed him some tricks. And we wanted to help him do better."

"This is your program of uplift."

"We could offer him so much more."

"That is what I always wanted. It is all rushing towards me."

"I am blessed."

"The numbers made him blessed."

"Honestly, how does that work? How can numbers ever be blessed?"

"You take from the poor, and you give to the rich."

"I am good with payday loans."

"It is all inside of you. It is dainty."

"I am going to save myself from myself."

"I am not sure how this works."

"No one really is."

"What do you want to say?"

"I was told that I was on a list."

"What am I going to tell my grandson when he needs some money? What am I going to tell my son when I have an emergency?"

"These are all my sons."

"What does that ever mean?"

"What you do to the least."

“I have to get something for myself.”
 “Baby always has something lovely to give.”
 “How is the puppy?”
 “The puppy knows many languages.”
 “The universal language.”
 “That is how you make money!”
 “This is too much closeness.”
 “You buy what you spend.”
 “I have seen the graph.”
 “We are going down the hill.”
 “Sleigh ride.”
 “That is the new economics.”
 “How far will we go tonight?”
 “We will go as far as we want to go.”
 “This is lovely.”
 “My son needs medical treatment.”
 “I thought that we were in some kind of pleasure palace.”
 “I watch children.”
 “We are all watching children.”
 “You can ask.”
 “Tell me about the kids.”
 “Look under the car.”
 “I did not hide any money there.”
 “There is a social rift.”
 “Then we make up with the world. We work. We have an identity. And we hate what we cannot touch.”
 “Cannot see.”
 “What could disturb my complacency.”
 “I am good at this.”
 “I am bad at this.”
 “I doubt that I can make much more earning much more.”
 “Who is watching after the puppy?”
 “Someone is too anxious.”
 “I cannot be bothered.”
 “Here it comes in a different shape.”
 “So how much money did he make?”
 “This is not about you.”
 “Now this is about you.”
 “I want nothing to do with any of this.”
 “You cannot make something out of nothing.”
 “What can you take away?”
 “The look. The commentary.”
 “There are different ways to participate.”

"You are destroying the art."

"You are destroying the miracle."

"How does that look?"

"Rust looks like blood. The miracle is manifest."

"Does that increase the value?"

"Is that calculus?"

"It is the incubus."

"Come, come to the source."

"The job starts now."

"You do not want me to be sitting around. I am keeping my eyes on the place."

"We all like different things."

"Hope wants to offer her version of the pleasure road."

"More pleasure offers more opportunity of enlightenment."

"There is no possible way of knowing."

"I know what I know!"

"You do not know. You cannot know."

"These are thousands of variations of everything that I can know. Everything that I want to know."

"I was born to see, know, and educate."

"Do not talk about the heat."

"I am melting right before you."

"Melt in me."

"This is pineapple melting."

"How do we become flavors."

"This is going to be the best night of my life."

"Shut them down!"

"I have known you all my life."

"What have I known?"

"We would always be together."

"We would always be pineapple flavored."

"Why are you interfering with my life?"

"What are you talking about?"

"You are trying to make me nostalgic about you."

"None of this can ever help."

"This is what I listened to."

"This is what I listened for."

"You bore me."

"You cannot change my history."

"You are being too nice."

"You are not being nice enough."

"I thought that I could see all this repeat."

"The blossoming."

"From bud to bloom."

"There are secrets that I would prefer not to take about."

"This was the best night."
"This was the best night of my life."
"How are we becoming so close?"
"We don't know any different."
"She has a plan!"
"Sometimes, you have a philosophy."
"I am a destroyer."
"Cars crash in the night."
"This is too much for me to worry about."
"How did we get here so suddenly."
"There was a change of pace."
"What kind of place is this?"
"A transfusion place."
"What are you looking at?"
"Calibration."
"What does that word mean?"
"The machine has its love."
"This story could go on for a long time."
"This is too much to worry about."
"Buy the lettuce."
"Where is this going?"
"Anything that you want will not make a difference. You are not involved in any decisions."
"Hope, you can leave."
"Steven, you can leave."
"What is left?"
"The body."
"The carcass."
"What are you doing?"
"I am ready to confess."
"Does not apply."
"I had nothing to do with any of this."
"Hope, what do you object to?"
"He is reading your stuff."
"It is all about him."
"What about me?"
"I could write about you."
"This is the biggest night of your life."
"Alligator exaggeration."
"There are snakes everywhere."
"We are revealing our source of intimidation."
"Come to the light."
"Come to the wax."
"We are not invincible."

“Who is being gratified?”
 “What do you want?”
 “Everything that you need and want!”
 “Do not be so abstract.”
 “I wanted to get beyond personal.”
 “Hope, do you want to reveal.”
 “I have to go!”
 “I am going to celebrate.”
 “Am I going to have to live with this shit?”
 “I have closet space. You can move in.”
 {“I wish that this was my story.”}
 {“How many bodies can you fit in one room?”}
 {“Are these hot bodies, or is this a hot room.”}
 “I brought my tooth brush. Can I stay?”
 “We are learning more about who you are and what you want from the world.”
 “I want equality.”
 “I think that it is going to be difficult to explain balance.”
 “I know what I like.”
 “I know who likes me.”
 “How does that change the distribution of resources?”
 “I eat what I take.”
 “Can I leave?”
 “Why do you look so guilty, Steven?”
 “I took the last piece of lemon pie.”
 “It looks like rhubarb to me.”
 “That sounds good as well.”
 “I locked that away.”
 “Why do food fights assist in predicting political alliances?”
 “This is not all about personal sacrifice.”
 “You can only give away what you do not want.”
 “Spoken like a true Malthusian.”
 “Spoken like a true Manichean.”
 “Spoken like a gourmet chef.”
 “You can always make another pie.”
 “Go to the store. They have boxes of leftover cherry pies.”
 “That still does not explain the inequitable distribution of resources.”
 “Someone is trying to hoard all the cherry pies.”
 “It sucks when you are trying to explain subtle principles of economic exchange in a house of pleasure.”
 “Someone is hoarding all the pie.”
 “What for?”
 “You can’t just give it away.”
 “It would be a start.”
 “Man does not live by cherry pie alone.”

"I am not looking for your game theory."

"Even the mathematician has little understanding of economic theory."

"When salaries remain flat, and the economy has growth, then the wages are really going in reverse."

"Eat your pie, and do not try to give me theory."

"This is not an idea. People live this. They cannot erase these ideas."

"Slice the pie differently."

"They have. These pies are packed with destruction."

"Do not try to distract me."

"Don't stop asking questions."

"I am going to disappear on myself."

"Hope, I need to take my toothbrush."

"I used it to clean the silverware."

"That is where respect ends."

"That is where human dignity is frayed."

"Monitor our every move, put us behind walls, limit our trade. Destroy our self-determination."

"You can have the rice and chicken dish."

"I do not want to care about the problems of other people. I have a contract. I have enough problems of my own."

"Watch where the fingers go."

"What does that have to do with anything?"

"You have to practice altruism."

"I am drunk. You want me to talk politics."

"You always have an excuse."

"Some people do not make excuses. They only wonder who else shares their social commitment."

"This could be the story."

"It is the story. But no one seems to notice. They are so busy thinking about the shades of light blinding them."

"You are so oblivious."

"This is what you are going to have to live with for the rest of your days."

"What does that mean?"

"I want the vegetarian dish."

"I want the chicken."

"There were more choices."

"A different nation."

"I still want the meat."

"I am not going to argue."

"Arguments don't get anywhere."

"Have you discovered the source of your wonder?"

"My anxiety."

"Some people love this."

"We are all becoming distracted."

“You need to understand the motivation. The dynasties.”

“I love to be entertained.”

“The history is not a bunch of straight lines. There are a lot of tangles. We do not always understand our role.”

“Do we create a theater? Does that bring clarity to our experience.”

“You have to work on that.”

“I want to be victorious.”

“Some words get highlighted. It helps to explain the story.”

“I cannot influence events where I have no part.”

“Are you teaching a history class, Hope?”

“I wish.”

“What do you know? Everything becomes a family tale.”

“I am involved.”

“On the wrong side.”

“First in, last out.”

“Humanity cannot abide with such simple oppositions.”

“I had one bad day.”

“What comes next?”

“You have been called.”

“We do not have to stay here.”

“This will work against you.”

“There are important decisions.”

“What about conflict theory?”

“What about an economic interpretation of history?”

“What do you not know?”

“What will you never know?”

“No one will last.”

“You do not realize how your actions have consequences.”

“He will be back for more.”

“I am glad that you destroyed me.”

“Someone has to say no.”

“Lexa, learned new ways to say no.”

“Nothing doing!”

“I learned how to say no.”

“I was mean!”

“This shit is all over me.”

“I asked for whipped cream on my dessert.”

“When you recognize that the shit that is happening to you is part of a pattern, and you do what you can to break the pattern.”

“It is not one on one. You are going to have to find solidarity.”

“These vague discussions of power end up localizing control in these vague descriptions of the self. It does not work like that.”

“Some of us drift. We try to make sense of what is happening around us. There are

subtle changes. Social and economic choices. And people exhibit agency. They collaborate with their oppressors for a reward.”

“I am not looking to be lectured.”

“Instead, you are going to let history teach you a lesson. And it will not become evident until it is too late.”

“I get this.”

“Not really!”

“I can see how the world works.”:

“You have a manual. Do the fixing!”

“You can’t fix what ain’t broken.”

“We can fix what is broken.”

“There are reasons to keep the tractor inoperable.”

“I am looking for a fix.”

“I need a loophole.”

“I need more action.”

“There is so much action, but people do not notice!”

“I do not notice.”

“You are driving me nuts.”

“In good way.”

“In a frustrating way.”

“I will never arrive.”:

“You could ask.”

“You need to know who to track.”

“Hope, you are not taking this very far.”

“You gave this all of yourself.”

“You were looking for an explosion.”

“A thunder clap.”

“What do these mean?”

“These reference to the self.”

“I am an expert.”

“Not really.”

“A big nothing.”

“I am not participating.”

“No one is going to disturb this.”

“Hope, can you model for us.”

“Steven, can you show us things about yourself.”

“Is there a pattern?”

“I wake up.”

“Do you go to work?”

“Work comes to me.”

“How can I be like this?”

“This was supposed to work in your favor.”

“I know about early childhood.”

"I had not childhood."

"Who are you working for?"

"They are not good people. They persecute others."

"That is all relative."

"Yes, it is, and they do more persecution."

"Do you know what it means to collaborate?"

"I am not Kiara."

"You might as well be. You all use organizations to carry out your personal agendas. And you claim that you are obeying procedure."

"You can't make your own rules."

"You go along with shit."

"What are you talking about?"

"I have no idea."

"Not reconciled."

"How does this end?"

"It is the same everywhere. The dispossessed are the dispossessed."

"They do nothing to change their lot."

"I cede to your expertise."

"I cede to your aggression."

"You do not always need a barrier."

"It is always the same."

"This is some kind of strange issue for you."

"Steven, let me leave. Do not torture me."

"I am not even with you. Why are you calling on me as if I am some phantom that you are trying to dissipate."

"Clean off the blood."

"This is not sacrificial."

"And what is your society protecting? What is the tradition?"

"Do you do this with all your clients."

"Random was articulate in describing submission. But he attributed power to this amorphous consensus that held people together in allegiance to a dominant social order."

"This is my turn."

"I think that I would be better at describing the disorder."

"This is not a form of food."

"Why can't you resolve the problem."

"I was not looking forward to this."

"There is not rhyme or reason."

"How does this transpire?"

"People stop saying no."

"They go along with tyranny."

"They cannot see the difference."

"I want that last piece of pie."

"That is the source of pie."

"There is not control."

"What are you advocating?"
"An order based on taste."
"They have great oysters."
"All kangaroos go there."
"What are you telling me?"
"You can be saved."
"We all can!"
"I need some milk."
"What are we asking?"
"Help me to forget."
"I do not want to live like this anymore."
"Do more push ups."
"You are oblivious to the world."
"I will lead you where you need to go."
"Where is that?"
"What do you want that you cannot have? You can work harder?"
"My body aches."
"Talk to the supervisor."
"And what are you abiding with?"
"I have seen that before."
"I am going to close my eyes, and you will all go away."
"I cannot even get excited."
"The job took away that ability."
"You need to see someone."
"You need to see the shit before it becomes your shit."
"Where are we?"
"Sitting on your porch."
"What would it mean for me to create policy?"
"You cannot go along with everything that happens in your life."
"I am not going along with much of anything."
"How do I get my own identity. My very own."
"Go to identity school."
"I want to put this to rest."
"This has taken up too much of my time already."
"I see what I like."
"Fill your tray up."
"I barely notice any of this."
"You need to admit that you are being defeated."
"This is not personal."
"These are people who only understand personal."
"I am being insulted by history."
"Of course, you are!"
"This is how the household stays together."
"I am not going to cry for you."

“Where have you been hiding?”
 “I have been celebrating too much.”
 “You have squandered your legacy.”
 “One more day.”
 “We are a jolly sort!”
 “Sorting it out.”
 “Thrilling.”
 “Go fish.”
 “It will all make sense.”
 “Go fish.”
 “What do you know?”
 “Do not interfere.”
 “You need to be fearless.”
 “History has an order.”
 “How can you give form to events?”
 “People act in concert. There are influences.”
 “Does this story have a theory behind it?”
 “What do you think that I have been trying to explain?”
 “What about the action of pleasure in a confined space?”
 “What happens when the story is confined to pleasure?”
 “You wonder what is your actual inspiration.”
 “A food fight.”
 “Lack of physical resources.”
 “Are you mocking me?”
 “This happens for a reason.”
 “I want to participate, but I do not feel like a participant.”
 “You cannot spit empty platitudes at the world and expect it to answer back.”
 “They do not want to hear their own words.”
 “Who is they?”
 “It is getting cooler.”
 “History is cooling off. It is a preparation for something bad.”
 “It goes badly.”
 “He calls their bluff.”
 “The favorite of the money boys.”
 “Why are you so reductive?”
 “It is a story of reductions. I am doing my best to heat it up in the over. But that will never be enough.”
 “Have the lemon cookie.”
 “Not good enough.”
 “This is history by cookies.”
 “By dessert.”
 “How long did you spend planning this?”
 “Not long!”

“This feels so good.”
 “We are blessed.”
 “You should have planned for this!”
 “No one ever plans.”
 “Do you want to get involved?”
 “Then the tanks rolled into Budapest.”
 “There was no leadership.”
 “What is leadership?”
 “I looked.”
 “I will remember this.”
 “I followed the trail along.”
 “Where did you end up?”
 “I really have no idea.”
 “I really have no idea.”
 “You are using your disorientation as a way of never being accountable.”
 “What do I have to account for?”
 “If you are not making it better, you are fucking up.”
 “I could make it worse.”
 “Worser and worser and worser.”
 “This is so awful,”
 “He ate the banana.”
 “Are you afraid to discuss anything serious?”
 “We could discuss labor issues in the EU.”
 “They are trying to drive down wages, and they use the supposed threat of refugees as a way to control the work force.”
 “This makes wages even more precarious for everyone. Some people are making a killing.”
 “You are in the way of the television.”
 “Do not disturb my high!”
 “It is another double standard. If you really think that it will make things easier, you have another thing coming. They will fuck it up to make it get along.”
 “I don’t get it.”
 “Sow chaos as a way of consolidating control.”
 “I am not into force feeding.”
 “How does it work in the Americas, Concepcion.”
 “They know that they are facing confrontation with underpaid workers, but they make people think that they are going to get rewarded if they make the labor force smaller. It is a prelude to making everyone work in a chicken factory.”
 “What about automation?”
 “They will find some kind of work farm to harvest human sweat. They cannot make money from money interminably.”
 “The robots are coming.”
 “Wake me when they finally take over!”

"Eat the sandwich."
 "What about automation?"
 "It will go at their pace so they can find other areas of exploitation."
 "This is not a modern theory."
 "What do you know? You are offering nothing, and that nothing is becoming less and less."
 "I am ready to crunch."
 "You are trying to suck it all in your corner."
 "We have military might."
 "You better hide!"
 "You better hide!"
 "We can never fill in!"
 "The ID have franchised cruelty."
 "Of course, they have."
 "Steven, you should talk!"
 "We are not talking about personal morality."
 "This is not contribution."
 "I did not think that was going to happen."
 "It did!"
 "I do not want to think about this."
 "Eat the sandwich."
 "Who made the sandwich?"
 "Machine number three."
 "Who thought of the sandwich?"
 "Machine number four."
 "Who wants to eat the sandwich?"
 "Machine seven. But a human is picking up the wrapper."
 "No one cares."
 "You are not wanted."
 "What does this mean?"
 "I am valuable."
 "We are all trying to cancel out each other."
 "I do not go where I am not wanted."
 "We can only get to the idyllic future through the present, and you are really fucking up. You are crushing the humans. You are turning cruelty into a commodity."
 "How does that work?"
 "I am safe. I am in security."
 "What are you protecting? A babbling babble."
 "I have what I want."
 "Babble babble babble babble."
 "This must amount for something."
 "Something."
 "Where was I?"

“Will the robot clean the porridge off of baby’s chin?”
“That is the only question that matters.”
“She feels too shitty to feel that much pleasure.”
“You put everything in this.”
“It really makes no difference. You are going to be back in the same place tomorrow.”
“I will be back in the same place tomorrow.”
“It is like a palace. I can explore all the floors.”
“You do have all this roped off.”
“No one is going to wait.”
“You get what is left.”
“Roast iguana.”
“What flavors do you like?”
“What favors do you like?”
“There is a belief that you can count any moment that you want to count.”
“Count it out.”
“A little close!”
“You do not even see.”
“How does that happen?”
“They only order the machine.”
“They are skinning the bone.”
“It will fit”
“That is not going to work.”
“You broke it.”
“You are so oblivious.”
“Keep going that way!”
“This is not going to last.”
“There is a bus for them.”
“Where do I complain?”
“I can make my own way of doing this.”
“There are no moving parts.”
“We are in charge of our destiny.”
“You can be replaced when you no longer matter.”
“What are you angry about?”
“I can never know anything that I will not know.”
“I want one final look.”
“Take care of it.”
“I found another place to hang out. It is closer to home. I need to be close to my cat.”
“Yes, you do.”
“I am not going to be able to achieve a solution.”
“Just take what you need. There is no limit on this.”
“You have no idea how this goes.”
“I am going to take you to darkness.”
“I do not want to hear about bad things.”

"Do I really have to look at this?"

"That is what they are saying."

"We have found a place that takes care of all our needs. We can sit in a chair and watch television."

"This is sad."

"This is brilliant."

"Connected to the fridge and food delivery."

"It is coming over me."

"I do not understand."

"We have found success."

"What is this about?"

"It is about me."

"A standard Lexa. It could be any of us. It is any of us."

"You do this so well."

"I do not understand."

"Did you leave the city?"

"I have left. But I have left my surrogate behind."

"Surrogate to surrogate."

"Wired for wires."

"I am being fed as we speak."

"Do not move an inch."

"What are you telling me?"

"Feeding starts in five minutes."

"I am a very active person, but I subscribed to this."

"My doctor is suggesting that I try to move around."

"You only need to want to move around."

"Did he disappear?"

"I have disappeared."

"How did that happen?"

"You want to eat more, but you attain your quota."

"They teach you not to move."

"I was running in a field. Now I am sedated in place."

"You are not going to hurt yourself."

"Show me when you can."

"I see it all."

"I do not see it."

"I made this for you."

"You made me a smile."

"I do not want to share."

"If only they gave me something more to care about before they brought me down like this."

"If only they did."

"This comes from my head."

"I am copying from notes."
 "There is another book with all this in it."
 "They use electronic records."
 "I am not talking about that."
 "I do care."
 "You are a brilliant entertainer."
 "Failure is built into this delivery."
 "How did you get in here?"
 "I wish that I could care."
 "I had the Christmas in July phenomenon."
 "We all do something silly."
 "You look even more wonderful."
 "Everyone is on something."
 "I want to walk out of here."
 "No one gets out of here."
 "You are going to break everything."
 "And this is going to be competitive."
 "I take a shot after every laugh."
 "They are trying to stop me from laughing."
 "This has nothing to do with you. This has nothing to do with your perception of what is happening. This has nothing to do with much of anything."
 "Finish this."
 "What do I need to know?"
 "I am going to try to make use of my skills?"
 "Have you started yet?"
 "There is something for everyone."
 "There is someone for everyone."
 "Write the same thing over and over again."
 "There is no oversight."
 "Total abdication of leadership."
 "You will never get out of here."
 "I feel so comfortable with what I have got."
 "When did you stop?"
 "They took all my parts out."
 "I was forced to sit here."
 "This is the silliest silly for a serious form of care."
 "I cannot worry."
 "They make you feel like this."
 "You are a stranger. And now, you are a stranger bothering me."
 "It's all quotes. Are you copying down what everyone says?"
 "You must be hearing things that I am not hearing. Or I am writing much faster than anyone can speak."
 "Why would I bother?"

“Steven, you are not at the forefront.”
“I have a machine transcribing.”
“How do people reach this stage of helpless intransigence?”
“They all read the same book.”
“Thank you for giving me all the rice.”
“This is not going to make me tell the truth any better.”
“I remember you performing for me.”
“Was I good?”
“Get me out of this place. I do not want to play along.”
“Why did you leave?”
“Leave with me!”
“I assumed that there was some kind of explanation.”
“You came back to what you always wanted.”
“You can back to what you were always about.”
“I woke up, I ate, I woke up, I ate.”
“You did so many other things.”
“I do not want to think about these things.”
“You are such wonderful friend.”
“Help me recenter my life.”
“Learn to love the periphery.”
“They know. They think that they know.”
“They are charmed. They laugh about it.”
“This is what he write down.”
“What happens after the fire cracker goes off?”
“You dispose of what is left.”
“I do not like where this is going.”
“How many matches?”
“Enough to start a fire.”
“This is an origin.”
“You can burn out the infection.”
“This is not going to last.”
“They sure hope it will.”
“They will revolt.”
“Why do the robots care?”
“We can finally see the end.”
“There will be a judgment.”
“This guy was a fuck up.”
“This guy was a fuck up.”
“Give me my check.”
“I got rid of that feeling.”
“There is not argument. Who are you working for?”
“They all have blank markets.”
“There is another possibility.”

“They all have blank markets.”
“How does that work?”
“Nothing is worth anything.”
“Not anytime soon.”
“We are moving in that place.”
“There is the bread baking.”
“And the fighters. You are destroying yourself.”
“The rooster is calling me to dinner.”
“I do not like this betrayal.”
“This is going to be much more personal than I envisioned.”
“This is going to much more envisioned than I recall.”
“You cannot make this all up.”
“You don’t have to.”
“We have no opinions.”
“Of course, you do not.”
“The vacuum cleaner moves on its own.”
“This toilet is not cleaning.”
“It is self-cleaning.”
“We need a more germ-free human.”
“I do not want to go away from this realization.”
“This is art.”
“I like to clap.”
“I am entertained.”
“If I can’t eat it.”
“I am going back in the hall.”
“There was no sympathy!”
“There was no sympathy!”
“You know where that would have gone.”
“We would have gone deeper.”
“You needed to get in the dirt.”
“You were to accustomed to burying your friends.”
“I am not a grave digger.”
“Why was I made like this?”
“I have no idea.”
“No one does.”
“You complacent mother fucker.”
“You would not have made a very good friend.”
“I was prepared for this.”
“I always am.”
“I cannot repeat the same path.”
“I am so satisfied.”
“Of course, you are.”
“Out of the street.”

“What did we add?”
“Out of the street.”
“I clean the street.”
“Let us see the papers.”
“You are the entertainment.”
“He is another shit head.”
“He is wearing different shoes.”
“You are not a very good cop.”
“Lie back, and let it happen to you!”
“Lie back, and give in.”
“I can do it all when I am in the chair.”
“I am not going to sit in the chair.”
“They only want to find someone who they can destroy.”
“They want the bones.”
“I need to start running. I do not want them to catch me.”
“We have no place for this.”
“Can I have some of that?”
“You have it all.”
“Not this again.”
“They take something from me. Like skin and bone. Then they invest it.”
“How does that work?”
“Ask Kurt?”
“We want to include you.”
“We need to finish.”
“I want to be accepted for being so good at what I do not do.”
“I see how it all combines.”
“This is fair game!”
“How is that?”
“I can help with you taxes.”
“You are not allowed to bring that in.”
“It is already in.”
“Put it out.”
“Put myself out.”
“I am glad that you can balance.”
“It is hot as fuck up there.”
“I was hit by that feeling.”
“I need to catch up.”
“This must mean something.”
“Who can close it up?”
“I am glad that you found a place that makes you feel as if you are home.”
“Lexa, what is this place?”
“Hope let me have it for the summer.”
“You do not know Hope.”

"In this version, we all know each other. And we want to help."

"We are going to help."

"How can two people look so different and be the same."

"They work together."

"They live in the same place."

"This guy is not the same level."

"I would recognize that face from anywhere."

"I want to remain competitive."

"You stay in place."

"I have friends."

"Give me a five."

"Tomorrow."

"We will take care of it."

"On another planet, you would agree."

"I need to finish this while I still have the opportunity."

"Why are you doing a different version?"

"This is another version of the same asshole."

"Tell me why you apologized."

"I found someone new to blame."

"Whatever you do, do not blame me."

"I realized that I had been changed."

He realized that he had been changed. He found a different version of satisfaction.

"Wake up that guy."

"I am not asleep. I am just comatose."

"Save me from this."

"Some day."

"I hope that have not forgotten."

"I am a prisoner in my vehicle."

"You can shed all those influences."

"Who is running the show?"

"The machine."

"You can get whatever you want."

"Jeanne-Stella, what can I get?"

"You own customized birthday party."

"I want a wedding. Just find someone for me."

"Steven, I feel as if you are encroaching!"

"This should have been an automatic."

Kurt observed the cues for traumatic memories. He made it his project to map these forces and their development.

"I have my bathroom habit, my bedroom habit, my dining room habit. Each space connects to each space, and I am connected to each.

The screen was flashing on and off. Information was information.

"You can make money as long as the lights continue to flash."

He quickly close the door as I walked by. I had not idea what he was doing in there. This was all part of his project. He mapped out every detail. He discovered things that no one else knew.

“How does your bathroom habit relate to these mathematical patterns?”

“That is how we are constituted. Like members of the herd.”

“Are you learning how to become part of the herd. Or are you trying to escape the herd?”

“Memory is like an affection for ice cream.”

“We have habits.”

“There is so much that I want to understand.”

“There is sharing, and we have our shares.”

“Do you know who you are and what you have?”

“I have it all.”

I studied his notes.. This was supposed to be the template for *Spectral Characters*. It was all focused on his behavior. It had everything to do with him. I wanted to sympathize. But he was supposed to provide me clues about all people. This was all focused on him. I was not going to get very far by trying to follow his lead.”

“This is a great place to work.”:

“It works for now!”

“Why did you waste so much political capital on something so time-consuming and unproductive?”

“Anything that occurs out here happens inside.”

“Sure it does!”

“This is really an example of not understanding.”

“Kurt, where does your understanding end?”

“I cannot really stop.”

“No one can.”

“Let me see the proofs.”

“The proofs proceed from existing beliefs.”

“I am going further.”

He showed me all these intersection points on the body. This was how force was released.

“Each flashing point represents a point of contact. This is how memory manifests itself.”

“Do you like it like this?”

“This is hard.”

“I work hard at this.”

“I need time off from my time off.”

I wanted to understand how conceived time away. He was so deep in these ideas.

“We are going to force you into the fire.”

“What are you afraid of?”

“I am afraid of myself.”

“What happens when you find the secret? If it is a herd, what is the secret.”

“How does the herd know when to migrate?”

“What are the limiting factors?”

"The monsters are everywhere. They are reproducing in the hot sun."

"These are people without a clue."

"These are people without a clue."

"Where are your cues?"

"I cannot skip a beat."

"They all learned."

"I did not learn."

"Why did you not say no?"

He was still locked in the bathroom. He was learning how to put together the body in a different way.

"Why are you getting moralistic with me? I have nothing else."

"Where is this coming from?"

"Give your life to this!"

"We have a break."

"Lead us out of here."

"The whole book could take place here."

"Who is the doctor?"

"Does that ever work?"

"They are going to do what they please."

"Is that a short cut?"

"That is the end and the beginning."

"Security would like you to vacate the bathroom. Otherwise, we are going to have to call the police."

"I am right in the middle of the experiment."

"I can do all kinds of things."

"This is too much biting my tongue."

"Kurt, you are going to need some better results."

"We go deep in the space. And these things that never touched each other keep approaching. When they get close, they disappear?"

"They are all disappearing."

"It is too hot to go back."

"We have none of that stuff here."

"How do you survive?"

"No one does. I told you about the lemmings."

There was an apple with a bite taken out of it.

"There was knowledge, but there was no truth."

"Do you love this?"

"I am introducing you."

"We don't have to remain."

"It is all gravity's doing."

"Something is slowing us down."

"There is a fascination for our own existence."

"We made it happen."

"This is an approximation."
 "I figured out how to come up with a solution."
 "Put on your pants, and get the fuck out of here."
 "Who are you to tell me anything?"
 "How do you make this work?"
 "Who the fuck are you to tell me anything?"
 "Share what you have!"
 "You are not glued to this result."
 "I have my share."
 "Am I going to have to wait this out?"
 "You are waiting it out in spite of yourself."
 "You keep comparing what you see and assuming that there are answers. This is
 the only answer."
 "If you can think of anything else."
 "This hurts."
 "Where did it start."
 "I need to focus."
 "The dogs are going wild."
 "What is that barking?"
 "I got all the honey that I wanted!"
 "There is a balance."
 "It is being interrupted by disturbances in nature."
 "We are different."
 "You are different."
 "No one else would tolerate it."
 "I met this guy at the Laundromat, and he told me that he would do a book about me. He
 had me doing dances in the Laundromat between the washers."
 "There is one day when I am alive."
 "I have lost most of myself."
 "I have lost all of myself."
 "This is where I used to work."
 "When is this going to be solved?"
 "We will not worry about it now."
 "If we wait, we can get a better deal."
 "You can put in a wall unit from home."
 "There are many solutions."
 "I have a modern solution."
 "This is the saving money solution."
 I needed to explain how long this could give me what I needed
 "The guy who I live with can give me everything that I need."
 "You still have to work."
 "I offer good customer service."
 "I do not want to be shocked."

“Some guy is standing there in front of me telling me that he can give me excellent customer service. I did not need any of that shit at my job. This was way too much work for me.”

“This is all that you need.”

“I am not going to move an inch.”

“I have a few questions if I am going to do a book about you.”

“Are you only trying to probe me for information?”

“Nothing matters.”

“All the doors close.”

“How do you work this?”

“What is the password?”

“What is the worst thing that happened to you during your childhood?”

“What is the worst things that happened to you in the last week?”

“There is embarrassment. And damage. And pain that will not go away.”

“What are you trying to forget?”

“Last week. Last night. Last minute.”

“You can give me more than I ever need.”

“Who makes the report?”

“This is great for me!”

“This is wonderful for me?”

“I love it.”

“Don’t take any of this from me!”

“I do not want to move.”

“Should I keep it like this?”

“Does this apply to me?”

“Not much has changed.”

“They want you!”

“I like a little more sus.”

“How does the machine work?”

“I cannot get back to my birth, because of all the bad things that happened afterwards.”

“We need a culprit.”

“After all this time, I want to make a confession.”

“Ally, Becca, Lexa?”

“Someone new who I met in the Laundromat.”

“I want to gather around the fire. All these artists come together and hold hands.”

“I am too busy getting work done.”

“It is still one hundred and ten.”

“I am one hundred and ten.”

I have collected a book of quotations. These are all things said by famous people.”

“The farmer in the dell.”

“You can go fuck yourself.”

“A stitch in time can get you waiting for things that will never happened.”

"If no one ever said it, don't think that it is something that original."

"This is excellent."

"There was better talent."

"You cannot represent your life in a better way. You live it. Any representation only adds or detracts from the living. None of this is a given."

"This is not a good place to think about important things."

"What are you learning?"

"How to walk on my own?"

"How not to slip."

"How not to say something that I will regret."

"You are going to have to move a lot quicker."

"As Kurt explains it, this is a different sort of touching."

"I am being touched and explored by all these entities."

"I am becoming unsure of myself."

"You need to trust what you see."

"You have given too much of yourself already."

"What is the starting point?"

"Every time that I became accustomed to the starting point, it seemed to shift on me."

"At least, you left me some dinner."

"What is leaving? There is no dessert."

"Sometime, you become incredibly tolerant of dog shit."

"Where else do we go?"

"I like the noise show."

"Kurt, you are not different because you have science. You are still fucking up."

"I am sorry that I fucked up."

"Someone will love me for what I do."

"There has to be a way out of this."

"This cannot work for long."

"Each stage is going to dissipate. There will be nothing left."

"Who are these guys?"

"Each one has a lot to say."

"I can explore these places that I never explored before."

"She is waiting for me to say some shit."

"This is worse than it could ever be."

"I have my thing."

"I have my anger."

"And where is it getting you."

"You can make money on money."

"I give you hundred dollars. I give you a kiss. I tell you that you are the one. I tell you that this is going to go on forever."

"Who fixed this shit"

"Who cares?"

“We are each drifting off in a chaotic way.”
 “We can find solutions.”
 “We can change names.”
 “You need to understand the method.”:
 “There are objects. Extension. Things that last. Solid objects. Liquid intentions.”
 “This is philosophy.”:
 “The body is the best philosophy.”
 “You have taken over.”
 “Get to the board and explain all that has happened.”
 “This use to be a cool place.”
 “I want to show a movie.”
 “This does not seem to work anymore.”
 “Come to my place or some fun.”
 “You need to watch this.”
 “I am going to get to it.”
 “This is the lab.”
 “This is the lab of the lab.”
 “These are the words.”
 “You need to say something.”
 “Why are you made at each other?”
 “This is a peaceful place.”
 “I can take you somewhere where there is great food, wonderful entertainment, and
 the right temperature.”
 “What do I have to do for any of these snacks?”
 “You need your own bowl.”
 “I can be the entertainment. I can free you from yourself.”
 “I want to be loved.”
 “You only need a succession of appealing images.”
 “How does that work?”
 “You start in the middle?”
 “Where is this going?”
 “He became angry!”
 “This is my freedom cue.”
 “I need to know so much to be loved.”
 “There will be a point when none of this will matter to any of us.”
 “Who owns this? Who runs this? Who embraces this?”
 “I am eminently embraceable.”
 “Do you have a license?”
 “Can you get me what I need?”
 “How am I protected?”
 “Some people get desperate. They get desperate on their desperation.”
 “That is the reward.”
 “I do not think that there is any reward.”

"I want to understand how to see this differently."

"You are the one who makes a difference."

"This is all that I care about."

"I am working on something with bigger challenges."

"Keep talking. Convince Kurt to come out of the bathroom."

"This is going to be fixed."

"This is part of the balance."

"This is for our own good."

"There is a moment when I face my own evacuation. I am falling apart. I have difficulty holding myself together."

"Let's warm up."

"I am as hot as shit!"

"Kurt was supposed to make me look wonderful."

"I saw this halo around you. I needed to say something."

"You have calculated that halo."

"My only goal is to help."

"No one can be helped!"

"What if there was on phrase which could get a person to act in an unusual way. And you finally figure out what it is."

"I am being influenced."

"I want to join in."

"J is for join!"

"We start at nowhere."

"You eat, you sleep, and you follow the herd."

"I am dressed like the herd."

"Some fall by the wayside."

"I want to save everyone."

"There is science. Why does more science lead to less tolerance?"

"Someone is pushing the silly switch."

"Someone wants to hold all the chips."

"Chips Ahoy Red Velvet."

"How much of this can I survive?"

"Someone is not being scientific about science."

"The herd wants more land."

"This is what you always wanted!"

"We have the same numbers."

"Another match."

"Light it!"

"Some people like this. They dig it. They are used to it."

"You need to ask for what you want."

"No one ever asks."

"I want another one."

"I want the bag."

"Some things are too good to share."

"It is dripping down my chin."
"Beg me, lover."
"I want to see more of this."
"I am drifting into you."
"This is not going to be fun."
"We need to make this last until we consume the bag."
"Kurt, will you come out if we give you one."
"There is an inside and an outside."
"There is always an outside."
"I am smashed."
"This is so good."
"I want a cherry Coke."
"What is this going to do for the rest of my life?"
"Work only gets more excruciating."
"You can do something else."
"This is a different question."
"What did I want to do?"
"You never understood."
"Put this in a lab."
"Kurt, you are running the lab."
"It is as small as a bathroom."
"Everyone is here."
"What am I getting here?"
"How could anyone ever get used to this?"
"This is a plus."
"What is the minus?"
"Life is not that simple."
"Give each one of the human subjects a cough drop. And give the rats cookies."
"Why me?"
"The Oreo is going to destroy me."
"Why me?"
"Can we do the experiment with cookies?"
"There are other modalities?"
"What does love give you?"
"I want to be a friend. I want to get along."
"If you have anything more to say, spit it out."
"I want to swallow my cookie."
"What do we work for? What is credit? How do you collateralize loans?"
"Your job speaks for itself."
"They are going to rat fuck this town."
"The equation still leave something to behold."
"I was not given everything that I wanted."
"This is a greater sin."

"This is the future."

"This is the worst for humanity."

"Whose fault is this?"

"Who gave you the right?"

"We can destroy our enemies with one choice."

"The one with the most Oreos wins."

"How does this chemistry match with this biology?"

"We are going to do a scratch test."

"We want to give you a reward."

"I brought my own."

"I am nothing but a squirt."

"We need to see if there is some kind of infection."

"We will report on what happened."

"Did you bring a nurse?"

"This is what everyone loves."

"How do you make that?"

"I am very sick."

"Drink this. You will be better soon."

"I thought that it takes days for the medicine to work."

"This shit really is shit."

"How did I end up here?"

"They brought you in a truck in the dead of night."

"How does this work?"

"There is an inkling of a story. Such is the case when the witnesses are not reliable and are distracted by bull shit. It is going to take a skilled researcher to piece together the parts."

"I want you to talk to me about the red velvet."

"People decide on affections. And these associations become prolonged. Only later is there a subsiding of the affect. Then it will all start again."

"You need to find all these references."

"I had a teacher like this."

"I have no teachers."

"He brought the Lord to life. But he was so fucked up."

"Have you gone through his papers. Who is behind this?"

"These are various forms of work."

"We put square pegs in round holes."

"That is okay if you are not worried about the fit."

"Things take the impression of their environment."

"I love this."

"This is a bloody Mary."

"This is a Shirley Temple."

"This is a Marilyn Monroe."

"This is the Queen of Spain."

"This is subjugation."

"Are these people who can work their way back the source?"

"Who understands the Spanish Civil War?"

"Who wants to talk about it?"

"Why do they hate us?"

"They have civilization. They have law. They have moderation. You have Red Velvet Chips Ahoy."

"Anyone would want them if they had them. They were made never to diminish in intensity."

"Kurt, what have you discovered."

"I have found things that I want. I have found things that I can never have."

"I need to get this done."

"This is a sharing."

"I saved my money to get to this point."

"Kurt, what have you found?"

"There is an American fascination."

"What more can we want? I wanted to buy a house. You might as well have red lined me. I didn't stand a chance."

"You could change jobs."

"You could quit sitting on a leather sofa."

"You could quit blaming others for the sins of the father."

"The velvet tastes so good."

"This is impossible!"

"What about tomorrow?"

"What about tomorrow?"

"What about tomorrow?"

"This is all that I ever wanted."

"I do object."

"How can you know?"

"I have a manual."

"These are questions that I am not supposed to ask."

"This is my entertainment."

"Make the television bigger."

"I am watching what I love."

"This is going to create a civilization."

"This is a cornerstone."

"This is the next step in evolution."

"Beyond red velvet."

"It is not better. Nothing is oing to improve."

"You have to lvie with this."

"Nothing can help."

"I trapped the rat."

"You get the house."

"We are waiting for the shadow girls."

“They are always on the move.”
 “I am always on the move.”
 “This is the last weekend like this?”
 “I need to make a move.”
 “Who can understand.”
 “This is the part where the part gets parted.”
 “This is Exodus.”
 “War means war!”
 “He had a different idea. Brothers against brothers.”
 What do brothers love?”
 “Brothers love rivalry.”
 “Do you understand this Lexa?”
 “This is going to be a thoroughly Lexa story.”
 “There is this initial investment.”
 “It is all shit!”
 “Time to hit the road.”
 “Time to find a new place.”
 “What is Carson was Lexa.”
 “Let us concentrate on what Lexa has that no one else has. She has what no one else
 has.”
 “We are not going to talk about taste.”
 “This is something else.”:
 “We like to contribute to the the development of the babies.”
 “The babies.”
 “Lexa loves to watch the children. She is so good. She is developing different needs.”
 “Is this the beginning of a political understanding?”
 “How can my personal gratification map out some kind of political awareness?”
 “You aspire after a society that denies your personal fulfillment.”
 “I work so much, that I want a little of a jolt to get me to the next phase.”
 “You get jolted back to the next day at work.”
 “There are beaches.”
 “The children will love it.”
 “I am so happy that no one could be happier.”
 “That is how I always wanted it.”
 “There is not participation.”
 “I have ran different numbers.”
 “We always do.”
 “You want this to matter.”
 “This is a different mode of being.”
 “This is salvation.”
 “Does he know what it is like?”
 “You need to cleanse yourself.”
 “This is a little too much to take.”

"To shake."
"I will never go along with what they say."
"I did not want to be shocked."
"Your high will be felt around the world."
"My sweat mixes with yours."
"Another coincidence."
"What does it matter?"
"I need you to know."
"I understand so much about the problem. I will understand so much more in the future."
"You are the problem, and want to come to a solution."
"When we kiss..."
"Kurt, how can you describe this."
"These are things that I experience. But I cannot explain these things."
"No one understands."
"That is fancy."
"Yes, it is!"
"If you want philosophy, there is another book."
"Do you have anything else?"
"Do you want to see something else?"
"This is not going to help."
"Lexa is screaming so much that she shakes the room."
"Kurt, how can the pleasure propagate to the rest of the universe."
"Ask Lexa for help?"
"Can you bake?"
"Can you take things out of the package?"
"I am not going to enjoy these rules."
"Lexa, what makes you what you are ."
"I want to complete."
"These guys threaten me when I tell them that I want to get what I want."
"This is when anger loops around and increases its effect."
"The Chips Ahoy are not going to do it."
"Why is this so good?"
"Lexa, I need you to compare this to other things in your life."
"All eyes are on you."
"How hard is it to watch?"
"What else is going on in your world?"
"This is all that matters to me. And this is all that I care about."
"What did I break?"
"This is the shit head side."
"The embrace of authority."
"How long will this go on?"
"Lexa never ends."
"There has to be something else besides never ending."

"I am good at teaching the children."

"This is going to feel so good."

"How did I get in on this?"

"There is a part of the world where this is all that you have."

"Could Lexa be universal?"

"Could the things that you have be universal?"

"Why do you make me hate myself?"

"This is not connected to living and loving."

"How long does this have to take?"

"One strike!"

"I have a good lawyer."

"I never kissed her."

"Could we negotiate a kiss?"

"We have a life of simple gratification."

"And what else is there"

"So I am on vacation. And I am thinking about work. How can I make America like this shit? And why should I even care? That is the real question that I have to wonder about. I see people who do not needs this stuff. They seem to find pleasure in the simple things. And I want to mess with that. I want to give them desires for things that will disrupt their complacency. If only they could go back to something more lasting. And this nostalgia seem to have this wonderful appeal for me. And I wonder if I can combine innocence with a naughty charm. And maybe I am going to destroy something that needs to remain as it is. I could walk away from all this. I could live here forever. But I would not be faithful to the things that were important in my life."

"I can torture you, and you would love it."

"I am not here to live like that. That might be an image that you have of me. But I do not get turned on by dominance and submission. I am more interested in the emotions of other people. I lead a simple life. And I have crazy moments. But I do not want you to do anything that is going to disrupt what makes sense in my life."

"We are going to do an experiment. We are going to drop two objects from a tower."

"This has to be a metaphor for something more urgent."

"I do not want to move."

"This has to be a metaphor for something more urgent."

"Then I wonder about my identity. I think about what people want from me. And that becomes a pretext for going along with their wishes."

"That becomes my only motivation."

"I do not need commentary."

"I am really a weak person. You have this image of me as a challenger. I am more the meek pussy cat."

"What about the claws."

"I do not understand either version."

"I was not looking forward to hearing this."

"This really had an effect on me. It was an opportunity to get away. And I got lost."

“Do you think that anyone is going to care? You can see the panorama of life.”
 “That is what I did. That is what got me in trouble.”
 “I hate to get in trouble. “
 ”I want to be how I want to be.”
 “What is the complaint?”
 “There is no complaint?”
 “I am the victim here.”
 “What does that mean?”
 “There are two seasons. Hell and forgiveness.”
 “The body makes us do things.”
 “We mediate what we do.”
 “How do we know what is at the end of the rainbow?”
 “I can see your rainbow.”
 “Lexa, tell me about the rainbow.”
 “I want to hear his story!”
 “This is getting to be so good!”
 “This is where you escape from yourself.”
 “That was his story. He was a waiter. And he saw an opportunity. Almost like a
 con job. And that was what it was.”
 “A savior.”
 “Gave me what I wanted.”
 “I could have been that guy.”
 “I could have been the other guy.
 “I had a talent.”
 “When you have a secret, you are open to blackmail. You know how that gets. You
 have a weakness. And it keeps on.”
 “Baby, has a toy!”
 “How do you play?”
 “You don’t!”
 “I was so close.”
 “I knew that how to put it together.”
 “How did you see it?”
 “It is running around.”
 “I was running around.”
 “The chicken analogy.”
 “What do you share in common?”
 “Common things.”
 “You are special.”
 “How long do I have to watch this?”
 “Until I come to a resolution.”
 “I missed a reel.”
 “Is that what you really love?”
 “Lexa really tore up those scenes. If you saw them, then the whole story might

make sense.”

“This is what I have wanted.”

“What is that?”

“I am higher than high.”

“You draw pleasure within. That is the mystery. What happens afterwards? I wish that you could work with Kurt. He could come to a solution.”

“No machine can.”

“Kurt could help you.”

“How long is this going to transpire?”

“Until he get back.”

“He could help me to feel things.”

“And he would help you to forget.”

“And Kurt could ask questions to help me get it back.”

“It does not always work in an advantageous way.”

“What do you want that no one else has ever wanted?”

“That is my job. I innovate the products.”

“The products are already there when you get them.”

“I rearrange the molecules so that people think about them in a different way. IT might as well be the same thing.”

“How does nostalgia function in your job?”

“You are taking me seriously.”

“How else do you want me to react?”

“How would anyone react.”

“They would surrender part of themselves.”

“What would be left.”

“Lexa, I wanted to believe over time that you could reveal something more prominent than ever existed before. There is nothing but confusion here.”

“Steven, this is my life. I am not performing for you.”

“Should I stop now?”

“You said that you were close to something.”

“I think that this is how it started.”

“Lexa, you and I could create the new world.”

“We are not Adam and Eve.”

“Just be Pinch Me. Wake me up from my dogmatic slumber.”

“It is all the body.”

“The body is a thing other than itself. That is how it is manifested.”

“I need to be manifested.”

“I already lost the edge.”

“Spend it all!”

“Steven, do you love me?”

“I love the image that I have created. We all do. You are a star. We could map the movement of the stars based on your psychic aura. But none of this is you. I am creating these unrealistic expectations.”

“Give me help. I could live up to whatever you want me to be.”

"There is no invitation."

"The heat is increasing."

"This is so wonderful."

"You need to let me go to fly."

"How can we change the politics of the world?"

"We see how all these issues are connected. That those are people who are trying to deny your basic rights. And there is only one way to fight against this."

"I am a nanny!"

"You have become radicalized. You can teach others. Show them what they are risking. Tell them what you have risked to get to this point. That would explain pretty much everything."

"Everything is the Lunar Awakening."

"We are back with Kiara."

"What if she was committed to it?"

"It was all a ruse to get you to admit things about yourself. Steven, no one cares that much."

"I care."

"Do you now?"

"It is not whether you care. Can you do what needs to get done without any sort of prompting?"

"How is that supposed to work?"

"I have nothing to offer you."

"I can offer you the stars."

"This is not just about me."

"I needed to end this way. No distraction. It is all ending in pretty much the way that it was supposed to."

"We have people who can imitate that."

"People with soul."

"And the Milwaukee water system."

"And Flint."

"This is an example of the implementation of scientific advancement."

"There is no one to join."

"This is going to get hotter."

"Lexa, you are wet all over."

"I am your cucumber."

"Cool as a cucumber."

"I melt into you."

"Of course, you do."

"What does this say about the universe?"

"It is worse than irrelevant. We are going from idiocy to sheer idiocy. And you are supposed to be immune. Do you like his hair? We are all in anger denial."

"Someone can step out."

"Another savior concept."

"Steven, I am not around for that. I see something that I like."

"Do you have nothing better to do."

"I cannot even feel it. I feel none of this."

"There is a point when we are all rewarded."

That has never been enough for me."

"You could be a part of history."

"There would be one addition that would be needed."

"You cannot hand me a destiny. You are only going to fuck it up worse."

"This is your strength."

"I make it my weakness."

"The universe does not need more seduction."

"Now, you are going to get serious. This is another ruse by the ID. They are grasping for power."

"I want to be your friend. I want to care. I want to be your temperature."

"This is more than I can take."

"I am being ripped in two."

"Take three. Use some eye drops, and show us how the world is going to be a better place because you have suffered its demise."

"I watched your demise."

"With all that you have, I want a little more."

"Someone always does!"

"Of course, they do!"

"Someone is imitating someone."

"This is anodyne."

"This is not going to hurt."

"Lexa, we are going to need to operate."

"Geo-engineering is going to be some kind of hideous trick."

"I want more control."

"What did you order?"

"What did you order?"

"I am going to hide in the woods until civilization comes back."

"Don't bother!"

"This is so beyond you."

"I am on this page."

"I can make it happen."

"You want it your way, and you are objecting to the very things that could help out."

"None of you are helping."

"We are going to buy the world and sell it back."

"You are already doing that."

"I sold yourself back."

"You need to be happier."

"This could be sacred."

"Flash! Flash!"

"You have so fucked what remains of the language that it is not good for much of anything."

"You all have your anthropology."

"What is your complaint?"

"None, I will wait with you while it all crashes down."

"Down!"

"Walk away!"

"There is a way."

"Short circuit Jupiter. Empower the educators. Teach people how to bend steel with their hands."

"Molten."

"That is not hot enough."

"The fires are burning."

"You can shape it with your mind."

"This is when the patient is declared dead on the table."

"My whole world."

"Is this entertaining?"

"How can you see this as entertaining?"

"Give me all the Chips Ahoy."

"The Red Velvet variety."

"There is another route."

"The glorification of my joy,"

"I know that was where we were headed."

"I do not want to back off of this option."

"Someone can know and care."

"Steven, none of this matter to you!"

"This was the best part. But it had little meaning for our lives."

"What does?"

"You have the power?"

"Who needs the power?"

"We are getting away from the question?"

"Why didn't someone ask?"

"People have favorite desserts."

"Someone could object."

"You pressed the wrong button."

"Explain it to us, Lexa."

"I had the chance for explanation. I never needed it. I never wanted it. There are a few things now that are motivating me to want something else. I cannot bother making the same connections as you."

"Where do I fit in?"

"You do not."

"I have arrived. Look at me."

"Christine could explain."

"What am I looking at?"

"Christine, tell her what to do."

"This is so terrible."

"This is so wonderful."
"Can anyone know or care?"
"I am not moving."
"This is great."
"Steven, you are creeping me out."
"Don't tell me that Christine hasn't nailed it!"
"That is what she does for a living."
"That is her great wish."
"None of this is going to take off."
"Christine, Christine, what do you know?"
"Do you think that this matters to anyone?"
"What are you suffering from?"
"What are you not suffering?"
"You are making dinner."
"Why am I making dinner? I have already made dinner for children."
"What is the name?"
"We give so much of ourselves to something that just fucks with us."
"And that is part of the story."
"I do not want you to scare me."
"I know this balance."
"How did it become so raw?"
"This was everything. This was more than everything. Now it is the nothing that is more than nothing. For whatever that means, that means nothing to me. It means everything to you. The hollow. The philosophical explanation that explains nothing to me."
"Nothing."
"My imagination can go and go."
"I need to get out of here."
"Go and go."
"I do not have to buy a thing."
"This is embarrassing."
"What are you saying?"
"It comes from all directions."
"And where does it end."
"No one wants to know."
"No one can know."
"I cannot help any of them."
"You need to save them all."
"If I could make you understand, Lexa, could you make them all understand?"
"If I could make you understand, Lexa, could you make them all understand."
"There is nothing to understand."
"I am calling to you."
"Steven, you make assumptions about out lives."
"This may not be what it seems."
"I do not want to moralize."

"When you do not want what everyone wants."

"I cannot moralize."

"This is not good for me. None of it ever is."

"Why do you try to control things. I need to confess."

"I need to hide away."

"I will figure it out! We all will figure it out."

"This could be a new beginning. A commitment to living in the now."

"I never live in the now."

"I live here and there."

"You could tie the pieces together."

"These pieces do not hold together."

"Lexa, Lexa, Lexa."

"What are you running away from?"

"This is the most exciting thing that I have ever participated in."

"I am all here."

"This is a test."

"This is a god."

"I am a god."

"There is a god within."

"Then you are born."

"I am not sure that I like this."

"I am a nurse. I can stay with you."

"This time, I can be you."

"Do not lose me. I am about to go to a place where I have little connection."

"That was so good for us!"

"Sometimes, I bite off more than I can chew."

"The whole story."

"You will be saved. Someone will offer you what you need."

"All that has stopped."

"Work it to the bone."

"You have given me the best bone work."

"Why are we made like this?"

"You escaped from the group."

"Nana will save Lexa."

"Nana wants my story."

"It was never yours."

"Do not blame me for the tragedy!"

"If you want the pleasure, you need to take the tragedy."

"We are partners."

"Partners in crime."

"I give. You give."

Nana will correct all this. She will turn the past into the present. She will teach Lexa to escape the shit. She will make it cool in the summer and warm in the winter.

"Why is it all so simple?"

"It isn't. There is a lot to think about."
"I can hold your hand when it is bad."
"Steven, what do you want?"
"A good story."
"You are a shit."
"I have the same story over and over again."
"Are you working for me?"
"I cannot help this?"
"What the Lord has put together, let no man dress down to nothing."
"There are no values after this point."
"He has offered an alternative means of entry."
"I am not going to pay for this."
"You are more into torture."
"Is this fun?"
"This is who I am!"
 "I need to slice close to the bone."
 "What does that mean?"
 "I have to present it how it happens."
 "This is going to acquire momentum."
 "This is so awful."
 "Where does this connect?"
 "I need to get the brakes fixed."
 "I need to fix myself."
 "Sometimes, you really have to want something a great deal."
 "That is called survival."
 "What is this about?"
 "Wanting what you cannot have."
 "This is turning into a nightmare."
 "This was supposed to be fun."
 "What are you protecting?"
 "Whatever is in the box!"
 "What is in there?"
 "The show is all over, Lexa!"
 "Two for two!"
 "It is not my job to help!"
 "No way, no day!"
 "Lexa, you are the best!"
 "This was not planned."
 "I think that there is a liability issue."
 "Yes, there is!"
 "We could stop it here."
 "This is a temptation."
 "The odds increase."
 "There are options."

"No one wants to cooperate."

"I do not have to deal with bull shit!"

"How is this connected?"

"You sit here, and it all happens in front of you."

"Lexa is not here. It cannot be her story."

"Steven, what can you know?"

"Steven, what can you know?"

"I am a pioneer."

"Keep on with your wonderful vision for humanity."

"What would the story be without Lexa?"

"An effort to overcome the propaganda of Kiara. A commitment to labor justice."

"How does that work?"

"A collective action. Individual awareness sharpened by intellectual discourse."

"Where would that go?"

"Things might change. Things would change. There would be a power."

"We are melting!"

"When did this start?"

"I remember the extremes!"

"What would this story be without Lexa?"

"Someone has to acquire revolutionary consciousness."

"That is a dating service."

"That mocks the fact that people try to abdicate from their accountability in the world."

"Some people love this some are not affected."

"Steven, you are slowing down."

"You need to intercede."

"Who sees it? Who can do the math? They have their pages of numbers. They all lead to nowhere."

"One person has the wonderful."

"I believe what I want to see."

"Give me a reward, and take away everything that I can see and touch."

I was told that I needed to drive this guy. He would pay me well. I was supposed to meet him on the side of the road. We were not supposed to talk. He knew the make and model of my car. When I pulled up, he would get in the back. I would drive him to the pick up point, and I would drive him back.

I was told that he was a script writer who was delivering top secret pages. This made no sense to me. But I did what I was told. I was promise that there would be no danger to me if I did what I was told. I was not supposed to look at the person in my car. I had instructions. And I was willing to obey.

I do not want to say that I was desperate. But I needed the money. I was being compensated well.

"Would you like to do some movie work?"

I said nothing."

"It is okay if you talk to me. I know they said that I do not talk. I just wanted them to tell

you that so that you would not ask me any embarrassing questions. People are always asking me if they can do movie work.”

“Why are you asking me?”

“You are a driver. I will set the scene. We need you to drive a car on set. And pick up two people.”

“Don’t look at me.”

“What are you talking about?”

“I want you to drive me to a convenience store. I want to get some little cigars.”

“Whatever you ask.”

“Do you pay to play?”

“What are you asking me?”

“Do you want to be in a scene?”

“We are all asked if we want to be in a scene. What does this matter?”

“What are you writing?”

“A caper script.”

“It never turns out well.”

“I will turn out well for you.”

“You can’t just hand people scripts and hope that they will do what you want.”

“What if you did? I could help you to understand some important shit. I could make you feel better about yourself.”

“You should quit promising what you cannot deliver.”

“I can deliver what I want.”

“No wonder no one is here.”

“No one wants to be here.”

“No one wants to hurt.”

“This is not the kind of scene that I want to be in.”

“If they pay enough, you will do anything.”

“That is more of your shit.”

“I am not here to say shit.”

“This is how things happen.”

“The days are longer.”

“This has really gotten worse.”

“This is not as it was.”

“There was one really bad day.”

“Is this real or part of the script?”

“They always ask this?”

“Want me to say yes.”

“Make me an effort.”

“This is called heating it up.”

“You need to think about it and plan.”

“They fucked it up for everyone else.”

“Go back to Random.”

“He wanted you to blame someone. That was how it worked.”

“It won’t happen to you. You will be asleep.”
 “Ouch.”
 “I will not go.”
 “Everyone does.”
 “We want to believe things.”
 “We do!”
 “Last name first!”
 “There is nothing.”
 “There is none!”
 “You have to ask.”
 “Ask me!”
 “What do you want to know?”
 “How did it become a cult?”
 “He did not want to be criticized. He made it impossible for anyone to criticize him.”
 “This will get extreme.”
 “What are you afraid of?”
 “The life. The temperature. The termination.”
 “You have to make an effort!”
 “So many efforts made.”
 “This is the beginning of history. The water running down the hill. You follow it, and
 you make things happen.”
 “I am watching all this in my head.”
 “You have to break from all the Randoms. They mess with you. They make you think
 that you live off that shit.”
 “What shit are you living with?”
 “What shit are you living with?”
 “I am going to a place which will tolerate me.”
 “Who is protecting?”
 “A way of life.”
 “You are late to our own awards ceremony.”
 “What did Random know?”
 “That there was a starting place.”
 “There is not ending point.”
 “Not in his world. Total dependency.”
 “You need a guide.”
 “You are backtracking.”
 “I believe that there is another way to present.”
 “I remember none of this.”
 “Brainwashing!”
 “Cleaning!”
 “I can’t help.”
 “Some things fly away!”
 “Fly away!”

“The rest of the story is about a flight.”
 “What about Lexa and Kurt and the experiment?”
 “She took a ride home.”
 “Becca?”
 “She found the reflection that she needed!”
 “None of this makes any difference.”
 “It will never work again.”
 “Spend a dollar.”
 “Imagine there was a risk. What was her risk?”
 “That she would be left without a fucking idea.”
 “You cannot do that in here.”
 “Did you get what you wanted?”
 “Only one here.”
 “This is going to get exciting.”
 “So many exciting nights. I need one more.”
 “We got shut down. The pleasure principle cannot continue forever.”
 “What do you really care about?”
 “I like to run. I am preparing for a race.”
 “And where will that take you?”
 “Nothing is going to happen to change this.”
 “I helped.”
 “Yes, I did.”
 “I am not affected by any of this.”
 “I need to keep it going.”
 “Is going!”
 “What about Chloe, and the proof?”
 “I thought that there was a Carson option.”
 “How does that work?”
 “You act one way and you become another.”
 “How does that work?”
 “You act one way, and you become another.”
 “You become another.”
 “I know what I want!”
 “Nothing works here.”
 “Nothing.”
 “Carson, we are going to have to ask a few questions. Have you given up, or are you committed to a greater hope?”
 “If she was committed to a greater hope, it would certainly be a proof. But does not prove.”
 “Whole life a proof. You have to look.”
 “The Becca risk. You take that again and again.”
 “That is a belief. She wants to believe.”
 “I want to believe.”

“A proof is not a firm believe. It is the impossibility of thinking otherwise.”
“That is called wishful thinking.”
“That is the Carson option.”
“Would you consider the Carson option?”
“We are dealing with belief. You do not know.”
“I want to haunt you.”
“You should not be here.”
“This cannot be stopped. There is only one way to stop!”
“You are the only way to stop.”
“Carson, I rescued you from a shit hole. What was going on in there?”
“Steven, I can give you everything.”
“I have a different devotion.”
“I am going out for a race.”
“That is everything that I could ever want.”
“You have a track tracking the track.”
“You give out as you give in.”
“Does Carson have that kind of endurance?”
“Assume that she is a strong person.”
“I want to assume. But everything say no.”
“Carson would like to speak for herself.”
“You could be Carson.”
“Hold my hand.”
“Are you willing to wait?”
“I am waiting!”
“No one bothered.”
“I slipped off the track.”
“None of this means anything from where you are.”
“I am going to become part of this show.”
“This is a lovely opportunity.”
“It is getting no better.”
“Hang on.”
“I have to ask.”
“This feels great.”
“You accustom yourself to little things.”
“But you are playing for something so big. But there are no roots in anything big.”
“I work in a lab.”
“What kind of lab?”
“Human regeneration.”
“The mind helps you to see what you want to see.”
“Carson, you are everything to me.”
“Steven, these are all just sentences.”
“Lexa, Carson, how can any of them know.”
“There is one place where you can exploit your power!”

"Know your power!"

"You would have to assume the Carson risk after the Becca risk. But the Carson risk is so extreme because she has always been protected. And now she is ready to crash."

"Someone crashed her!"

"Who is in this story?"

"Carson and Walter."

"Kiara and Walter."

"Nera, Nera, Nera."

"Some people love all of that?"

"What are you saying?"

"What do I get to keep?"

"The spills."

"It is not as if I can cure anything."

"Cure's are exaggerated. You learn how to maintain your quality of life."

"There are humans."

"Care is a radically different thing."

"You cannot be healed."

"I am going to be spectator."

"This is not going to move much further."

"They take out things. And then they take out the last part."

"That is the protector plate."

"Do you see what the machine is made of?"

"Plastic parts."

"All done."

"Where do I go from here?"

"To the attic."

"Shit is going on up there."

"You need to be better with the seduction."

"Another Carson."

"Doctor, we are all Carsons!"

"Is that the departing line?"

"More to say."

"What about Farley?"

"Lexa figment."

"I am being chased by Rat Man."

"You have made hell."

"I am not alone."

"I want, but I cannot touch."

"Sleep it off!"

"These are not even shadows."

"They are afraid of their shadows!"

"I was never like this!"

"You need to spend some time resting at home. No television."

“What is the issue?”
“They are all the same.”
“Should I look at any of this?”
“That is not how it transpires.”
“Can I ride the merry-go-round?”
“Are you talking to me?”
“Then I get really free. I say whatever comes in my head.”
“You’re not that talkative.”
“I never want to hear this.”
“These were terrible promises.”
“I have to finish this.”
“This is how I make it.”
“I cannot keep track.”
“Someone tripped the alarm.”
“Trying to take my money.”
“Kurt, you need to come out of the bathroom.”
“The building is empty. The place is closed.”
“They cleared out.”
“They all did!”
“There was a risk. And no one was protected!”
“I wanted this to mean something.”
“What does this mean?”
“Hey, little Joe, what are you defending?”
“When you are at home, what does your family think?”
“This is a different story.”
“Why did you stop me?”
“You were weaving.”
“We are going to look at the tape.”
“Is this your version of freedom?”
“There used to be some rights.”
“The water is so hot.”
“No one wants to bother.”
“Shut the fuck up!”
“Why are you hassling with me?”
“I am watching the puppet-master pull your strings.”
“I am glad that you enjoy sitting in the shit.”
“I have rules.”
“I am ruled by my appetites.”
“You cannot remake this under the same principles.”
“What do you want to say?”
“Who let you in my house?”
“This is called warrant.”
“Here, take the only thing that is worth anything here.”

"I am really jolly."
"I want to ask you to a personal party."
"Where is the crowd?"
"They did not like the book."
"Glass and Steele can review."
"I have come too far along."
"What matters?"
"The daisies."
"That is code for something else."
"This keeps happening like this again and again."
"I have a feeling that I am making history."
"You watch thing from your vantage point, and you can make them go your way."
"Nothing looks any better when I am close up."
"I am glad that his is done."
"What can I win?"
"A million in prizes."
"I have to try."
"I get a turkey sandwich."
"I am on a mission."
"Don't do it here."
"I have to be able to tolerate."
"This is a mistake."
"What am I trading?"
"Confidence."
"This is a time share."
"This is all about you, Kurt."
"Honestly, I did not take the deal."
"The shadows are messing with me."
"The sandwiches are terrible."
"It is free food."
"This is going to become important."
"I am going to stare and imagine."
"He only escaped because he regressed."
"We all go back before we go forward."
"Nurse come in here."
"There are only so many doors."
"One way in."
"Locked in."
"What does this mean?"
"You could be Carson."
"Who is in control?"
"When does this end?"
"When someone breaks the lock."

“This is the most wonderful thing that I have ever seen in my life.”:
 “Some scribbles on a page.”
 “I think that is some important shit.”
 “How is that?”
 “Contact leads to more contact.”
 “There are gaps. There is a law.”
 “There has to be a law.”
 “The system has gaps.”
 “Maybe you could pass me a fish.”
 “You have no respect for authority.”
 “This will eventually end. And those who have been patient will be rewarded with a box
 of cookies.”
 “Palm oil.”
 “This is the best thing that I have ever eaten.”
 “It is all a question of crisp.”
 “The eggs are key.”
 “How does that really work?”
 “We do not use the whole thing.”
 “What are we going to save?”
 “Whatever does not melt.”
 “And what are they protecting?”
 “I am only watching.”
 “Now everyone has the concentration.”
 “They have a place where they can stay?”
 “There is somewhere that is being destroyed.”
 “All me!”
 “Gloria, what would you do?”
 “I would apply the Georgia method.”
 “And he is going to marry someone new.”
 “I have never been so happy!”
 “Do you really like that shit?”
 “Georgia made some pudding.”
 “That is the only thing that ever matters.”:
 “I love pudding!”
 “The things that you love are not going to bless you.”
 “What are you objecting to?”
 “There are bad people.”
 “And bad principles.”
 “You do consider this to be permissible.”
 “You give, but you do not take.”
 “This is so hideous.”
 “I made a pie.”
 “Who took that last piece?”

“This is a fair distribution.”
“Can you make another one?”
“I can deal with this!”
“Wear a sweater!”
“They were all nodding!”
“Time for a complete explanation.”
“At time 0:20, I had no idea what I was doing.”
“You are all going in this direction.”
“Kurt, come out.”
“This is the diagram. Does that make you happy?”
“Why are you messing with me?”
“There is this level of tolerance!”
“These things are not in contact.”
“Is that another example of the ether theory?”
“What do you want to see?”
“This is not visible.”
“You are resisting experimental verification.”
“This is easily visible!”
“I cannot accommodate with the group think.”
“I only need to make it back to the house.”
“You have the treat waiting for you.”
“I feel like an errant rat.”
“Rat man?”
“I have heard that before.”
“This is why I care.”
“You are going to need a better alliance.”
“With whom?”
“With what?”
“Has this been fixed?”
“We have been fixed. That is all that matters.”
“This was once a reward.”
“I can give you a coupon.”
“This is spending to get something back.”
“I want to see the full picture.”
“Rat man!”
“You trap this animal in place.”
“Will the dog be waiting?”
“What does the dog fear?”
“Other dogs.”
“Too much knowledge.”
“Tracking the track.”
“Why are you bothering me?”
“Who do you miss?”

“Were you trying to wreck me?”
“I cannot escape being a Bridget.”
“Whatever that means!”
“Whatever that means?”
“I can do this on my own.”
“Do not confess.”
“I cannot do this on my own.”
“You should close this down.”
“I have to make it across the bridge.”
“This guy is a child.”
“Make it across the bridge”
“I am trying to describe the affection and affectation of a Bridget.”
“This is before you throw your hand in the air.”
“This has been no good to me.”
“I am back!”
“I cannot intercede.”
“There needs to be a preparation for an intercession.”
“Kurt, surely, you have an idea!”
“I am saving my pennies.”
“There is system of borrowing and lending.”
“I give you my house!”
“I can be there in a second.”
“Who are you working for?”
“I have a mystery client.”
“Mr. Automation!”
“I am seeing what I need to see.”
“You need to sleep.”
“What good is this?”
“I cannot succeed!”
“Success is not built into the story.”
“What does that mean?”
“This is all short-lived.”
“I have invested well.”
“Is that your last line?”
“Famous last.”
“If you can’t eat it, you can defeat it.”
“Why do you say such ridiculous things to me?”
“There is no affection.”
“Am I in the book?”
“Are these all quotes?”
“Are you copying down all the important things that we say?”
“Why wouldn’t I be?”
“I knew what that meant!”

“Are you finding inner peace?”

“You have to learn how to manage the contradiction.”

“I am tired of these forces tearing me one way then another.”

“I cannot help!”

I became lost in my own fiction. I was not depicting experience in an accurate way. I was trying to adjust the my portrayal to how I wanted to see the world. So the portrait was shaded to benefit my own advancement. I had lost the revolutionary potential of my art.

I had been working on the line for a couple of years. It first looked like a good job. I was making more money than in retail. The benefits seemed okay. I did not realize how big was the health deductible. But I was doing my best to make it work for me.

My attitude was simply not enough to overcome the high level of stress that I was experiencing. I also felt guilty about these feelings. The job made me push myself harder, but I had only so much energy. What was my body telling me. This realization seemed almost mathematical. Everything could be explained through this simple understanding.

“I would love Dan and I want to blank out I want to look down at one of the dark outer space space zero space space space I’m all out there with the face there with the space I want to the few blanks and I would love you.”

One of the central questions of *Spectral Characters* is how Christine’s story of liberation could be transformed into a primer for total submissiveness. Instead of recognizing how she was still subjugated, she believed that she had been triumphant. She was convinced that she had surpassed her negative influences. Nevertheless, she was still deeply indebted to the system. She exaggerated her own liberty, and this gave her motive enough to collaborate.

Steven felt that he could adapt the same story to describe Lexa. At times, she felt more than ready to play the role. She did not analyze the details of this story. Even her faith in these guys became her totem.

One of the central questions of *Spectral Characters* is how Christine’s story of liberation could be transformed into a primer for total how her vision submission source of her trap it paste in stead of recognizing she was still subjugated believed that she had a teen triumphant the base she was convinced boss offer ration. Speak to the?? nevertheless she was deeply in debt it to the system at ribfest she exaggerated they gave her enough motivation collaborate. This was the very nature of the story.. Already

Export sexual decorator sense any other she felt she was reading your wife an alliance Jennifer and she did that to thesep in active Stevens someone something yo you should filiation more intense this was the same story export by Lexa’s version not much different she was less willing to submit she wanted something Christine soul role was to satisfy. Gratification she was dumb., That was all part of the neck simple syrup victorious sure she did not analyze the details. Story this is sufficient was placed was based on just understanding from Lexi story was not much different Lexz, awesome however the story it’s not the same bus exit realized came to realize it she saw how she was oppressed fortune she was ready to play ball dad

how her vision submission source of her trap it paste orc stead of recognizing she was still subjugated believed that she had a teen triumphant the base she was convinced Bossier offer ration. Speak to the?? nevertheless she was deeply in debt it to the system at ribfest she exaggerated they gave her enough motivation to collaborate. This was the very nature of the

story.. Already

Lexa's desire ratification became total towed. Or she for sure even if his faith guy her needed racist reality. This understanding told him told him told him explain everything. Totem became the object total

The physical manifestation of this promise. What's the total denial of her satisfaction reason that describe create lack she was not able to compensate created a lacking she was not able to compensate compensate what you want she wanted it more and that watching the game project touched it and it made her hi and her glory ripped her apart this was the very really run a cold by Christine. Very humiliation chronicled by Christine just the two stories were the same would you say this was the triumph of Jack

When I started my exile, I did not realize that would be for such a long period. And I wondered how I could create emotions satisfy my fundamental needs under such conditions. I could taste but I could not swallow. I could touch but I could not know how could I ever progress in a place so devoid real learning I was repeating the same situations over and over again.

What was I suppose to ask you? How was I supposed to include you in the story? I want involve you in the story. Not the story of humiliation.

"Did I leave anything out?"

"If I told you not to do it, I would do it."

I had had been coming here for a long time. I still wondered what I was doing.

"Are you an investor?"

"I don't want to talk about this."

"I can make things happen on their own."

"Steven, you have to get this together. I am working with successful people. And you seem to be fucking up. You are messing up my opportunities."

"The truly successful people."

"They are making things happen."

"I want to be successful."

"They are laughing at us. And we are not going to get a second chance."

"I play hard."

"What do you do for money?"

"I can only go along with you so far."

"Did you see how big that thing is?"

"I was getting sucked into a giant fan."

"Who did you escape?"

"There was only one way in and one way out."

"When they monitor that check point, that become tyranny."

"We are pretty close to tyranny. What are you doing about it?"

"I am making sandwiches."

"Steven, I do not want to hear about your hospitality regimen."

"This is a job for you."

"You are dealing with a successful family. Do not say anything to upset them!"

Georgia attained her awakening. From this point, she could not return to her innocence.

"You told me that you were blessed. Why did it take you so long."

"I was not attracted by this hippy shit like peace and love. I lived for passion."

"And you got it."

"Lexa, this is a lesson for you."

Lexa had attained a political awakening. She figure that everything that she lived for and loved for had been a distraction. Some Farley and this Jack had all been making promises. But nothing was promise. That was the meaning of the con. All decisions came from the mind.

"You need a pledge. You needed something to get it going."

"Steal his keys."

"What good will they do for me?"

"They will get you to your destination."

"I have no idea which is his car."

"You are making progress."

I found that I was making no progress until I recognized a political connection. I was being excluded from what I most wanted. But I had been giving so much of myself for just that purpose.

"I only want someone to advise me what I need."

"I want to bring my book with me."

"Bring your book with you."

"Nothing is working here."

"Tell me to write."

"You can change your own life."

"Traveling through ether."

"We are always changing."

"I need to make it to work."

"Nothing is automatic."

"You need to work yourself up."

"You are dazing in your life."

"You have got away with it for so long because you have not been with moral people."

"What are moral people?"

"People who know which side their bread is buttered on."

"You butter it on both sides. Then you put it in the oven."

"Why are you disappointing me?"

"There is part of me that I cannot protect."

"That is your weakness."

"You have to be vulnerable if you want to learn."

"This is some kind of bull shit. You only want to break me down, and you are not giving me anything in return."

"I have discovered the origin of the universe."

"Two waves."

"Velvet waves."

"Flavor."

"The best flavor."

“How did this start?”

“Everything is breaking apart in my hands.”

When I was away from this scene, I had no problem describing the factors, which influenced people’s behaviors. When I immersed myself in the moment, I was letting myself become distracted.

“What is distracting you?”

“No one takes this issues quite as seriously.”

“You figure out food cost. This is less than a dollar fifty. And you are spending eleven dollars. You are rolling in money.”

“I do things to impress other people. And the person who I most want to impress is myself.”

“I get so involved in the fun.”

“This was not fun. These people were mocking others.”

“What kind of people include an element in Shadenfreude in fun.”

“Some people hardly care.”

Lexa felt that she needed to make herself hard. She could endure the worst. That only made her stronger. She was only becoming numb from her own experience. Nothing that anyone else did could change that balance. She was letting herself become overcome by the other influences in her life.

“How am I supposed to describe that?”

“I want to change things that I cannot change.”

“This is a con job. You are focusing on details that the con artist is focusing on. You are an easy mark.”

“What if I had the experience?”

“Your only experience is gratification.”

“The machine has two states.”

“I have two states.”

“You could learned from this.”

“No one wants to learn.”

“And this is where it goes.”

Lexa had overcome her challenge. That made her more resilient.

“I jumped over a rodent.”

“Where is this going?”

“You looked. You acted as if you knew!”

I was not looking for a mentor. Steven really felt that he had something to offer me. He was studying me. So I felt that I had to act differently just to mess with him. Where was this taking me?

“You should never try to upset the balance.”

“I did not want to upset the balance.”

“I had upset the balance.”

“What do I know?”

“I know everything that I needed to know.”

“I knew you all to well.”

"I did not realize what I was looking at."

"Stare at the camera. We will do the rest."

"What created this expectation?"

"I was a ringer."

"How did that way?"

"No one knew what I had."

"This is all based on simple explanations."

"I learned how to do things for myself."

"I needed to make some quick cash."

"It fit both sides."

I was giving too much of myself. I would go home at night and want to scream. I could longer bear to have someone with me. I needed to be on my own. I was there to figure this out whatever that was supposed to mean.

"Where am I supposed to hide?"

"How soon is it going to take to fix this?"

"I was giving way too much of myself."

"And what self do you have to give?"

"I am laughing all through this."

"This is nothing for either of us to worry about!"

"I was waiting for you."

"I was waiting for clarity."

"That is not enough for me."

"I figured that you should understand so much more."

"Steven, you create these puzzles about the universe. I really have nothing to do with any of this."

"You do not have any idea what is really happening to you."

Lexa wanted to be scientific about her life. She needed to define clear benchmarks."

"What am I hoping for in my life?"

"I just want to give things a little push."

"This is not going to affect you in the least."

"I need to keep the vehicle on the road."

"I just got a warning."

"How long is this going to last?"

"A lot longer than you think that it is going to last."

"Did I get my prize?"

"We all do."

"I could tell that you did not take precautions."

"I thought that you were clean."

"We make our own rules."

"Then we give in completely."

"I could give in completely."

"This is not happening to me."

"I am drowning my belief."

"You are pushing forward."

"What challenge was I supposed to overcome? This shit messed with me."

You came to a point when you wanted to quit your job. That was hardly an option."

"I felt bad. I had learned. But that did not affect me in the least."

"More and more meant less and less."

"How am I supposed to gage this?"

"You give, but you cannot take."

"Psychological, emotional bull shit."

"I succeeded when it mattered."

Steven expected me to overcome these incredible obstacles. Thus, I could prove what I was made of. I would appear to have a purpose for life. I had my own idea. I was not a circus performer. If I wanted to fall, that would all be part of my development.

"Do you know what I am doing to myself?"

"I can give you something special."

"What are you talking about?"

"This is how you tame an animal."

"This is how you tame human being."

"This is how it works. You have a history. It is not a reputation. It is independent of judgmental observer."

"We have been carrying this along for quite a while."

"I have developed points of view."

"Where is this going?"

"I understand history."

"You are frustrating me so much."

I did not want my frustrations with Steven to interfere with my ability to live my own life.

"What is own life?"

"I am part of events."

"You are giving in to impulses."

"I am an impulse. I want chocolate cake, and I have an impulse to eat chocolate cake. What is the problem?"

"There was a point in my life when none of this seemed to matter."

"It all seemed to matter."

"Who ate the cake."

"Was she frustrated?"

"This is a secret club. You have to ask the members. You cannot make it up on your own. It is helping without you. You cannot just say look at it happen. It is happening with or without you."

"Do you know that you have a balance?"

"I am losing my balance."

"The day is losing its balance."

"You need to drive a little further."

"You cannot let this affect you."

I was realizing things about myself. I had a power to affect the world. But I needed

support from others in my endeavors. I needed to surround myself with people who were going to look out for me.

"Some people get arrested for doing stupid things. But there are smart things, and the state seems frustrated with this kind of goodness. So why risk stupid things when smart things are going to get you in hell?"

"He is working with us."

"I come in and tell everyone else that I am different than this."

"I am different than this."

"Clap!"

"Turn over on the other side.":

"This is so good."

"You can join the club."

"I am going to France to teach."

"I want something better in my life."

"I translated all this books."

"Did he write books?"

"He was interested in something more urgent."

"The good fuck."

"The bad fuck."

"You are getting me so fucked up."

"Why bother wanting anything more?"

"I will get to that."

"I can save all of you."

"All the elements are there."

"Be patient."

"I touched you,":

"I can save you all."

"Who is working with you?"

"You should not sit like this."

"I need to solve this for myself."

The book was full of dialogue, because all the book is dialogue.

"What is dialogue?"

"One person says something, and someone else appears to reply!"

"What are you trying to say?"

"I want to do things to protect the state."

"To protect the fish."

"People stop caring."

"One word is going to get you to change you life.":

"I am the fish. I can feed all of you."

"Dear, what do you think of this?"

"You try to redo history with different actors."

"These processes can recur."

"And there are fundamental changes in the conditions of work."

"There is the importance of theory."

"You have only one theory, and it is not a very good one."

"I expect this to be longer than it is. I want to know the reason."

"There is a fabric of social forces. You do not want to think about this."

"What are you afraid of?"

"What are you really afraid of?"

"Let's drink to more sandwiches."

"I cannot understand the chemistry."

"I am watching the destruction. It is too late to go back to the classroom."

"I am giving too much of myself."

I did not want to give any more of myself to these futile puzzles.

"The night manifested itself as a puzzle."

"It always does. You do not recognize the strategy."

"How am I supposed to win?"

"I have given way too much of myself."

"This is not as it was meant to be."

"As it was, as it will be, as it was meant to be."

"I am alive."

I felt as if Steven was sucking all the life from me. I did not want to blame anyone, but blame seemed to be a critical part of my experience.

"Who is putting words into myself?"

"How am I supposed to tolerate this?"

"I have tolerance for this."

I did not realize how my tolerance for one or two things was creating a whole pattern of tolerance. And this only made things more shitty in my experience. How had I been pushed to this state. What pushed me to this state? I wanted to do my job. Not my work, but the task with which I was presented. Steven seemed to suggest that I would become this special person if I just followed along.

"Did you really call her a special person?"

"You know where you want to take this."

"You know what satisfies me."

"I did not know what you were here."

"Where did you get the accessories?"

"I am not going to leave my place."

"Can this happen again?"

"I never heard of this."

"I cannot follow this."

"This is renewal of forgetting."

"Renewal of renewal."

"Do not try to be clever. I am getting ripped apart by the bull shit."

"You have a great costume."

"I have a great costume."

"You could surprise me."

"Get out of the car."

"This is not going to be fair."

"Do not concentrate on yourself. You need to learn from others."

"This is getting too good."

"This is getting too good."

"This is a joke. I want to call him a joke. This is all a joke."

"The people have spoken."

"I like what you have."

"You have nothing."

"Steven, why do you say this?"

"Lexa, you must know."

"I do not even know when I am speaking. When should I speak? Should I be announced?"

"Let the words announce it for you."

"This is the biggest thing."

"This is the second biggest thing."

"This is an all night thing."

"What are the divisors?"

"How do they make us?"

"What do you really want that no one else can want?"

"Farley Jack, Jack Farley. It is all the same."

"What is your real name?"

"I can pay for myself."

"I can give you bank credits, and you can pay for anything."

"What is the last words that we used here?"

"We changed the words. And I had no idea how we changed them."

"I knew what this meant."

"I knew what this meant to me."

"This is too much for me think about."

"I am trying to make a change."

"I paid the cash."

"Who are you? Who do you think that you are."

"Who are you working with?"

This was the explanation what everyone wanted. Where was the room? Who did things begin and end?"

"This is all dog shit."

"This is all dog shit."

"These are people who cannot know."

"These are people who will never know."

"What is a back story? Why do we need back stories? We do what we do. We eat what we eat."

"That makes sense."

"Steven, you are trying to trick me."

I did not want to admit that I was that vulnerable. Steven, has done everything that he could to interfere. He felt that he could speak for me.

"I woke up."

"That is a great beginning."

"How do I get in on this?"

"I cannot make this mean anything."

"The story is evolving."

"All my friends have these job, and they are already bored with their lives. But they are in the trap. What can I do to help them out?"

"How can I help?"

"Everyone is going to get a Lexa."

"A Lexa moment."

"I came dressed for the situation."

"What is this situation?"

"As real as real can be."

"How long do I have to participate in this shit?"

"You walk away from it all."

"I am a responsible person."

"You have a track, and it matching every other part."

"It took too much out of me."

"I was thinking about it. I was thinking all through it."

"I can get more specific. I can describe the stuffed animals in your bed. We can observe what you have to do to have to do."

"Who has what she needs?"

"I see some Farley who is going to work."

"They all did. But how did you work? What did you know? This is the basis for a politics."

"I am willing to defend my right to get fucked up. I am really getting fucked up."

"Does that sound like a good way to do a biography?"

"How do you pay?"

"Through telepathy."

"Telepay."

"No one is going to die on our watch."

"Try me."

"I am ready to do something really silly."

"You have to keep me talking."

"You need to do a special kind of talk."

"You need to be able to back this up."

"I am so guilty for my shit."

"You make me impatient."

"Do I have to listen to anymore of this?"

"When will you realize that this is all shit?"

"We are all losing power. We are losing our minds."

“How can you say that.”
 “Do you have to live with this?”
 “I need someone to get me out of this.”
 “Play cards.”
 “There is a regularity in my life. I need to figure out what it is.”
 “That is science.”
 “The laws of nature.”
 “Science class.”
 “Play your card.”
 “Don’t tell me that this is good. When will you have something intelligent to say.”
 “Where do we start?”
 “When do we get to freedom road?”
 “I will dream about this. I have a lot to say.”
 “Suck it up.”
 “You do not understand.”
 “I can only take so much of this shit.”
 “I do not feel sorry for you.”
 “What is wrong with Steven?”
 “I am laughing at things that should make people feel sad.”
 “They feel smart.”
 “I am going to Paris to study.”
 “I am not going to study.”
 “There was a city.”
 “The virus destroyed all this.”
 “I know who is running this.”
 “This idea is spreading.”
 “You cannot even make this work.”
 “The audience works.”
 “Only a human could!”
 “What is a human, and what are they supposed to know.”
 “You are going down the wrong road.”
 “There is only one road. People try to take you on these detours. It all goes to one place.”
 “Where is that?”
 “I can fix.”
 “I am fixed.”
 “I have no option.”
 “I keep forgetting.”
 “I know where they will ask.”
 “Tell them that you are in the race period.”
 “She got all the grace that she needed.”
 “How does that work?”
 “Someone is doing all the shit work.”

"There will be a machine."

"I am waiting."

"Professor Ding Dong awaits."

"I can help you, Steven."

"That once amused me."

"That is all that amuses me."

"No one will be surprised."

"Professor Ding Dong ascends the podium."

"Write this down."

"I have it committed to memory."

"You have no collateral."

"Let's be honest."

"About what?"

"About emotions."

"Why aren't people honest?"

Lexa needed to tell them all that they were fucking up.

"You can make all this matter."

"The silly stuff can matter for something more serious."

"I am serious about serious."

"What do you have to tell me?"

"If some make it, they all can make it."

"I am going to be late to work tomorrow. I have a lot to think about."

"If we all quit eating hamburgers, the balance would change."

"You could quit eating shit."

"I am what I eat."

Becca told me about all her friends. I figured that I could hang. They were all tolerant, and they all out for fun.

"Mother will bail me out!"

"I am a prisoner. We are all prisoners."

"The girl who cried wolf."

"Are you crying wolf, Lexa?"

"Woof! Woof!"

"What would make you serious?"

"I am deep in the shit/

"You sill not realize that you are unsatisfied. You will realize that you not stimulated."

"Daddy, buy me a dress."

"We cannot always have what we want."

"Is always a single generalizable moment? Or is always a permanent state of now?"

"I am so quaint!"

"This was nothing but a hit and run."

"I like to study. I like to study really hard. And I am studying you."

"They were never really here!"

"Maybe, life could be better."

“Buy me a drink, and it will be wonderful!”
 “Do you think that I am going to like this!”
 “I don’t like any of this.”
 “Drink quicker.”
 “I am so fucked up again.”
 Steven, you promised not do this to me anymore.
 “Please, don’t say anything.”
 “This is so good.”
 “Who spent their time doing this?”
 “Take care of me.”
 “I have been at this too long.”
 “There is an idea. And an absence of an idea. Why do you move towards that absence?”
 “This is the only thing that means anything in my life!”
 “Put on a leash.”
 “I am going to love this through the rest of the story.”
 “There is no story.”
 “I can make you happy.”:
 “How can you do that? You do not think like I do. I am think about the apportionment of my finances.”
 “How is that going to work?”
 “Eat the sandwich!”
 “How many years before she realizes that the guy is a loser?”
 “Maybe never.”
 “That is really disappointing.”
 “Steven, you are not happier than we are.”
 “Correct this!”
 “This does frustrate you.”
 “She loves him, but she is not in love.”
 “I cannot worry about the weather.”
 “When will you be on the mark?”
 “This is going to take so long!”
 “Stay for the end.”
 “I can get you later.”
 “What is that about?”
 “I can love you. Have you ever been truly loved.”
 “Sit down, and shut up!”
 “You have been liberated.”
 “I want to welcome you to the family.”
 “This is a family man.”
 “That is all that mother sees.”
 “I am from tolerant people.”
 “This really drained a lot from me.”
 “This does take time.”

"I need time to think about this."
 "I need prompts."
 "I am not a participant."
 "Do I need to do mouth to mouth."
 "She wants to be dangerous, but she has to be safe."
 "Not you!"
 "You are not in this show!"
 "I cannot go along!"
 "I can figure this out on your own."
 "This is all the same."
 "Do you see how his shirt is? Pull his batteries out. Show it how it is."
 "I do not want to see this."
 "The game has to be worth more than this."
 "This is the next level of I am fucked up."
 "What do you have to protect yourself?"
 "We have been through this before. I have a money market account."
 "I want to get in line."
 "I cannot do this much longer."
 "What have I missed?"
 "Keep the stupidity going."
 "How are you part of this?"
 "We all are."
 "There is too much of all of this."
 "Nothing matters."
 "This matters."
 "You have to know why this is."
 "I have changed my plans."
 "I will not deal with any of this."
 "How does this work?"
 "What makes it frosted?"
 "You are living it, and I am mocking it."
 "There is someone else involved."
 "If it was fictional, what could I give you?"
 "You roll up on yourself."
 "What does this matter?"
 "I cannot entertain."
 "I am going to lose it!"
 "You didn't finish your drink."
 "I don't want to seem as fucked up as I am. I want to show control."
 "You work, but you do not realize that there is a fuck up factor. You have to gain control of that."
 "How is that going to work?"
 "Who wants to take me on?"

"Go face with face with yourself."

"Lexa, this is all you.":

"Steven has a different story."

"In the long darkness of the night, there is total loss of control."

"We are going to that point."

"There will be some other."

"Words mean something."

"Shitty words mean something."

"I love the look."

"No one gets out of here."

"I have walked out."

"I will remember this all night."

"You have calibrated."

"This is the moment to break away. Otherwise, it is more shitty versions of the same old version."

"You did not accede to the warning."

"Who does?"

"I can show you."

"You will all be shown."

"Lexa, what do you see that no one else knows."

"How much would charge?"

"I need this done now."

"I need this kissed now."

"Come to me."

"You are going to destroy me."

"I was destroyed worse than this.":

"You need to exercise care."

"I have been there before."

"Here is the cash."

"I can get this done quickly."

"Cut it out!"

"There is a seeing part. And there is Goldilocks part."

"Everyone witnesses the same thing."

"And you want what everyone else wants."

"I am not here to destroy."

"Because someone else came here to destroy before you."

"This is not as easy as you think."

"These germs will destroy me."

I was here to teach everyone. My teaching was not mental, and it was not physical. I ventured into this new world with a vision to share with others. I groped in darkness. I did not need light. I used my desire to expand my perspective. I was being invited into a wonderful mix of now and forever.

"Steven, I am trying to live like you."

"None of this is working!"

"I am doing homework. I am trying to understand."

"I just keep looking in front of me."

"You are avoiding the real question."

"How much are you willing to spend on a milk shake?"

"A milk shark."

"I will be okay."

"You are shaking me to the core."

"What am I doing wrong?"

"That is one of the few things that I am getting to go good."

Steven sent me to the board. He wanted me to answer his questions. Why would I bother? He was forcing me to live this life. And I was living it for him.

"I will be finished everything that I need to do for you."

"I have worked through this."

She had established this love for the totem.

"I did the artificial thing."

"You only have one desire."

"Are you really here?"

"Tell me, Lexa!"

"I am not really involved."

"How does this work in the real world?"

"The world of physics or the world of work."

"Two trains crash into each other."

"Two ponies race each other."

"What does this have to do with my life?"

"Track these movements."

"It will not be as good as it seems."

"We are already handling billing."

"Who is behind this?"

"That smug look."

"Take it away from me."

"I cannot understand simple ideas."

"I make it work!"

"How long before this is done."

"There is more time than you can imagine."

"Afterwards, what can we imagine."

"You should be alive for this."

"Did I really listen to this?"

"You cannot even move."

He wanted me to help him with an important understanding. I did not think that I could play along

"I got so distracted."

"How long did this continue?"

"I have parts and a machine."
 "Who will pay?"
 "The next machine over."
 "The body is a work of art."
 "A work for the machine to ravage."
 "This is going to keep on."
 "Someone has to pick up all the machines."
 "Give me a percentage."
 "I wish that I could get what I needed."
 "Get a transplant."
 "I cannot explain this."
 "I cannot explain this."
 "Shit, shit, shit, shit!"
 "Who ever understood?"
 "I am afraid."
 "I have all this done"
 "This is my favorite song."
 "What is a song?"
 "There are only words."
 "Go to the next level!"
 "This is an angry rat."
 "These rats are not in cages."
 "There is a guidebook.":
 "Let me explain this to you!"
 "Who really cares?"
 "There is only one thing that is understood."
 "Can you buy the record?"
 "Who are you working for?"
 "The crooks."
 "This guy should be ashamed."
 "I want to see the product."
 "You are worse than a clown."
 "This is smoke and mirrors."
 She married a banker.
 "He is a magician."
 "You are interrupting."
 "How does this work?"
 "There is one real version, and one fake version."
 "Two sets of books."
 "I fell for the body."
 "Shit dog, there is no way out of here."
 "When we are done?"
 "What about Hope? What about Kiara? What about Zelda?"

“It is all the now. This is the question. Lexa, can you be all of these people and more?”
 “We have already got partners for the dance.”
 “Why are you giving us automated bull shit?”
 “Something is really fucked up.”
 “I can show you where to get the wine.”
 “How are you different?”
 “I read the other book.”
 “So did all the others fucks. How to fuck a fuck and not appear to be a dumb fucking fuck.”
 “They are not listening to you, Lexa.”
 “Bug off. I have nothing to say.”
 “Hope, do you want to field this question.”
 “Too confusing.”
 “You did not take the subject.”
 “This is where all the power comes from.”
 “The power to burn.”
 “Hold me close.”
 “I could tell you about a bride who loves humiliation.”
 “We can get the gown cleaned.”
 “I am not going in the same direction.”
 “Who is?”
 “We need to talk!”
 “You sound like the cops.”
 “We need to talk.”
 “I cannot keep saying the same thing.”
 “Fuck it all.”
 “I am fucking Farley.”
 “Farley is fucking falling.”
 “On you knees.”
 “What is this about?”
 “This is the version that we never did.”
 “Becca, it is your turn,”
 “Am I in the book?”
 “Only if you accept a non-elevated heart rate.”
 “I am in a race.”
 “I am training.”
 “I am swimming across the Atlantic Ocean.”
 “I am wrestling a shark.”
 “We need to us radar.”
 “This is not a real shark. It is disrupting our fun.”
 “I was accepting more.”
 “I can go many places with him.”
 “I cannot bother with any of this.”

"I have to miss two days."

"I do not think that I can go along."

"This is one that I do not want to miss."

"This is everything for my life."

"I do it like you."

"Wake me up dear!"

"What is this about?"

"You do not understand where this came from?"

"I am the emerging being."

"I am slipping back into my nature."

"I am the emerging being."

"I am living the shadow."

"This was going to be my gift."

"I need a complete version."

"There are things left out."

"Lexa, you are going to have to teach this class after all."

"Not this again!"

"We have to submit."

"Are you willing to surrender to the empire of the sense?"

"There is something else."

"You really learn how to turn it on and off."

"Be real with me."

"Get all your shit out of my head."

"Do I have to stop it now?"

"It has been stopped for you."

I realized how I was being mistreated. Then I saw a pattern. I welcomed the chance to organize. I wanted to get involved. I wanted to do something.

"We need to take something over."

"That is coming."

"Why is that necessary?"

"They have tried to take over the world from us."

"They are not going to dare take this to the courts."

"There is a court of public opinion."

"He stared down his enemy."

"They are not really enemies."

"How long should this continue?"

"I need someone to follow this with me."

"This is different."

"My time has been coming!"

"This is how it feels."

"Where does this go?"

"That is not going to work."

"I understand how this works."

"I am going to take an interest payment out in the flesh."

"That is how it really happens."

"You cannot declare it."

"Tina Tina Tyner Lena Wiener Weiner Weiner Weiner Weiner Weiner Wiener Whine Her I will find wiener liner cancerous and liner I will find her Addison liner I will Pattison liner I will find her feeder wire the inner liner pencil us in Whine Her I will find her."

"When did Kiara become Lexa? When did Alexa become Becca? When did Becca become Ally? When did Ally become Leda? When did Leda become Anise? When did Annise become Stella? When did Stella become Jeanne? When did Jeanne become Beth? When did Beth become Lexa? When did Lexa become Persephone? When did Persephone become Carson? When did Carson become Carmen? When did Carmen become Hope? When did Hope become Lexa? When did Steven become Leo? When did Leo become Leon? When did Leon become Random? When did Random become Farley? When did Farley become Jack? When did Jack become Steven?"

"If you touch a hair on her head, you were going to die. What happened to me? Lexa asked, what happened to me? Ratman is seeking revenge; we are seeking revenge. Where is baby Joy? Where is Lucy? Where is Georgia?"

"They are coming for you."

"Do you have any idea what you are doing, and who you are doing it for?"

"This is a search. I scan the room for a sure Jack or a maybe Farley."

"And what happens next?"

"I zero in. I give everything that I have. I ask him to pay for my fare."

"And what next?"

"I steal his shorts. He tells me that he will not give me what I need him to give me."

"When did Kiara become Lexa?"

"I can't figure out why this is happening here."

"Lexa, you need to tell us."

"I have a book of thrills."

"I am reading the book of thrills."

"I want to give you the book of thrills."

"Gather around!"

"These are not people who you can trust."

"What is the Lunar Awakening?"

"It is a book-length project that informs you about the secret meaning in your life."

"I wake up, and go to work."

"Why this place? Why this dream? Why this job?"

"You do something that makes you think that you can escape the same old shit, and you get tossed right back where you have always been."

"Can I interest you in an ice-cream drink?"

"I know how this works."

"You are one of us."

"I always felt that way."

"Before the shadow girls, I had my own explanation."

“What kind of explanation?”

“The explanation of no explanation.”

“I had something that made me higher than I was.”

“This is a question of my heart rate.”

“I feel flushed.”

“One kiss will do that for you.”

“Steven, don’t do that to me.”

“And what do you have.”

“I have deep roots.”

“I have real dep roots.”

“There are no roots here.”

“You are trying to imply cause where there is none. This is all about the now of now.”

“I have more guests.”

“I have a list.”

“Kiara has prepared a barbecue.”

“Do not accuse me of things.”

“There is an enemies’ list and a barbecue list.”

“You can see the history happening from you deck.”

“I do not want to think of myself in that way.”

“I am locked in here.”

“I am tightly locked in here.”

“I do not want to think about the terrible things that could happen to me.”

“The meat could be overcooked.

“Lexa, do you want a steak?”

“I want whatever is available.”

“The syndrome has been dispelled.”

“I do not understand this identification.”

“We are going around one more time.”

“There are so many characteristics to identity that we are not seeing.”

“I told him that he needed to give something to me, and I would oblige.”

“These are all versions of satisfaction.”

“There are accomplishments.”

“The lack of accomplishments.”

Lexa studied the enemies’ list. How could a list apportion detriment?

“Kiara, what have you been up to.”

“This will not be detrimental to a free way of life. The only people who have anything to worry about surveillance are criminals.”

“What is this? A surveillance party.”

“There is a more concerted effort to apply the same principles. You go face-to-face with your enemies.”

“You shoot to kill.”

“At least, Kiara gives you a running start.”

“I love this application of the idea of freedom.”

"We have to protect what we have."

"We are so ironic. Are they?"

"They take everything so literally. We can have a list without there being actual enemies."

"You don't have to eat the barbecue. We have some tasty veggie alternatives."

"I don't want to see my food walking away."

"What is your greatest fear?"

"Admitting that I can't stand the guy who I live with. But I am afraid to say something that self-effacing."

"What do you mean?"

"I have lived my whole life for this. I accept all this shit."

"Lexa, you are lucky. You are young. You do not have to become like this!"

"It is pretty well inevitable. There is always Tom."

"There is always some Tom."

"I am hoping for a reward."

"Lexa, you have taken everything for yourself."

"I did want a dessert choice."

"Someone ate all the dessert."

"I admit that it was me."

"There is always a guilty one."

"We are all guilty in our own way."

"Lexa, I am overjoyed to have you interacting with us. I thought that you might find us a bit stuffy."

"Are you trying to recruit me?"

"We are a lot alike."

"We are. We are indeed."

"Do we really have a story?"

"Christine, what would you say?"

"Every one wants something in an incredible way."

"This is truly astounding."

"I have projects."

"I have a great career. I am stellar."

"I make great fries."

"We each do our thing."

"We also do things that we should not do."

"Think about it as you wake up in the morning."

"What are the rules here?"

"Everything that goes up must come down?"

"What are we looking at?"

"You believe that something is more incredible than it is."

"We are really in a different sort of battle."

"I need to know what is happening between us."

"This is not a book about affection."

"You lose the affection, and you start to wonder who you are."

"I wish that it was that story."

"I worked all the way to this point. And you pull the rug from under me."

"And what does this mean?"

"What really makes a difference is what goes on in the classroom."

"Some people remember what it used to be like."

"I am self-made."

"It eventually turns into self-hate."

Lexa comments, "I have been listening to all you people describe your great lives. And it makes me wonder what I should be doing. I have dreams. I have a job."

"You are starting to radicalize."

"What can that possibly mean?"

"Keep it close to the vest."

"This could be my life."

"All this is happening so suddenly."

"What does it mean to radicalize?"

"That you have to make assertive steps to change the world."

"Are you member of a cult?"

"How do you like it?"

"What is the difference between radicalization and conspiracy theory?"

"Let me tell you, Lexa. All of us here have had a wild stage. But we are not wild people. We understand the law. And we are loyal to the basic principles of our government. This includes going along with the forces that protect our prosperity."

"I didn't think that it worked that way. As long as you don't look outside your inner circle."

"I am outside."

"We don't mean you. You look like one of us."

"There has always been a handshake that seemed to bring us all together."

"I am going to steal something that you have."

"Can I borrow one thing?"

"Can I keep what I borrow?"

"You must return the cup of sugar. We are trying to maintain values."

"This protects jobs."

"Of course it does. You clearly have an understanding of short term economic principles."

"The prosperity principle."

"We could get in more detail."

"The Director knows a whole lot of shit."

"I guess that is why he is the director."

"It has worked that way up to this point."

"What got you here?"

"I have a permit."

"I have a license."

"I have a certificate."

"The Director recommended me."

"He appointed us all."

"Not me."

"Congress approves."

"Advise and dissent."

"Some of this stuff is so secret."

"The secret recipe."

"Everyone here has a secret recipe."

"It never bothers me."

"I do not let it affect me."

"I can relate!"

"Wait until dessert."

"What are you waiting for Lexa?"

"I do not belong here."

"None of us do. I don't know why we are here."

"What is our life about?"

"We all have great recipes."

"This relates to how we see the world."

"I do not want to be on display."

"We all get tipsy. And we say a lot of shit. None of it matters. You could be one of us."

Whatever Steven thinks, our lives are not that complex. We respond to our basic impulses."

"I do not like what I am seeing."

"I do not know what I am seeing."

"I would like to see it differently."

"I am seeing it differently."

"At any moment, each of us could feel out of place."

"There is no real explanation for acting or feeling like this."

"We have learned to let go of our anxiety."

"That is part of our partnership."

"Are you all still working?"

Kiara admits, "We wish. As it is, we get upset about silly things. And those things build up over time. We find a therapist who can help us to express it in a fancy way. But there is nothing fancy about it."

"Are you all fading a little every day?"

Lexa could not admit that she was part of this get-together. What had inspired that memory. It seemed more real than things in her life."

"Steven, why are you doing this to me?"

"I have nothing to do with this. If you are heading in that direction, that is your own doing."

"I really have no idea where I am going. But I think that I understand something a little more urgent than Becca."

"Have you ever wanted the same guy?"

“Do we really want the same reality? I got my degree. I made things right for me.”

“What is bothering you?”

“I know what this is saying.”

“Kiara started admiring these guys who were defending her way of life. There stopped being anything that admirable. It was all about the defense. And they had no idea what they were defending.”

“What are you defending?”

“I can hold my breath for five minutes.”

“Very good. Your tolerance for bull shit is infinitely more extreme than that.”

“I do not want to be insulted.”

“No one is insulted here.”

“Who is eating what?”

“What is eating you?”

“The bull shit.”

“Serve the barbecue.”

“Nothing matter for very long here.”

“How is this managing?”

“I was three.”

“Admit that you were there.”

“I cannot manage this.”

“I have a vested interest.”

“We lived in multiple realities.”

“Explain this.”

“Different souls on different planets.”

“And then the tomfoolery ends.”

“Yes, it does.”

“This takes longer than you think.”

“He transpired.”

“There is none guest at the party who should not be here.”

“Lexa, admit it.”

“Lexa is one of this.”

“This is where it gets difficult.”

“Kiara has everything that she wants.”

“Yeah, I am the one.”

“I cannot give that much of myself to all of this.”

“To all of this.”

“I am paying close attention.”

“Yes, you are.”

“There is method.”

“Is this some kind of reality show?”

“What does that mean?”

“There is an imposter among the group. And they have to figure out who it is.”

“This could get interesting.”

“If they are going to figure out who it is, then they all have to admit to being part of the group.”

“Lexa, this could be your family.”

“I see what I am missing.”

“I see.”

“I see what I am not missing.”

“I think that I see.”

“Steven, there is so much that I need to explain to you.”

“Kiara, you have nothing to explain. You are totally at home. You can load barbecue sauce on the ribs. Let it cook well.”

“I don’t eat ribs.”

“It is all the same. Walter does.”

“Who is Walter?”

“This is an explanation of investment strategies.”

“I cannot look at any of this.”

“I am not communicating well with myself.”

“What does that mean?”

“Are you going to do another round.”

“I will have what you are having.”

“What will they have?”

“This is the anniversary of your destruction.”

“I am already not here.”

“None of us are here.”

“Lexa, you must have something to say.”

“Steven, I do not see how this could be mythic.”

“I do not see at all.”

“This could be a story about you.”

“How do you see it?”

“What do you share?”

“You need a Walter.”

“Walter, how do you want to share.”

“This is going to be the most important thing in my life.”

“You have to empower the people with the people.”

“Your memory is going to destroy you.”

“There are wonderful variations.”

“This is a way of surviving.”

“This cannot go on like this.”

“Scoop out any emotions that mean anything.”

“This is like breeding fruit flies.”

“Who got you here?”

“I want to know what qualifies for a real emotion.”

“I got so fucked up that I forgot which emotion was supposed to be important to me.”

“Is this the Georgia effect?”

“I am too young to be like her.”
 “You will remember how good this is.”
 “None of it is good for much of anything. No one can get much good at anything.”
 “I cannot even look at any of this.”
 “That is how I learn history.”
 “I mock you.”
 “I make notes.”
 “I am the story.”
 “What you gave to her, and what you gave to me.”
 “Georgia had the perfect marriage.”
 “I know that I do. And I am hating it all the time.”
 “We are all vulnerable.”
 “We are all terrible at what we do.”
 “Who isn’t?”
 “I am going to need to copy your words to get me out of this.”
 “No one gets out of here.”
 “What about the culprit game?”
 “I invited you in my house, and you steal my jewels.”
 “I missed that episode.”
 “Don’t you have anything better to do?”
 “If I had better friends, I would be doing some really good stuff.”
 “How does that work?”
 “I would be here to change the world.”
 “There is this impenetrable wall. And you start to learn that it is there. And all the things
 that keep it just like that.”
 “I am educated to solve this problem.”
 “You cannot eliminate the humans.”
 “You gave too much of yourself.”
 “Buy into the show before you buy into the show.”
 “What is the entry fee?”
 “You tell me what you are hiding.”
 “None of us are hiding!”
 “What do you want to see?”
 “A contest.”
 “A showing as is.”
 “We will be back.”
 “Take the shot.”
 “Where does this come from?”
 “We deprive others of what they need to survive. Then they survive on nothing.”
 “You did not even notice.”
 “This is more serious than it could ever be.”
 “I am betting on this.”
 “How does that work?”

“What are you willing to bet on?”
 “Kiara, what are you willing to bet on.”
 “I am letting it all ride.”
 “When push came to shove, you took not risks. And what was the result.”
 “I am saving it all for dessert.”
 “You are going to be exposed before dessert.”
 “Who is still at the table.”
 “Walter and Tom are not leaving.”
 “We get what we want to get.”
 “It is still early.”
 “We could review your file.”
 “The Director is not here.”
 “This is a changing of the guard.”
 “The Director understands everything that is happening here. He might as well be making the rules.”
 “What do you want to say?”
 “It didn’t turn out right.”
 “What do you not want to talk about?”
 “There are too many risks on the journey.”
 “I do not want to leave the room.”
 “This is getting too close to me.”
 “I am a little oblivious.”
 “You work at something for a while, and you consider yourself an expert.”
 “You become an expert.”
 “This is a science.”
 “There are things that you see. And there are forces that explain why the things are involved in just that way.”
 “Who told you to like that?”
 “Are you working in concert?”
 “I am going to leave now. I can only take so much intrigue.”
 “Do I have to watch this any longer?”
 “You said that you were leaving.”
 “Who is really leaving?”
 “You are making really big bets.”
 “Tell me about it, Kiara.”
 “Bet your memories. Bet your affections. Bet the house.”
 “I am not going to stay for this.”
 “How is your heart doing?”
 “How is your heart doing?”
 “How is your heart doing?”
 “You make a big deal about a big deal of nothing.”
 “Where is the tin foil?”
 “What are you asking?”

“I do not even use words to express it.”
 “You think that I am just going to go along with your not going along.”
 “Is that a threat?”
 “Take it for what it is!”
 “We have shifted the balance. You were leveraging your suffering. And now you are threatening with the big hurt.”
 “This is how I live.”
 “We are not all so devil make care.”
 “I cannot join in or play along. I am in the middle of something very serious.”
 “None of this is arriving at the destination.”
 “I cannot look at this for very long.”
 “What is going on?”
 “I am trying to decide if I am a shadow girl.”
 “These are stages of proficiency.”
 “There is no proficiency. It is all manifest.”
 “There is a contest.”
 “Among manifestations.”
 “The surpassing.”
 “And the return.”
 “You want the perfect wave.”
 “How can you hear in deep space? There is no vibration of hte air.”
 “These are two versions of the same thing.”
 “These are things that I cannot care about.”
 “I am running faster than myself.”
 “It will all run out.”
 “It is all paid.”
 “Get to me.”
 “No one can get to me.”
 “None of these variations will make a difference.”
 “You are going to have to reach for this.”
 “I have arrived.”
 “I work at this.”
 “There are various stages of here and now.”
 “Which one am I in?”
 “I am in none of them.”
 “Are you bitter?”
 “I cannot think about any of this.”
 “Is that what I want to do?”
 “We have sucked out any sense of pleasure.”
 “Are you kidding?”
 “Are we being punished with this shit?”
 “We are going to take away something that might make a difference to your well being.”
 “What do you really know about?”

“What do you really know about?”
 “Have you thought this through?”
 “This is the difficulty. There are procedures. There are radical procedures that take into account procedures. But what is this? This is half-baked. And it is not going to make the oven.”
 “We are not using the oven. It is too hot here?”
 “Do not tap. Do not touch. It is not that serious.”
 “What are you asking me?”
 “I want to understand the system.”
 “I want to understand the understanding.”
 “I only want a piece of lemon chiffon cake.”
 “What is your problem?”
 “Where do you want me to start?”
 “Who is helping you this time?”
 “Isn’t there something that you might find more exciting?”
 “The boiling in oil.”
 “Peanuts.”
 “I have given all that away.”
 “I have a future that I like.”
 “I do not have time for this.”
 “The transformation is much more fluid.”
 “You are a fucking mess.”
 “Put that shit on a plate, and show a little more couth.”
 “Why do I have to listen to you?”
 “Don’t!”
 “What would you do?”
 “I would walk away?”
 “I have not quit. You have quit me.”
 “Where does that come from?”
 “I want something more to look at.”
 “And what would that be?”
 “I would reverse all the values.”
 “You have your guest list. Now, serve all the appetizers.”
 “What is this stuff in a bag.”
 “These are things which are too dangerous to let out.”
 “The bus is waiting.”
 “Why are they holding us on the bus?”
 “I am not looking forward to hearing about detrimental social habits.”
 “I will look at this.”
 “Then he is going to strip the mask.”
 “You have no idea what is going on?”
 “What are you protecting?”
 “The dinner menu.”
 “There is not much of a menu. This is a barbecue.”

"Kiara, how have we become hostage to our habit."

"We have come this far only to admit something so basic."

"You are close to something that you want."

"You are looking at me, and you wonder why do I deserve a car like this. You are looking down on me. How do I deserve a house like this? You think that I am some kind of lowlife."

"I am looking at the raindrops falling on your window."

"He has an explanation."

"What are you going to say about all the things that I do here?"

"I work on a potato farm."

"Do you plant and harvest?"

"These are very good questions."

"They are changing the terms of participation."

"One person here is a potato farmer."

"I am not the farmer. I do the work."

"This is not favorable to my well being."

"You accept what you have to do."

"Where does that come from?"

"I have another destination."

"Someone steps out from the pact."

"That is a key portrayal."

"What can you do that we need?"

"I am trying to upset the way that we run things here."

"Did the Director put you up to this?"

"We do not have to accept the hierarchy."

"It may correspond to something deep inside of us."

"I am going to love this more than you know."

"One person is running the show. And the rest follow."

"Why didn't the Director accept the invitation?"

"He is very afraid of an attempt on his life."

"Does someone want to scare him?"

"Someone is scaring him."

"He does not understand much of anything."

Kiara felt as if she was running an important operation.

"You have to create a strong image of yourself to survive in the organization."

"ID was different. They were trying to resist a high level of scrutiny."

"She really believes that she has important ideas."

"Get a law degree, and I can assure your advancement."

"Where is this coming from?"

"He can move millions around."

"Where is the collateral?"

"He creates it as he move it."

"A big fish in a small pond."

“He won’t look so big when he heads out into the ocean.”

“The Director has stocked the ocean.”

“What does that mean?”

“He creates these petty rivaries. It makes him think that he is more successful at his job.”

“Kiara is completely loyal.”

“Of course, she is.”

“Walter is pulling her strings.”

“Or Tom.”

“It is ironic how readily someone will acquiesce so easily.”

“What do you know?”

“The worst kind of failure is when someone keeps telling you that this is the way to success.”

“You have to trust someone.”

“That is how it works here. You hook in with the one person who is going to help you advance. And that is not sufficient. So you need to find the right moment to change course.”

“Kiara, you are excellent at that?”

“I am glad that I don’t have to worry about much of this shit anymore.”

“This is now cultural.”

“What does that mean? That is entirely too abstract for me.”

“This as a secret organization. Now, it is almost a universally accepted way of life.”

“That is something truly frightening to contemplate.”

“The Director was always so good at explaining himself. But he would change what he was saying every time.”

“This is really over my head.”

“No one ever understands.”

“Who cast you out?”

“Is that how the operation works?”

“I have arrived.”

“You have to learn the structure.”

“You are interfering with my ability to do my job.”

“How did that happen?”

“I don’t think that I am very good at explaining this.”

“You were a member of a cult.”

“It was more complex than that.”

“An advanced science club.”

“He might as well have ben working for a government agency.”

“Do you feel nervous?”

“We can regress you!”

“These habits will no longer be habits.”

“You have no real understanding.”

“I am not looking for some kind of mind control.”

“This could be more perfect.”

"Lexa, how did you get lost in these rivalries."

"I think that I became too overwhelmed by this system of punishment and reward."

"You were not like that with the kids."

"How would you work with a Lunar Awakening?"

"I have accommodated myself to the role that I am playing"

"Do you know what the exact term is?"

"The imagination."

"We have a long way to go!"

"We will have to end it prematurely."

"You have none of the things that you really need."

"Such as?"

"A flash light."

"I am getting it sent to me."

"I am hardly concerned!"

"Give me that flash light now."

"What are you asking me?"

"Why are you wasting my time?"

"I have a lot to contribute."

notes. **"This is something that I have thought about for a long time. I have been reading your And I think that I know what this is all about. I could really do it on my own."**

"You are infinitely good at getting this done."

"These may be things that you do not spend much time thinking about."

"How did you get so good at this?"

"I thread things together."

"I thought that I had cleaned all that up."

"I did not even bother."

"Are you focused?"

"This cannot be planned for."

"They showed me a plan."

"And how did you fit?"

"I did not fit. I felt forced."

"What the fuck!"

"Lexa, you are going to think about this for a while."

"Was it something that I should have eaten?"

"Lexa, are you grasping this."

"I cannot see it like you."

"What first got you thinking like that?"

"I am an entertainer for now and forever. I give, and I get back. I cannot see the world like this."

"This needs to stop."

"There is nothing to stop. I am not trying to control my life. I am not a prize puppy. I enjoy myself, and that all that matters."

"You are not always enjoying."

"What goes on after this?"

“You only see what you want.”
 “I can only see something that I don’t know on the basis of what I do know.”
 “There is only one step that matters. There is a shadow. You have to step into tht breach
 and get to know your shadow.”
 “How does that work?”
 “That is a philosophy in itself.”
 “He never really liked you,?”
 “I liked what he liked.”
 “There is only thing that matters in the shadow. You have to learn how to forget.”
 “This is a whole system. The order of the universe. You cannot forget.”
 “Push it further.”
 “What do you know?”
 “It is all by chance. Opportunity by chance.”
 “This is all that I want to know. This is all that I can know.”
 “This tear in the fabric.”
 “The tear is getting deeper.”
 “You have it all here.”
 “The manifestation of the manifestation.”
 “How does that work?”
 “The fire burns brighter.”
 “I am the fire.”
 “You are all amazing.”:
 “Then it burns out.”
 “That is where we are now.”
 “Make substitutes.”
 “How do you want to do it?”
 “Fa fa la la, I have no idea how this is supposed to look.”
 “It looks as you want to see it.”
 “All now.”
 “Therefore, it is never now. It is always partial.”
 “I get it.”
 “I get it.”
 “What can you do?”
 “I am making it all in motion.”
 “Lexa, do you have a shadow.”
 “I have something of the now?”
 “There is too much affection in the moment.”
 “What do I want to see?”
 “I have failed here.”
 “There is no contest, Lexa.”
 “This is all contest.”
 “I am already beyond that.”
 “You want to know.”

"He knows."
 "Can I watch?"
 "Steven, you see it all, and it creeps me out."
 "There is a lot more revealing to go!"
 "What is that about?"
 "You will figure it out."
 "Can I?"
 "There is so much shit here."
 "You would need a rhyme. Just a phrase that would make you a little more than wonderful."
 "Steven, I cannot even follow it that far into that far into that far."
 "I have it now."
 "I have it now. I am so far out of it."
 "I am with you."
 "What do you want to show me?"
 "The contours that hold it all together. If you get out, it all come back."
 "I am spoken for."
 "*Lexa, can you surpass yourself.*"
 "*I need to rest.*"
 "*I am not involved.*"
 "*All these connections have failed.*"
 "What are you doing?"
 "I am in some minor problems with the law. I got caught dealing bad checks. So I made this deal with my lawyer."
 "What are you asking me?"
 "You know what I am asking."
 "I cannot give you an alibi."
 "Where is this coming from?"
 "I want to play along."
 "I am all shadow."
 "How does that work?"
 "Have you ever had a shadow?"
 "We all have a shadow."
 "That is not what I am talking about."
 "You start to do really stupid things. And you have no idea why. You do and do and do. And you have no idea why."
 "You get out of control."
 "I can get clean."
 "Where does this come from? Once you know the shadow, you cannot get clean. You are always chasing the dragon."
 "What are you going to do when you make it back home?"
 "You can peel it off."
 "You can scrape it off."

“You can just burn it off.”
 “What is being done to you?”
 “The shadow is beyond this.”
 “How does that work?”
 “What are you trying to do to me? I never knew that there was anything like that in
 me.”
 “And what do you know, Lexa.”
 “Why do you do bad things?”
 “You have to count.”
 “You can never take the last piece of pizza.”
 “That is not an ethical principle.”
 “This is somewhere in the middle.”
 “You might as well be a cop.”
 “That is the only thing that Kiara seems to care about.”
 “She don’t mind a little discipline.”
 “Close your eyes, and make it happen.”
 “I understand another part to this.”
 “Simple words.”
 “This is a transaction.”
 “You are being timed!”
 “This is deep!”
 “I saw none of this.”
 “The shadow twists into itself.”
 “This needs to be the point of awakening.”
 “I have no idea what you are talking about.”
 “This has happened to me.”
 “Things are a little more immediate for me.”
 “How many books could you write about this?”
 “One big law book.”
 “What would prompt them to want to search us?”
 “You have no idea.”
 “I am working for a deeper principle.”
 “*You never read our rights.*”
 “*You think that you are going to get a judge to let you off around here. You are so
 fucked up.*”
 “*I do not understand the balances.*”
 “*Eat all your breakfast.*”
 “*I did not get anything to eat in there.*”
 “*They threw me a bag of Fritos.*”
 “*That was supposed to be some kind of justice.*”
 “*Time for the clean up.*”
 “*Some things cannot be made clean.*”
 “*This book is about decay.*”
 “*I got you out.*”

"How long do I have to watch this?"
"I am going in for this."
"Now, that I got you out, sin no more."
"I do not want to hear this."
"Who is the center?"
"You really fucked up."
"My mom got us a good lawyer. And he paid the judge."
"You should have paid the cop."
"Look into my eyes. I am going to need help."
"I can help everyone."
"Are you the prison chaplain?"
"I am in here more than anyone else."
"What does that mean?"
"I do not want you to be out on your own."
"I am not looking for a baby-sitter. I do not thing wrong."
"This is what happens to all of us. We are seeking someone to watch us all the time."
"You could be a paid audience."
"This is not audience. You only start fucking up at this point."
"There is sharing."
"I am trading up."
"I want my part of society."
"We are all bike riders."
"Where are you riding to?"
"The ends of the world."
"There are some things that will never be forgiven."
"That is called character. That is how you survive being yourself."
"I want more ideas!"
"Who are you going to intimidate?"
"You!"
"I have a shadow."
"The only way to battle your nemesis is by taking on whomever is around at the moment."
"Do you like this?"
"This is a complete now!"
"Lexa, this story has exploded in you."
"There was no way to keep track."
"You need to step back."
"Steven, I am not like you."
"I am getting distracted!"
"I saw none of this."
"Do not enjoy it too much!"
"Who is keeping track?"
"It is not a straight linear connection. Something is a little twisted."
"There is another Georgia moment."

"Do I need to see someone?"
"Are you writing about me?"
"I am writing about someone who was sitting where you are now sitting."
"The shadow girl or the girl of the shadow."
"More bull shit of bull shit."
"How much of myself do I have to give to this?"
"I am not a relationship adviser."
"This is not a relationship."
"Your lawyer is going to end up costing you so much."
"Who tolerates this shit?"
"Who tolerates this shit?"
"This is a fair trade."
"He is going to want to see the equations."
"This is not meant to balance."
"I have figured out how to get the rat to talk."
"I want you to get Lexa to talk about things in a different way."
"You are going to have to send her into space."
"I have the tranforms."
"Steven, I do not want to submit to your experiment."
"This is going to be good!"
"This is a terrible way to end this."
"I need you to sign all the contracts."
"I am falling away."
"You need to explain this with more coherence."
"It is all in Lexa's brain. I need to get it out."
"Steven, quit fucking with me."
"Rain, maybe you can help me with what I need."
"Steven, you are getting no closer to anything."
"Rain, you have to understand the system."
"Chloe showed me the work."
"It is a scattering of particles."
"It is a scattering of your love!"
"I have no love to give."
"Go back to the brides."
"Nera is all of that and more."
"Lexa, how can you surpass that energy level."
"You know what heat means to the human consciousness."
"I am destroying myself."
"The brain is being overheated."
"There is a substance within."
"Lexa, Hope, and Kiara think that they have found it."
"It is eating them away from the inside."
"Don't describe it like that."
"You can take care of it all at home."

"I am ready to get in the capsule."

"You cannot manipulate people like that."

"Christine, she has already crossed over. I am trying to bring her back."

"You cannot reverse the values."

"We are so far from connecting."

"You have to skim along the shadow."

"There are five books that you need to read."

"There is no reading here."

"The body gives a solution."

"That cannot be the right body."

"Where is this headed?"

Lexa needed to sleep.

"If she sleeps now, we are going to lose all the work that we have done. You cannot let her sleep."

"I have been mixed and diced and broken up. Where am I going?"

"I want a solution."

"Steven, let me be!"

"I am floating off in space."

"Take me with you."

"You have gone too many spaces."

"I have found the totem."

"You all have."

"How could she be doing so well?"

"I am giving out."

"I could do it so much better."

"Another Lexa!"

"Ally."

"You have to do it through the now. You have to make it through contact."

"Skin to skin."

"You need to bypass."

"I need to sleep."

"I told you that she cannot sleep. She is not the one."

"What about the three Wise Men."

"They are still working with integers."

"You have to map it back to integers."

"Pick me!"

"We are so far beyond this."

"I have my own automaton."

"I want a mix."

"A brain mix."

"All consumed."

"I am not going to eat the rat!"

"We are living off of the rat."

"This is going to make my heart race."
"You have to concentrate. It is not the body."
"The juice."
"Don't tell me that he is working it."
"Khalif."
"The body is the equation."
"That is Lexa's belief."
"You are destroying yourself."
"This needs to be finished before it get started again."
"You cannot do that here."
"You make your own rules."
"You cannot do that."
"Without rules."
"I am floating on my own."
"Who is burning the midnight oil?"
"You need to keep that going."
"I cannot share this."
"This is beyond sharing."
"No one can get there on her own."
"Rain, how can I stop myself."
"Steven, she is not a bride."
"I am ready to surpass."
"How could you rely on Steven?"
"What about the Farley equation?"
"What is greater than greater? Take all the greatest, and spit it out."
"Why are you not great?"
"I want to forget."
"She is powered by the alligator."
"How can this work like this?"
"We have found total control."
"You know how Jupiter is going to use this."
"Juno will set you free."
"This is not supposed to be like this."
"They have set up a separate state."
"They are trying to use these waves to suck all the resources away."
"No island force can do this."
"Do you hurt?"
"Wake up, Lexa."
"I have the motion."
"Rain, what can you give me."
"I can give it all to you. But I really can't. I am the new Empress."
"Did she calibrate all those states?"
"She is jack, jack, and jacked."

“You will help me cross over, but you cannot come with me.”
 “Steven, do not do this.”
 “Why do you think that you are more than Lexa?”
 “Why are all of you so forlorn?”
 “I am coming at it from another direction.”
 “If I solve it, I will be the Empress. They will want what I cannot give.”
 “I did a match.”
 “I found Rain TWO.”
 “I do not have a shadow.”
 “You live off a shadow.”
 “I want to be explosive.”
 “I am spreading out.”
 “I am beyond this RAIN.”
 “The RAIN IS EVERYWHERE!”
 “Do you know what this means?”
 “You want all JACK!”
 “JACK WILL WIN.”
 “We have to go infinitely small.”
 “Rain is already there.”
 “I have my own ideas.”
 “This is my wave., Steven. I am everywhere. This is my wave. I am everywhere.”
 “I have found what is beyond. I am peeling off your shadow.”
 “Rain, you have been behind all of this.”
 “Steven, she is going to fuck you up. She will turn you back to Persephone. That is your moral downgrade.”
 “Shift me out of here.”
 “You cannot be two places at once.”
 “I am pursued by two Rains.”
 “They are reproducing.”
 “I can make you feel real.”
 “That is never enough.”
 “I want to be cared for.”
 “What do I not know?”
 “I want to be everywhere.”
 “The radiation has broken you down.”
 “It is something else.”
 “That same wave.”
 “This is dead energy.”
 “I need to project.”
 “Lexa, wake up.”
 “I need to sleep.”
 “Kiara and the ID are here. They are sending a massive wave.”
 “Do not let it affect you.”

“This is not about you.”

“What about Walter?”

“He knows nothing.”

“Walter, Walter, Walter!”

“Another Jack.”

“Project out.”

“I am all done!”

“On your knees.”

“Here comes the flash!”

“Survive!”

“I am Steven Fisher. I am the writer.”
